

**WILEY vs. PRAIRIE VIEW
ON OPENING DAY**

Dallas, Aug., 12— The longest dropkick ever to be made will open the football game between Wiley college and Prairie View college, Negro schools of East Texas, October 18th at the Pan American Exposition.

From 1,000 feet above the Cotton Bowl stadium the football will be dropped onto the grid iron a few minutes before the referee's starting gun. John C. Robinson, American Negro aviator, former commander in chief of the Ethiopian air forces under Haile Selassie, will pilot the plane and drop the ball.

Monday, October 18th, will be the second Negro Day at the international fair, and noted pilot Robinson has accepted an invitation to be honoree for the day. After the game, which he will unofficially open with his football stunt, the aviator will tell a few of his experiences in Selassie's palace at Addis Ababa, and as personal pilot of the "Conquering Lion of Judah."

Robinson visited the Exposition this week, saw "Cavalcade of the Americas," free dramatic spectacle of the international fair, and discussed plans with Exposition officials for his stunt and speech on October 18th.

The football which will be dropped from Robinson's own plane will be autographed with the names of the two competing teams. A record crowd is expected to fill the Cotton Bowl for this gridiron meet.

You must be free from constipation to have a good, clear complexion. If not eliminated in due time, the wastes of digestion produce poisons and the skin must do more than its share in helping to get rid of them. So for a clear, healthy skin, remember the importance of bowel regularity. At the first sign of constipation, take Black-Draught—the purely vegetable laxative. It brings such refreshing relief from ordinary constipation troubles, and tends to leave the bowels acting regularly until some future disturbance interferes. Insist on Black-Draught.
