Birmingham Daily Hits Lynch Record Under Talmadge

Birmingham, Sept. 26—(ANP)—On the day last week that white Georgians marched to the poll to defeat Gov. Talmadge's quest for a senate seat by a margin of 6 to 1, the Birmingham Post took an editorial shot at the Georgian who is notoriously anti-Roosevelt and who has severely criticized the New Deal for the consideration given Negro citizens.

Under the heading, "The Shame of Talmadge," the Post said: "The people of Georgia are voting in the primary in which Governor Talmadge is a candidate for the U. S. Senate. "We trust that law-respecting Georgians will bear in mind that since January 11, 1933— "Eleven Georgians have been lynched. "No lyncher has been punished. "—All in the administration of this man who has mouthed so much about upholding the Constitution."

West Indies Ban "Green Pastures"

Georgetown, British Guiana, Sept. 26—(By Samuel A. Boyea for A. N. P.)—West Indians have been denied the pleasure of seeing "The Green Pastures," the miracle of the theatre which has not become the miracle of the screen. It is claimed that there are certain features which are "objectionable" and might not react very nicely in a Caribbean community. Again, it is also said that the film is sacrilegious, especially the role played by Rex Ingram representing "De Lawd."

The film was banned in Trinidad, West Indian island which houses the British Colonial Film Exchange and is the chief distributing cinema centre in these parts. The West Indian Press launched a terrific broadside on the Board of Censors.

The "Port of Spain Gazette," the father of West Indies journalism stated:

"Considerable discussion has been provoked by the banning of the film, "Green Pastures" and, in connection we have received numberless letters complaining of the manner in which our film censors do their work. For our part, we have never maintained that they are wonderfully proficient in their methods; and, as a matter of fact, the present constitution of the Board appears to us to leave much to be desired.

"The grounds of their decision seems strange, since the actors and the film company took the great risk of making the film knowing as they must have done, that a considerable portion of the cinema going public would give it a wide berth. In some of the correspondence we have received, the claim is being made that the film has been banned because it is a Negro film, but we cannot bring ourselves to think that such a motive would have entered into the minds of the Board of Censors. Their is not the duty to descend to such a level. We however think that the time has come when they should be a Board of Appeal."

Every effort is being made to get the decision squashed.

Fight For Freedom Wilmington Bell-Hop

Wilmington, N. C. Sept. 26—(C)—George Wheeler, jr., 21-year-old high school student and bellhop at the Carolina Beach hotel, who is held for re-selling a pint of ABC store liquor to an employee of two Wilmington drys, Isaac C. Wright and Dan J. Herrin, is being defended by Aaron Goldberg against a sentence to four months on the county farm. The case has been appealed to superior court.

Wheeler testified he had the liquor for his own use and Raymond L. White, an employee of the drys, begged him for it, saying he had a sick friend in a car. It developed that White was paid \$100 to secure evidence that the ABC store liquor was being peddled. Wheeler told the court White bribed and framed him. Goldberg said: "Surely public policy forbids a court, from upholding such tactics as have been shown in this case."
