J. R.—I would like to know to do if my boy friend will get his appointment any time soon?

Ans.—Your boy friend will be appointed to a new job at the Post Office which will begin the later part of this spring. This will be steady and will last for several years.

A. J.—Please tell me if this place where I am staying is one you were to move with someone live here?

Ans.—The boarding house you are staying in is so old and dilapidated that you can hardly call it a safe place to stay. The woman you rent from acts so funny toward you, that you would feel more comfortable if you were to move with someone a little more friendly toward you.

M. M. S.—Will this boy friend still care for me and have the same feeling for me when I tell him what I think I should?

Ans.—Your boy friend is unaware that you have been married and are also a mother. However, if you tell him, that will be a sure way to find out if his feelings are sincere or not. It would be much better for you to tell him in person rather than write him.

V. L.—Please give me a little information on the following question: Will I be able to continue my education as I have planned?

Ans.—During the second semester you will be financially able to enter college as you have planned. However, there will be another interruption before you will complete your education.

H. G. M.—I am a little undecided about my future and would like for you to give me a little advice or tell me what

Expect Only A Few Negroes To Benefit

Montgomery, Ala., Jan. 11, ANP—Although old Bibles, "plantation books" giving an account of the slaves trades and other ancient records have been brought up to prove the antiquity of many Negro old age pension petitioners. It seems unlikely that many will share its benefits because State Commissioner A. H. Collins stated that only between 8,000 and 10,000 of both races would be able to qualify in 1936, despite more than 35,000 applications already received from persons over sixty-five years of age.

Collins, head of the state welfare department, based his estimate largely on trends in other states with similar statutes. According to the census, there are approximately 105,000 people in Alabama 65 or over. Pensions can go only to those in desperate circumstances whose income is less than \$360 a year, in which class nearly all the elderly Negroes would fall.

The local bureau of welfare has received "plantation books" from Negroes, in one of which was a list of free-born children. A check revealed a few are now employed on Montgomery WPA projects despite their age. One of the applicants offered a wooden-backed, hand-carved Bible to prove his age of 114, and it was accepted because welfare officials said "there's no way of refuting it." Maximum benefits of successful applicants will be \$30 monthly.

**Senate Resolution**  
**Calls For Lynching**  
**Inquiry**

Washington, Jan. 11—Pointing to the apparent failure of state and local law enforcement vehicles to prevent lynching and punish those responsible, Senator Frederick Van Nuys (D-Ind.) announced January 1 that he intends to introduce a resolution, calling for an investigation of the fourteen lynchings which have occurred in the United States since May first.

Senator Van Nuys called attention to the fact that during the debate on the motion to consider the Costigan-Wagner anti-lynching bill, which continued from April 26 until May 1, various members of the Senate made statements to the effect that Federal legislation against lynching is unnecessary as the states can and will prevent lynchings and punish those responsible for this mob violence.

Yet, despite these statements there have occurred in the United States, since the close of the debate on May 1st, at least fourteen lynchings of both white and Negro citizens.

In view of this circumstance, the Senator intends, by means of this Resolution, to have the Senate authorize the committee on the Judiciary, or any subcommittee thereof, to investigate fully the facts and circumstances surrounding the fourteen lynchings which have occurred, including the relationship of these acts of violence to other crimes and a consequent depreciation in the maintenance of law and order.

The committee to make the investigation shall report its findings to the Senate at the earliest practical date, not later than March 1st, 1936, which will, it is believed, provide an authoritative and reliable basis for further consideration of anti-lynching legislation.

The announcement by Senator Van Nuys that he would introduce such a resolution created a flurry of interest in the capital since it is well known that the anti-lynching legislation is one of those controversial subjects which many legislators would like to keep much in the background. The move was regarded in many quarters as an excellent strategic one which will focus the attention of the nation upon the manner in which the states have dealt with the crime of lynching. It is regarded as particularly valuable that this information for the first time will have the stamp of an official government inquiry and therefore will not be able to be dismissed on grounds that it is "propaganda

**Kills Stepfather**  
**To Protect Mother**

Edenton, N. C., Jan. 11—(ANP)—To protect his mother from assault, Henry Olden, 16 year old youth shot and killed his stepfather, Llewellyn Peoples, age 50, here Tuesday morning.

Police reports declare that Peoples who had just been released from prison after serving eighteen months for assaulting his wife Mrs. Minnie Peoples, threatened to do her bodily harm again Tuesday morning. Following this threat with a slap in the face, he was just about to kick her when Henry appeared on the scene and attempted to remonstrate with him.

Angered at his stepson's interference the fifty year old man seized a butcher-knife and made for the youth. Henry grabbed a shotgun and fired point blank at the on-rushing and maddened man killing him instantly. Following the shooting the youth called the doctor and the sheriff and surrendered. While he was placed under arrest charged with murder it is the consensus of opinion that he will be released at the preliminary hearing.

Soon after Senator Van Nuys made his announcement Governor James V. Alfred of Texas and Governor Frank F. Merriam of California stated they had no objection to a federal investigation of each of the lynchings since May 1, but would not approve any federal action beyond investigation.
