THE METROPOLITAN SPIRITUAL CHURCH
Twenty-Sixth and Lake

Rev. Johnson preached to us last Sunday on "A Living Soul." Many new thoughts were received from the lesson. There were quite a few visitors out to Sunday School, under the direction of Sister Arnold.

The old fashion covenant meeting at 3 o'clock was full of fire. The testifying part of the service was conducted by the assistant pastor, Rev. Carter.

At the evening service the pastor used for his subject "Faith." Everyone welcome to our church.

Inadequate Number Of Teachers For Texas Children

Austin, Tex., Dec. 7—(CNA) Local Negro schools have never received the proportionate benefits given white schools of this city.

For years, the Negro children of the Texas capital were taught in ill-heated, poorly ventilated shacks that were literally civic disgraces. Because the Negro school program has never kept pace with the growing Negro population, facilities for education are more taxed than ever before.

The main building of the Gregory school was constructed in 1900. This school is located in Austin's most thickly settled Negro community. There are now over fifty pupils per teacher.

OLD SHACKS

Three of the faculty conduct half-day sessions; another teacher goes to a separate room for each one of her classes. Since the original construction of the school, only six frame rooms have been added to the main building.

The enrollment of the Rosewood school increased from 64 in 1931 to 202 in 1935. The old Wheatville school building, in a dilapidated condition itself, was moved across town and annexed to the Rosewood school structure.

Another old shack, located on public school property, was transported to provide a third room. The complete result is a makeshift building that is an insult to the Negro residents of Austin.

ONE HIGH SCHOOL

There is only one Negro high school in the city, although the parents of the students live in settlements located all over the city. During the last five years, the enrollment of the Anderson high school has increased by one-third. Here also,

National Urban League Celebrates Silver Jubilee

New York City, Dec. 7, (ANP)—What the National Urban League has accomplished during the past 25 years and a new five-year program to cost a half-million dollars for prosecution and expansion were outlined at the banquet held at the Manhattan Wednesday night commemorating the 25th anniversary of the organization, at which 400 leading citizens from all sections of the country were present.

The principal speakers were Governor Herbert H. Lehman of the State of New York; Dr. Frederick Douglass Patterson, president of Tuskegee Institute; Eugene Jones, executive secretary of the League, now on leave as Adviser on Negro Affairs to the United States Department and L. Hollingworth Wood, chairman of the executive board, who was master of ceremonies. Seated at the speakers' table were several members of the original board when the League was founded 25 years ago.

Governor Lehman in praising the work of the League referred especially to what had been accomplished in bringing about better relations between the races, declaring "It is a notable work and deserves the support of all citizens who desire that in this our country the spirit of brotherhood shall finally prevail."

Achievements of the League in the placing of members of the racial groups in new fields of labor were lauded by Dr. Patterson as he urged educational institutions to cooperate with the League in the carrying out of the program. "When one considers said Dr. Patterson, the countless worthwhile spheres in which the League has assiduously worked the multi-sided aspects of Negro development are not only thrown in bold relief, but there issues anew the challenge to all organizations and programs, including education, which are pointing toward the social-economic adjustment of the Negro to join hands in a closely integrated program that will eliminate duplication of effort and will with a minimum of lost motion attain through the irrefutable strength of combined and harmonious action the goal which we all seek."

Mr. Jones, who had much to do with the work of the League told four hundred guests what the League had done to bring about social and economic justice for the group and with Mr. Wood related the new program which will cost \$95,000 annually for conduct and expansion and the establishment of a permanent Ruth Stansfield Baldwin Fellowship Fund of \$25,000 in honor of the founder of the League.

classrooms are overcrowded. Moreover, the facilities for physical education and industrial training are very poor, although it is the set policy of Southern white schoolmen to develop the Negro only as a manual laborer.

The Austin Chamber of Commerce advertises the city as "the educational center of the state." It is true that the white schools rank above any others in the state. But the Negro children are half-educated after any convenient fashion.

Teachers Fight To Improve Schools

New York, Dec. 7—(CNA)—Harlem teachers are taking action to end "deplorable conditions" in the public schools. The Teachers Union held a meeting on November 21st at which Rev. John Robinson, member of the Moyer's committee which investigated conditions in Harlem, reported.

Physicians Find Man's Heart On The Right Side

Dublin, Ga., Dec. 7—(ANP)—A fluoroscopic examination at the local hospital disclosed Tuesday that Thomas Smith's entire viscera is transposed. The seventy years old man's heart was found to be on the right side as was his liver, thus being one of the few cases so recorded. The organs are in excellent condition and other than a "slight cold" for which Smith went to the hospital for treatment, he was in excellent physical condition, especially for a man of his age.

PROVERBS AND PARABLES

By A. B. Mann
Playing With Fire
(For the Literary Service Bureau)

The question is "If you play with fire you will get burned." It is a figure of speech but it is true beyond dispute. It has been confirmed a thousand times. Literally, playing with fire, one will become careless and -will, at sometime pay the penalty in being burned.

Figuratively, this means trifling with evil, indulging in forbidden pleasures, vacillating in dealing with temptations, indulging one's self when he should take a positive stand against what is wrong. And the penalty is inevitable!

Fifty Year Old Man An Accident Victim

Smithfield, N. C., Dec. 7—(ANP)—Trackwalkers on the Seaboard Air Line Railroad near here Tuesday morning found the mangled body of Tom Moss, age 50, who was struck and instantly killed by a northbound freight train. The face of the victim was severed from the head and was found several yards from the body. Evidence was found that Moss had been drinking and his wife further declared that when he left home Monday afternoon he was under the influence of liquor.
