FIRST NEWS OF BISHOP

WRIGHT IN SOUTH AFRICA

Cape Town, South Africa, Jan. 2 (To Calvin Service in New York via Air Mail from Cape Town to London; Trans-Atlantic liner to New York)—Bishop and Mrs. R. R. Wright, jr., have arrived in Cape Town where they were royally welcomed. The bishop's fame as a scholar, author and preacher, and his social interpretation of religion preceded him and South Africans had been weeks preparing for him. Never before in Cape Town's history has such a welcome been given a bishop or to any one of Negroid extraction as was given to Bishop and Mrs. Wright.

Leading citizens of Cape Town, led by Dr. F. H. Gow, Rev. H. Fortre, Rev. Johannesen, and others together with representatives of all the leading cities of South Africa, met at the docking of the boat, and continued all day and far into the night their exercises of welcome. Dr. Gow said: "We welcome you, Bishop. We have been praying for you. Now God has answered our prayer." In response to Dr. Gow, Bishop Wright said: "I bring you the greetings of 12,000,000 of your fellows in America. I hope not only to bring you the Gospel of our Lord Jesus, but to have you become acquainted with the progress of our black people of America, and to have them know you better. Indeed, I hope a number of African leader may go to visit America and a number of our best American Negroes will visit you here. For your benefit I plan to have in the leading cities of South Africa, an exhibit of a thousand photographs of the progress of my people in America, and it will amaze you."

Bishop Wright, whose Ph.D. in Sociology is from the University of Pennsylvania, plans to make studies of phases of South Africa's social life in comparison with that of American Negroes. He will also translate some of the Church's literature into the Africanese language.

Tells Preachers To "Read Books"

Philadelphia, Dec. 19 (C)—R. R. Wright, 3rd, youthful manager of the AME Book Concern, in an appeal last week, said: "Have you noticed the young preachers who get ahead are those who study and read the most? You can't 'make it' if you don't read. The men who stay in good charges longest are those who study and read most. How many books have you read this year?"

BEAUTY AND ROMANCE

by Marie Downing

DIRECTOR LARIEUSE BEAUTY FOUNDATION

The Larieuse Beauty Foundation was established by the Godfrey Manufacturing Company to study methods of preserving women's natural beauty, and to make the results of this research available to the public.

ST. LOUIS, MO.—When cosmetics like powder, rouge and eyebrow pencil are applied correctly, they can improve our appearance greatly. Nobody objects to make-up when it is properly used.

But so many women, and especially young girls, use too much make-up, and apply it improperly, that I want to give another warning against excessive use of cosmetics.

We wouldn't have to be so careful about using cosmetics if the only result of over-doing it was to make us look like painted circus clowns. But that isn't the only objection. Inferior cosmetics, applied lavishly and not properly removed, can cause skin blemishes and thus detract from our natural beauty.

If your skin has a tendency to develop blackheads and large pores, this condition may be encouraged if you clog up the pores with powder.

However, you can use your powder and rouge as a protection to your complexion if you are careful to follow a few simple rules.

In the first place, be very sure that all traces of these cosmetics are removed from your face before you go to bed at night. Use plenty of warm water and soap, but be sure to rinse the face thoroughly, first

with warm water, then with cold water. Or, if you prefer, you can remove the cosmetics with a cleansing cream. This is especially advisable if your skin is dry.

It is a good idea to use a face brush when washing, although it is not absolutely necessary. If you do use a brush, however, get a regular face brush, and not the rubber type. A rough wash-cloth is satisfactory if you use soap and water. When removing cleansing cream it is better to use soft tissue paper.

The second rule is this: don't apply your make-up if your face is not absolutely clean. If you rub powder into your skin when it is even slightly dirty, this may clog the little pores in your skin and cause blackheads or blemishes. Apply your make-up only after cleansing, except for the little bit of fine powder you can use for dusting a shiny nose.

Then, too, it's a good idea to make sure your powder puff is clean. Wash it out, occasionally, just as you wash your clothing.

And don't apply make-up too heavily. Don't put on powder until it forms a matted layer over your skin. If you experiment with various shades of powder and rouge, you'll be able to find one which will give the effect you want without having to be used in such quantity.

HOW OFTEN CAN YOU KISS AND MAKE UP?

FEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up easier before marriage than after. Be wise. If you want to hold your husband, you won't be a three-quarter wife. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three critical years of life: 1. Transition from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age." Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through!"
