Uncover Record Of Slaves In Boston

Boston, Sept. 19.—(ANP)—Staid old Boston, traditionally thought of as a hotbed of abolition, has been revealed by old records as practically a bulwark of slavery. In 1638 a Mr. Maverick of Noddies island (east Boston) was the owner of three Negro slaves. Slaves were shipped from the West Indies to Boston and in 1680 there were over 200 slaves in the Massachusetts Bay colony.

Many disapproved of the practice, however, and in 1702 attempted to make it illegal. These efforts were unsuccessful and slaves were bartered and sold through advertisements the same as in deepest Dixie.

A second attempt to stop it was made in 1767 when Boston had 2,000 slaves but still the practice continued. Not only Negroes but white prisoners of war were shipped here as slaves. It was not until considerably later that emancipation was accomplished locally.

MEN LOVE PEPPY GIRLS You can become peppy this easy way

If you are happy and peppy and full of fun, men will take you places. If you are lively, they will invite you to dances and parties. BUT, if you are cross and lifeless and always tired out, men won't be interested in you. Men don't like "quiet" girls. Men go to parties to enjoy themselves. They want girls along who are full of pep.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND helps give you pep and energy. For over sixty years girls and women have been taking this famous old medicine to pep them up... to help give them strength, energy, sparkle. Notice the girls and women among you who are full of pep. Ask them what makes them peppy. If they are honest, many of them will give the credit to LYDIA E. PINKHAM'S VEGETABLE COMPOUND.
