M. W.—My husband and I can't get along and I am thinking about leaving him. Will he do anything to me if I do?

Ans: He isn't going to try to harm you...but there is one thing that he will not do and that is take you back if you leave him. He loves you and is very jealous but he isn't going to put up with this running home "stuff" every time you get angry about something.

M. E. B.—I am thinking of going away and wonder if I should go to New Jersey to seek a position?

Ans: You had better seek work in the large city nearest your present home as you don't have the money to throw away on train fare. Save your money this winter and next fall go on up into Jersey and New York.

M. J.—Please tell me why this party is always telling stories on me as I haven't done anything at all to her?

Ans: Some people can't keep their tongue still when there isn't any gossip being circulated and has to make up their own tales...so is the case with the party you have in mind. No one pays any attention to her for she does the same thing to various other people.

A. C. D.—Should I write my daddy as I now have in mind or would it be useless?

Ans: It will probably be useless but make the attempt at any rate. He should send you a little money occasionally to help your mother with your school expenses and if the letter reaches him when he is in good spirits he will come across.

H. H.—Thank you for an answer. Will I take the trip that I have in mind and will my plans be successful in getting money?

Ans: Your health is going to improve in time but it will be necessary for you to consult with a good physician. When you are well you can get a job and make enough money to keep you in the necessities of life.

L. B.—Will the man I am going with ever marry me or does he care for me?

Ans: He cares all right...but he isn't going to marry you when you give him all of your attentions without it. Give him a little competition and it will make him come to some kind of decision one way or the other.

C. J. H.—Tell me approximately how long it will be before the law suit I have pending will be settled?

Ans: Before the end of the year...but I am afraid it won't be settled in your favor then.

Z. C. R.—Will the one I am thinking about return?

Ans: Not any time soon. When he does you will have forgotten him.

NO MORE CUTS IN WPA JOBS; F.D.R. PROMISES

Washington, Sept. 9 (CNA)—President Roosevelt assured 2,500 unemployed demonstrators who marched to Washington last week that no further cuts will be made in WPA relief rolls this year to meet relief budget restrictions. The President at the same time rejected "with regrets" the request of the marchers that the government provide jobs for all of the nation's idle.

White House secretary, Marvin T. McIntyre, declared in a letter addressed to David Lasser, president of the Workers Alliance, that the President directed him to give assurances that the promise made to the Senate in a letter by WPA Administrator Harry L. Hopkins will be fulfilled. Hopkins promised that there would be no more dismissals under the present budget and that WPA workers securing temporary employment will be considered as furloughed.

Hundreds of Negroes were among the marchers, including a special contingent from Harlem, New York.

Philadelphia Gets Second National Negro Congress

Washington, Sept. 9 (CNA)—The Second National Negro Congress will be held in Philadelphia on October 15th, 16th, and 17th, it was announced this week by the national secretary, John P. Davis. Calls for the Congress will go out immediately to thousands of organizations throughout the country, Davis announced. Owing to the deep political and economic changes which have taken place on the American scene since the first Congress, there will be a larger and more varied representation at the Second Congress.

Negro trade unionists, in steel, auto, tobacco, marine, mining and transportation are leading the forces which will build and set the tone for Congress meetings as well as churches, youth, and varied other groups having the welfare of the race at heart.

Cities Threat to Race The call, which will be distributed mainly through the local councils in more than seventy cities and from the headquarters in Washington, points out:

"Today the homes of millions of Negro people are threatened with hunger. Young Negro people lack the opportunity to go to school or to work.

"The masses of Negro families are driven into crowded and segregated dwellings at high rents where their children are forced to grow up amid crime and disease. On the plantations of the South, the lot of the tenant farmers and agricultural workers becomes every day more intolerable."

Pillars of Fire Citing job discrimination, differential wages, violations of Constitutional rights, lynching and other terroristic attacks on the race, the call continues:

"This things rise up like pillars of fire to demand the attention of every Negro in this country, of every true American who hates injustice and loves democracy. These things ring out in clear resounding tones, the challenge to every Negro organization, to every progressive group in America to end poverty and physical fear which hinder the forward march of the Negro people.

"Because of these things we summon the Negro people and all true friends of the Negro people to the Second National Negro Congress. We summon you to unite with the forces of progress in a common struggle for the civil and economic rights of Negroes."

The Congress now has locals in seventy cities. These locals unite all types of organizations, thereby enabling a united struggle to improve the conditions of the race and to beat back reactionary attacks. No organization loses its identity by being a member of the local councils. On the other hand, by planning together with other organizations in the community, by exchanging experience, and by aiding one another, every organization has gained in strength, in prestige and in actual accomplishment.

The history of the Congress since its inception two years ago has completely refuted the fears that it would duplicate the work of existing organizations of impinge in any way on the program and policy of these organizations.

PLAN TO START WORK ON ARKANSAS PROJECT

Little Rock, Sept. 9 (ANP)—Boyle Park CCC company will remain here instead of being transferred to Lakp Catherine state park, Congressman D. D. Terry informed Alderman Jack Pickens by wire Tuesday from Washington. City officials had protested that much work remained to be done in Boyle park and that it was planned to use the company in development of the proposed colored park in the southeastern part of the city. Congressman Terry's assurance that Boyle Camp will remain has solved the difficulty.

The Negro park was authorized by a special election last January at which a 15,000 bond issue was voted. It will be constructed as a FWA project. Tentative plans had included use of the Boyle CCC company for the hauling of supplies and for building roads, trails and recreation facilities.

Defense Group Not Back of Stage Act Of Scottsboro Boys

New York, Sept. 9 (CNA)—The National Scottsboro Defense Committee issued a statement this week emphatically disclaiming any responsibility for the appearance of the four freed Scottsboro boys upon the stage of the Apollo theatre on West 125th street, Harlem.

Advertisements announcing the theatrical appearance of the boys contained a tribute to the "devoted, untiring labors of the International Labor Defense, the Scottsboro Defense Committee, the National Association for the Advancement of Colored People, and other organizations."

The Scottsboro Defense Committee asserted that it appreciated the spirit of the statement, but regretted that the committee, directly or indirectly, supports or approves the theatrical ventures of the Scottsboro boys.

May Harm Cause "The Scottsboro Defense Committee and its constituent organizations have joined Samuel Leibowitz in urging that these theatrical appearances may do more harm than good to the fight in which we are still engaged," a statement issued by the committee declared.

"On this point the boys have listened to contrary and mistaken advice from other sources. Although badly advised, they still continue their interest in the fate of the other boys still in prison, one under death sentences, the others under terms virtually life imprisonment.

"The appeal from the death sentence of Clarence Norris has been filed, and motions for a new trial have been made in the cases of Andy Wright and Charlie Weems. Papers are being prepared for permission to file an appeal in the case of Heywood Patterson, and the Scottsboro Defense Committee is studying every possible legal move which might aid the case of Ozzie Powell who was dismissed on the rape charge but sentenced to 20 years for an attack upon a deputy sheriff.

"Petitions for ten million signatures calling upon Governor Bibb Graves of Alabama to release the five boys are being circulated."

Chicago, Sept. 9 (ANP)—The Board of Managers of the National Junior League met on Tuesday evening, at the home of Mrs. W. E. King, national organizer. Mrs. Maude Roberts George was elected to the chairmanship and Att. Barbara Odell was named secretary.

HOW OFTEN CAN YOU KISS AND MAKE UP?

Few husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up easier before marriage than after. Be wise. If you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tune up the system, thus lessening the discomforts from the functional disorders which women must endure in the three criticals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."
