

"Smoking The Pipe of Peace"

Edward R. Burke... "as kindly as the twinkle in his eyes."

Senator Burke just returned from Maine where the hot fight was in process between the democrats and republicans.

Demos and G. O. P.'s Fight Over Filling Council Vacancy

Cleveland, Sept. 26—(By Leon Lewis for A. N. P.)—The vacancy in the city council from the death of Councilman John E. Hubbard, Republican, of the 18th ward, may precipitate another of those heated tangles for which the present council is famous.

Councilman Leroy N. Bundy said at the last council meeting that he would lead a campaign to have John M. Hubbard, 26, the deceased councilman's son, named to his father's place, but since the Republicans control only 15 of the 32 votes, the plan could not succeed unless the Dems are split.

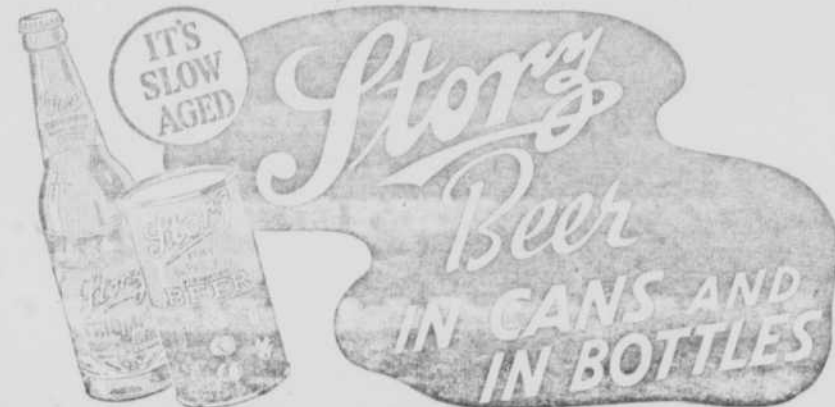

Council Democrats said that an attempt would probably be made to name John A. Cobbs, former star debater at Western Reserve university and Democratic candidate for the 18th ward councilman in last year's primaries, but to do so would require the united support of Democratic vote in the council.

On several issues the Democrats have not been united since a split over jobs in the office of the city clerk. And too many Democrats have shown flashes of independence and failed to attend caucuses thereby hampering the Democrats in putting over a majority vote.

As a simple majority vote is required to name a successor, under the ruling laid down by Law Director Alfred Clum in the dispute over council presidency, absence of members of either party from the council meeting could affect the results.

FACING THE FUTURE

"Keep Young and Beautiful if You Want to Be Loved"

If the old saying, "A woman's face is her fortune" is still true, then some of us are paupers. But we need not remain in this state.

The woman who has reached the age of forty-five or fifty need no longer feel that she is a "back number" or a "cast aside."

If it is true as the late Will Rogers said, "life begins at forty," it is also true that wrinkles begin at forty.

I remember reading that Cleopatra, the lovely enchantress of the Nile was well past forty when she charmed the practical Mark Anthony. How did she do it then? With modern scientific methods of beauty culture, this is easily answered. In the following articles on this subject we shall endeavor to answer not only this question but other questions of importance to the women who would keep young and beautiful.

Clean System for Health

You must be free from constipation to have a good, clear complexion.

If not eliminated in due time, the wastes of digestion produce poisons and the skin must do more than its share in helping to get rid of them. So for a clear, healthy skin, remember the importance of bowel regularity. At the first sign of constipation, take Black-Draught—the purely vegetable laxative. It brings such refreshing relief from ordinary constipation troubles, and tends to leave the bowels acting regularly until some future disturbance interferes.

Insist on Black-Draught.
