Mary—Please tell me why my husband kids me and has made such a sudden change in the last few weeks?

Ans.—There appears to be a girl that your husband sees every day while at work and he "kids" you along to try to hide his real feelings for her. The sudden change in him was brought about by his deep interest for this other girl.

R. S.—Does my boy friend love me or is he just trying to get my money?

Ans.—He is mostly trying to get your money, for he isn't in love with you—There appears to be "another girl" that he is also going with and her name seems to be "Ann"—He isn't the least bit serious with either one of you.

A. C.—Will I be successful to get my girl friends coat in the near future?

Ans.—Your girl friend is already pretty sore about you not getting her coat "out" for her. You surely had better get your nickles and dimes together and get it her at least by the end of this month or there will be trouble between you.

H. B.—Please advise me what to do as my mother doesn't seem to treat me right.

Ans.—Your mother treats you exactly right and lets you go out more than you should while going to school. You don't seem to be the least bit interested in your school work, but you should make yourself interested so you hurry and finish—After you graduate you'll have plenty of time to run around.

R. S.—Does my boy friend feel that he has broken my heart?

Ans.—No—He is so in love with this other girl that he will soon forget you—He appears to be very satisfied with her. Put him out of your mind, and try not to grieve over him any more.

H. C.—Please tell me if you think my wife is going to get well? Is there any luck for me in the future?

Ans.—Your wife certainly will get well, for she is already improving, and will be able to come home from the hospital during the month of January—A good job is indicated for you before the coming of spring.

E. M. A.—Will I ever accomplish my aim?

Ans.—With more study and practice on your music, you will be able to accomplish your aim which is to make a living in the musical world—You'll have a successful future in this work.

A. E. M.—Which of these men are no good Do you see me having any success any time soon?

Ans.—Neither A. C. P., J. M. H., or W. Y. are no good, and if you'll stick to them they'll prove to be your friend—You'll have some success during the month of February, which will be securing a job.

C. G. S.—For three years my efforts have been in vain. Kindly tell me when I will succeed.

Ans.—You'll never succeed if you keep trying to make a

go of something that you know you can't succeed in—make a change to some other line of business that has more possibilities—In the next three years you'll succeed enough to have a small business of your own.

L. A.—I'm worried about my daughter and I want to know if she will get in jail or have much trouble?

Ans.—No—She won't get in jail or have any trouble. The only thing the relief will do, since they found out your daughter is working will be to cut off your weekly income.

W. A. J.—Do you think my boy friend will ever give me a present?

Ans.—He is planning to buy you something nice just as he told you, but he is waiting until he can afford something that you'll appreciate and can keep a long time—He would like very much to make you happy.

Negro Congress Formed in New Haven, Conn.

New Haven, Conn., Jan 18—Reflecting the widespread popularity of the National Negro Congress to be held in Chicago, February 14, 15 and 16, a local sponsoring committee was formed here last Monday, December 30th.

The committee was set up at a meeting held at the Republican club, 97 Webster street, at which Ben Davis, Jr., of New York City was the main speaker. Davis is a member of the National Sponsoring Committee of the Congress, and secretary of the Greater New York Sponsoring Committee.

The officers of the newly formed committee are: Joseph Semper, only Negro faculty assistant at Yale University, chairman; Clarence Wilgore, vice-chairman; Attorney Caples, secretary; Miss Laura McCoy, ass't-secretary; L. J. Wheatley, director of the Community House, treasurer; Dr. Harold Fleming, leading Dentist, Chairman committee on Contacts and organization; Mrs. Eloise Day, chairman publicity.

The committee declared that it would invite all local Negro organizations and sympathetic white organizations to participate in the work of "building support for the National Negro Congress in New Haven". A large delegation will be sent from New Haven to the National Negro Congress, it was declared.

California Negroes Are Hard Hit; Over Half On Relief

San Francisco, Calif., Jan. 18—(ANP)—California's Negroes have been hard hit by the depression, with an estimated 52,000 of the state's total 81,048 colored population, (according to the 1930 census) on the relief rolls. This is the information given by the Associated Negro Press by Lawrence M. Monfort, assistant state director division of public relations of the Calif. WPA. His figures, the latest obtainable, are for May of 1935.

To be more specific, the state of the billion dollar motion picture industry and the millionaire stars found 3,000 of the 10,529 farm population and 49,000 of the 70,519 city dwellers looking to federal and state relief organizations for aid.

San Francisco and Los Angeles were even harder hit. San Francisco, with 3,803 in the city proper and only a few more in the country of that name, had 2,240 drawing relief while Los Angeles, with 38,894 in the city and a few hundred more in the country, had an estimated 25,780 getting aid.

State Helps Out

Direct federal relief was discontinued here Dec. 1, but 160,000 WPA jobs have been distributed to the 283,332 cases on relief. A case, incidentally, includes a family and the 283,332 cases represent 815,601 persons. A total of 13,000 Negro families, composed of 52,000 persons are involved. In order to supplement the inadequate supply of WPA jobs, California is spending \$2,000,000 monthly on state funds until June. After that, it is not known what arrangements will be made.

According to Monfort, there has been "no discrimination" in the administration of either federal funds or WPA jobs, and these latter have been distributed to all who qualified. The official states there is also no separate wage scales, and while Negroes have been employed in both skilled and unskilled work, he has no data on their numbers.

Monfort also asserts no separate Negro records have been kept on the number of FERA social service workers, teachers in educational and other projects, no upon any FERA or WPA project in the state. However, he says colored have shared in all benefits, including white collar projects.

Man Ordered Held When Woman Dies Of Stab Wounds

Macon, Ga., Jan. 18—(ANP)—Sam Morris was held here Tuesday charged with voluntary manslaughter in connection with the slaying of Miss Willa Mae Richardson who died Monday from stab wounds alleged to have been inflicted by Morris more than a month ago. The defendant was arrested at the time of the stabbing and has been held in jail since that time.

population. Unlike the South which is mainly a one crop section, a wide variety of agricultural pursuits is followed. Not handicapped by the strictures of plantation-owners, colored farmers can for the most part raise what they wish and are quite often self-supporting. Fruit growers are the ones hardest hit.

As in other cities where Negroes are the last to be hired and the first to be fired, the colored urban population of the state has suffered. Because of the depression which forced many wealthy families to let their servants go, many domestics have been thrown out of jobs and thereby forced on relief. A certain section of the Negro population has also moved here in comparatively recent date which prevented their getting definitely settled before hard times struck.
