Entertainment Whirl

By Jimmy Evans

"Virginia," billed as the American musical romance and backed by Rockefeller money debuted at Radio Center theatre and received sugary notices from the critics. The septas in the show include, Buck and Bubbles, Avis, Andrews and a Will Vodrey chorus. The reviewers were lavish in their praise of the dancing of Bubbles and the tuneful harmonizing of the chorus.

The Cotton Club, which will costar Bill Robinson and Cab Calloway, has already started rehearsing for their new show. Robinson will draw down the heaviest sugar ever paid to a colored performer, for his hit in the show. The tunes are light and very whistly.

The Plantation is also getting its full production ready. The cast has not already been finally determined, but a crack one will be featured in the revue. Teddy Hill, the former Savoy band leader has been doing great in London. After closing at the Palladium theatre after a four weeks engagement with the Cotton Club show there, he journeyed to Dublin, Ireland. Several new engagements have been lined up for the maestro.

They say its really true that Jimmy Lunceford's organization will split. Reports are current that one of his bandsman has already deserted going with the Count Basie outfit. Another report says that Willie Smith, the very light complexioned lad with the organ and credited with being Lunceford's right hand man, has received a very attractive offer to go with Jimmy Dorsey's aggregation.

Ralph Cooper, Harlem's favorite master of ceremonies is on his way home from California and 7th Ave. will seem a little brighter. "Jericho" a British production with Paul Robeson in the name role, is ready for release in the U. S. A. Reports from the Continent list it among the better films. Edward G. Robinson's new film "The Last Gangster," now in production, lists Louise Beavers among the featured players. Other news from the coast bears the report that Noble Johnson will be seen with Greta Garbo in the film "Conquest."

Harlem's hi de ho melody man, Cab and his ork, is in the Republic production, "Manhattan Merry Go Round."

"Afro American Speaks," a radio feature heard on WKY from Okla. City is an idea worth listening to. The program features questions and answers by the public of that city's Negro sector. Hall Johnson's choir was heard on the Hollywood memorial program for George Gershwin. Duke Ellington cracked the box office record in Lincoln, Neb. In Paris, a colored lad hailing from Holland, Martin Sterman, is quite the rage. He appeared with the Cotton Club show.

Nite show placements include: Tip, Tap and Toe, Chocolaters and the Trump Band at the Cotton Club. Ecocaras, Big Time Grip, Spoon Brown and Bubbles at the Harlem Uproar House, Dorothy Salters, the Chariteers and Cook and Brown at the Kit Kat Haines, Tate and Simpson and Leon and Eddie.

The Negro Theatre Guild will present "How Come Lawd?" some time in September. Listed in the cast are: Rex Ingram, Clara Doza, Mercedes Gilbert, Hilda Rogers and Columbus Jackson. Lew Leslie is thinking of producing another "Backbirds."

Many industries of national rank are planning to erect their own buildings for the 1939 World's Fair at San Francisco.

The Midway at the 1939 Golden Gate International Exposition will cover 40 acres of the 400 acre site at San Francisco Bay.

The municipal airport that will remain on 400 acre Treasure Island in San Francisco Bay, after the close of the World's Fair in 1939, is valued at \$7,000,000.

Growing banana and orange trees, all bearing fruit, will be seen at San Francisco's 1939 Exposition.

Yanks Leave "While Leaving's Good"

Shanghai.—Americans are fleeing Shanghai as Sino-Japanese war terrors mount. This is a scene on Shanghai customs jetty as 350 American women and children were about to board a tender to take them to the liner President Jefferson, Manila bound following evacuation orders.

MYSTERY OF LOST COLONY RECALLED

Old Puzzle Is Recalled by Fetes in North Carolina.

Manteo, N. C.—As a fitting tribute to the first English settlement in this country (on Roanoke island, North Carolina, in the year 1587, under the sponsorship of Sir Walter Raleigh), a series of celebrations was held on the island this summer. The idea is to commemorate the three hundred and fiftieth anniversary of the founding of the colony.

On August 17 was observed the three hundred and fiftieth anniversary of the birth of Virginia Dare, the first child born of English parents in America.

Thirty-three years before the Pilgrims landed on Plymouth rock, and 20 years before Jamestown was settled, the 100 men, 12 women, and 9 children who formed the first English colony in America settled on Roanoke island. This was in July, 1587.

Colony Disappears.
On August 27, 1587, Gov. John White, who headed the expedition, bade farewell to his companions and to his nine-day-old granddaughter, Virginia Dare, and sailed to England for supplies. Upon his return four years later, the colony had completely disappeared, the only traces left being a few broken pieces of armor and the word "Croatan" carved on a tree. What happened to Sir Walter Raleigh's "lost colony" is a mystery which for centuries has baffled historians. Many explanations and legends have arisen.

Did the colonists intermarry with the Indians and are their descendants living in North Carolina today? Was the colony exterminated by the Spaniards? Were the settlers massacred by the Indians? No one knows for sure.

Governor White himself told the story of his return to the island in 1591. Upon this story are based all accounts of what happened.

"We returned," he said, "round about the north point of the island until we came to the place where I left our colony.

"In all this way, we saw in the sand the print of the savage's feet of two or three sorts trodden in the night, and as we entered upon the sandy banks, upon a tree, the very brow thereof, were curiously carved these fair Roman letters, C. R. O., which letters presently we knew to signify the place where I should find the planters (colonists) seated, according to a secret token agreed upon between them and me at my departure from them; which was that in any way they should not fail to write or carve on a tree or posts of the doors the name of the place where they should be seated. At my coming they were prepared to remove from Roanoke 59 miles into the main (mainland).

Found No Signs.
"Therefore at my departure from them Anno 1587, I willed them that, if they should happen to be distressed in any of those places, they should carve over the letters or name a cross in this form. But we found no sign of distress.

"And having well considered of this, we passed toward the place where they were left in sundry houses, but we found the houses taken down and the place very strongly enclosed, with a high palisade of great trees, with curtains and flankers and very fortlike, and one of the chief trees or posts at the right side of the entrance had the bark taken off and five feet from the ground in fair capital letters was given 'Croatan,' without any cross or sign of distress."

A growth of weeds indicated that two seasons had passed since the departure of the colonists.

Sir Walter Raleigh dispatched five rescue expeditions, but none was successful.

Clarinda, Ia. News

Miss Louise Nash, Reporter

The Second Baptist Church Sunday school met at its usual hour with Miss Rachel Cason, presiding. We are happy to have Miss Nash back to her office.

Morning services were high spiritual services with a fine attendance.

Evening services were fine and we were pleased to see Ramon Worker at church. Come one, come all to the 58th anniversary of the Second Baptist church, Sunday, October 10th. We are expecting Rev. C. Adams of Omaha and many other friends to be present and witness this wonderful program.

Mrs. Beard has returned to Clarinda from her visit with her mother.

We are having many friends among the youth to visit Clarinda from Red Oak, Ia., each Sunday.

The St. Jacobs A.M.E. church is planning to do some work on their church.

Too Late for Last Week

Second Baptist Church Sunday school was opened at its usual hour with Mrs. Rachel Cason supervisor, presiding. All members were present.

Sis. Ada Nicholson, our pastor's wife, was with us and taught a class.

Morning service was well attended. Rev. D. Nicholson, our pastor brought a wonderful message, "Hold Fast to that Which is Good."

Evening service was a light service. Our pastor brought a stirring message, subject: "The Sacrifice of the Will." We were happy to have our pastor's wife with us all day.

Rev. Moses is the new pastor of the St. Jacob A.M.E. church. This is his second time to Clarinda, Ia.

The Hermon Sweet family have moved back to Clarinda from Missouri.

The improvement to the Second Baptist church is in progress under the direction of Deacon Pearl Nash.

SOVIET POLAR BASE ANSWERS PROBLEMS

Details of Arctic Provided by Russian Explorers.

Leningrad.—Professor R. L. Sarnolovich, director of the All-Union Arctic institute, has summarized the work carried out by the four Russian explorers who flew to the North Pole and established a base there.

Paying tribute to Ivan Papanin, Ernest Krenkel, Peter Shirshov and Eugene Federov, the professor said: "Four courageous men, despite the brief time of their stay at the North Pole, have made a number of important discoveries concerning the nature of the vast white spot, the center of which is the pole.

"We knew nothing about the Central Polar basin, whereas at present we know precisely the depths prevailing in the proximity of the North Pole, and we can say with certainty that the Arctic ocean represents a cup, the deepest parts of which are located in the vicinity of the North Pole.

"Until lately we had no idea of the direction of the warm current of the Gulf stream in the northern latitudes; now we know that even on the pole there passes a powerful current of comparatively warm Atlantic water.

"We knew nothing about the drift of the polar ice floes in this region inaccessible to man. Now we know that the drift generally proceeds in the southwestern direction toward the area situated between Spitzbergen and Greenland.

"We formerly could only conjecture in the past on the weather conditions characterizing the climatic peculiarities of the area near the pole, whereas at present we know that comparatively high temperatures of the air prevail there during the summer season.

"The presence of birds proves that life does exist on the ice on the North Pole, and it will undoubtedly be found under the ice, too. Finally, we have ascertained the magnitudes of the elements of land magnetism."

Don't put up with useless PAIN Get relief if you can

For the functional pains of menstruation, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite and wear out a woman's resistance.

Get a bottle of Cardui and find out by trying it whether it will help you like thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from the food they eat.

Twenty Iron Men Busy in Tiny "Logging Camp"

Stevens Point, Wis.—From pieces of scrap iron and steel Eric Kedrowicz has constructed a miniature sawmill complete with steam engine, logging sleighs, flatchars and miniature pine trees.

Kedrowicz, a barber by trade, has placed his miniature sawmill on a wooden platform fourteen feet long and four feet wide.

Most interesting of the miniature logging operations carried on in Kedrowicz's "camp" is the sawmill itself. It is operated by a home-made steam engine which drives the saw along a two-foot carriage.

The camp railroad was built entirely out of scrap steel except for the freight engine's four drive wheels, which were cast of babbit. The engine is thirty-two inches long, is operated by steam and will run for three hours unattended. A blow torch generates the steam in the miniature boiler.

When Kedrowicz sets the sawmill in motion twenty iron men operated by steam go through the motions of their jobs. Woodchoppers hack away at trees, a man fishes in a pond, two men operate a cross-cut saw, a man sharpens an ax on a grindstone, and a horse swishes its tail.

It took four years of work after the barber shop was closed for Kedrowicz to complete the sawmill.

Drive Launched to Spur Use of Fruit in Austria

Vienna.—An average yearly consumption of 200 pounds of fruit by every person is declared as a desirable goal by Austrian physicians.

Now about 80 pounds are being eaten by the average Austrian in a year.

Even this amount cannot be furnished by Austria's fruit growers, as \$3,000,000 worth of fruit is imported from abroad, mostly from Italy.

Austria possesses about 20,000,000 fruit trees, or three to every inhabitant.

To increase this number in proportion to the rising demand is the object of the recently organized Austrian Fruit Growers' association, which advocates the importation of healthy and suitable trees from abroad, particularly from California and Florida.
