ST. JOHN A. M. E. CHURCH "The Friendly Church" Dr. R. A. Adams, Pastor

The Sunday school attendance last Sunday was not so good. As Sunday was Women's day, the speaker was a woman, Mrs. Geo. W. Slater, jr. She took her text from Prov. 31st chapter and 10th verse. She gave a message that every woman as well as every man should have been glad to hear. In the afternoon, the speaker was Wm. Farmer, an evangelist. She took her text from Luke 19th chapter and 5th verse, and in the evening the women gave a pageant entitled, "Women of the Bible."

In the afternoon women from some of the other churches of the city made up a very fine women's choir.

The day was very successful both spiritually and financially.

Mrs. Maude Ray and her committee are to be congratulated for the fine services for the day. The sick of the church are improving. Sister Venus Pace was able to be at church Sunday after a long illness. Sunday August 29th, will be Young People's day.

There will be a chorus of about 50 voices. These young people will have a very fine service all day. This will be on time, so let every one be on time at 10:45 a. m.

There were many visitors at the church Sunday, too many to name but we always welcome them to St. John. Among the many visitors was Mrs. Mary Scott, of Chicago, a daughter of Dr. and Mrs. R. A. Adams.

The Omaha Guide will keep you informed on all your local, church, social and fraternal news, have it sent out to you each Friday.

SALEM BAPTIST CHURCH

The Salem BYPU, made history Sunday, August 15th, when the Union held its annual outdoor meeting at Elmwood par. The caravan of beautifully and artistically decorated cars of which there were twelve, left the church at 5:00 p. m., escorted by two motorcycle patrolmen. On entering the park, the group circled to the park displaying the bright colored streamers and banners, where a group picture was made and refreshments were served. We salute our president, Mr. Cooper, who is serving his ninth year for Salem BYPU, as well as the sixth year for the City of Omaha BYPU.

CHURCH OF GOD HOLDS REVIVAL

The revival is now going on at the Church of God in Christ, 2318 No. 26th street, conducted by Evangelist, H. J. Jenkins of Los Angeles, Calif. Interesting messages each night demonstrated from a chart.

We were graced with the presence of this blessed young man during our state convocation which convened, July 23rd, and being so impressed with the message of our Lord and Savior Jesus Christ, which he brought to us under the power, and anointing of the Holy Ghost. Our pastor, together with our Blessed Mother Lizzie Robinson, supervisor of the women's work of the church, invited his return. This he kindly consented to. Omaha is invited to come and hear this man of God, and enjoy the gospel feast. Services at 7:45 each night.

This Week in Thought and Religion

By Robert L. Moody

Religion In National Life

The coming lesson in church school deals with the above subject. A great lesson is to be learned and applies to our present day religious life.

Ancient Israel was to bring "an offering: of every man that giveth it willingly with his heart." Ex. 25:2. Judging from the approval and direction received from the Lord by Israel as they built the "tabernacles," places of worship is due to our failure to give "willingly."

Our places of worship are lonely for the presence of the greatest number of our people because they fail to obey the charge to "not forsake the assembling of ourselves together, as the manner of some but exhorting one another; and some much more, as ye see the day approaching." Heb. 10:25.

Many are failing to worship because of the evils and hypocrisy of others, but this is no excuse, because the Bible is our guide to Godly living—not men. We are to follow them as they follow Christ.

The end of our religious efforts are not i. e. should not be—to build earthly tabernacles, but the hour cometh and now is, when the true worshippers shall worship the Father in spirit and in truth: for the Father seeketh such to worship Him.

Much contention exists in Omaha, about social reform, relative to taverns, gambling places and lewd houses. If every person who claimed to be a Christian in Omaha would "be" as he professes and stops supporting these worldly places many of them would close automatically, because of the lack of trade. Pure religion and undefiled does not consist of social talks about reforms, but "keeping ones self unspotted from the world. Religion will never have its proper place in the life of a nation until it finds its proper place in the life of each individual and community of that nation.

Gov. Not Through In Extradition Fight

Atlanta, Aug. 19 (C)—Governor Rivers, incensed because other states are refusing to send back escaped prisoners from the Georgia chaingang, has dug up an old "full faith and credit" clause in a Federal statute which he hopes will help him reclaim James Cunningham, now in Boston, who escaped from Georgia in '24, and Robert Elliot Burns, white, who wrote the famous "I'm a Fugitive" book, now living in New Jersey. Governor Rivers in a statement Friday, said:

"We are going after any others the other states may be holding for us."

The old law on which Governor Rivers pins his hopes reads: "When ever the executive authority of any state or territory demands any person as a fugitive from justice of the executive authority of another state or territory to which such person has fled and produces a copy of an indictment found or an affidavit made before a magistrate. It shall be the duty of the executive authority of the state or territory to which such person has fled to cause him to be arrested and secured, and to cause notice of the arrest to be given the executive authority making such demand or to the agent of such authority appointed to receive the fugitive and to cause the fugitive to be delivered to such agent when he shall appear. If no agent appears within six months from the time of the arrest, the prisoner may be discharged."

Hampton, Aug. 19 (C)—Dr. Isaac Fisher, editor of the Southern Workman, told a CCC conference of educational advisors here last week to respect newspaper standards and not to "manufacture" news, but wait until something happens, then write it "tersely, simply and truthfully." A local white paper carried a report of the speech.

Washington, Aug. 19 (C)—The National Technical association, composed of nearly 300 architects, civil, electrical, mechanical, chemical and metallurgical engineers will open their meeting at Metropolitan AME church Friday, Sept. 3rd, and will be addressed by Dr. Mordecai Wyatt Johnson, president of Howard university.

New York, Aug. (C)—Listing "Words to Be Avoided" in Chapter 4, Grant Hayde, in his book, "Handbook for Newspaper Workers," published by D. Appleton and Co., list "Burly Negro" and "Dark Damsel." The words are listed under the heading, "Trite, wornout phrases to be avoided."

Special Training Free For Negro Doctors

(Special to the Omaha Guide from the Treasury Department Public Health Service, Washington)—Subject: Postgraduate training of Negro physicians in the clinical management and public health control of syphilis.

1. The District of Columbia Health Department has made an arrangement with the Howard University Medical School for the organization of a special course of postgraduate training of Negro physicians in the clinical management and public health control of syphilis and gonorrhoea.

2. The course of instruction is planned to extend over a period of three months and is to be repeated for successive periods during the next year beginning September 1, 1937. Each entering class will be limited to fifteen members and a new class will be received every three months. The scheme of instruction provides lectures and clinical and laboratory demonstrations for training in the clinical management and public health control of syphilis and gonorrhoea.

3. The course is open for registration to trainees selected by the State health officers, and traveling expenses and other allowances are appropriate charges against the allotment made to the respective states for training and reserve personnel for the fiscal year 1937-38.

In recommending candidates preference will be given to well trained young physicians who expect to participate in state or local syphilis control programs in the capacity of venereal disease control officers, cooperating clinicians with health departments, or consultants to health departments. Recommendations, however, need not be limited to such persons.

5. State health officers who may have personnel for whom such training is desired are invited to apply directly to Doctor Numa P. G. Adams, dean, Howard University School of Medicine, Washington, D. C., for application blanks. Appointments will be based on superiority of qualification including previous basic training, as well as priority in time.

ARE YOU ONLY A THREE-QUARTER WIFE?
MEN, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.
No matter how your back aches—how your nerves scream—don't take it out on your husband.
For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."
Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."
