Chinese Fund Drive
Example to Negroes

New York, Nov. 4.—A recent parade through New York's Chinese district to raise funds to aid China in the war with Japan raised a total of \$11,000 in a few minutes. Contributions were tossed into flags and banners carried by young women, and long strings to which were tied bills of all denominations were fed into the mouth of a cloth dragon.

Pointing out that New York's Chinese population is many times smaller than its Negro population, the NAACP today cited the sacrifice of the Chinese people for their stricken nation as an example to be followed by colored Americans. The New York parade was only one small part of the money which most Chinese are raising and sending to their home land. San Francisco Chinese are reported to have already sent \$1,500,000 back home.

"Colored people are being mistreated and denied opportunities every day in the year," said the NAACP statement, "but if the more fortunate members of the race would sacrifice and raise the funds necessary to carry on the fight for their brothers, much greater progress could be made against the handicaps we face. We also have an example from the Jewish people who are raising this year more than four million dollars to aid Jews in other parts of the world. The millions of colored Americans, even though they are not wealthy, could raise a fund to fight for their rights which would change the picture within a year."

Dark Clouds Hang
Over Ohio AME Sky;
Politics Involved

Cleveland, Nov. 4 (By Clarence L. Simmons for ANP)—Apparently the slight controversy between the North Ohio conference of the AME church, Bishop Reverdy C. Ransom and the Rev. William H. Hodge, former pastor of Avery AME church here, is not altogether settled. There are still a few dark clouds hanging over the horizon, although Rev. Hodge accepted the pastorate at Bethel AME church at Columbus, instead of the one offered him Weirton, W. Va., and to the W. Va. Conference.

It was at Akron that all the fuss started during the session of the N. C. conference which Bishop Ransom reading the appointments, got to Avery church and announced the removal of Rev. Hodge. The stunned pastors attending the meeting looked at one another as they came into the realization that Bishop Ransom had struck at the one man under him who had refused to accept the political faith of the Bishop.

Bishop Ransom is a Democrat of many years standing. With the turnover of Negroes from the Republican party with the rapidity of lightning, he has loomed larger as a state and national leader in his party. Last year he was appointed a member of the state parole board by Governor Martin L. Davey at a salary of \$6,000 a year.

On the other hand, Rev. Hodge, since coming to Cleveland approximately five years ago, is very active in the Republican party. He stumped the state for his party and has played a big part in local elections. When asked about the rumor that he was not in accord with Bishop Ransom's program, Rev. Hodge said that he was not in harmony with the Bishop and Dr. D. O. Walker in their program to make Democrats of all Negroes in Ohio.

When the newly appointed pastor the Rev. S. H. McGee, reported to Avery the following Sunday, members and officers asked him to leave the church and would not permit him to conduct the services. They padlocked the doors. An elaborate investigation was launched into the controversy by local news paper reporters. It was disclosed through this investigation that forward statements were not in accord with their findings. Absolute denial of the circulated story of the previous week that the Bishop had transferred Rev. Hodge because of his political activities was made by AME officials.

Facts gleaned disclosed that the story was merely a misdirected attempt to cover up the real truth behind the transfer of Rev. Hodge, which is wholly based, officials stated on the fact that Avery church has shown no commendable progress during the five years of Rev. Hodge's pastorate there. Reports of the last conference disclosed that members of the church had asked Bishop Ransom last year to remove Rev. Hodge because of his failure to properly carry on the work of the church and because the church had made no real progress since he had been pastor.

As evidence that Rev. Hodge has failed to show progress, AME officials point out that the two mortgages against the church, one for \$8,000 held by the Cleveland Trust and a second mortgage of \$4,000, have not been reduced in principal, nor has the interest been kept up during his pastorate. They also claim that the financial state of the church is in a deplorable condition. In reference to this, Rev. Hodge stated that he thought his work in building up Avery church from a small mission to the third church in Cleveland, had not been given the proper recognition by Bishop Ransom.

Much significance is attached by the AME officials to the fact that most of the delegation which waited on Bishop at Cincinnati asking for Rev. Hodge's return were not members of Avery—and that all of the telegrams of protest except one, at Hodge's removal, came from Republican clubs. Further investigation showed that a majority of the church members are not clamoring for Rev. Hodge's return. So the AME conference pot is yet boiling.

Complete Plans For
Christmas Seal Sale

Plans are practically complete for the opening of the thirty first annual Christmas Seal campaign throughout Nebraska on Thanksgiving day, November 25th, according to Miss Alice Marshall, executive secretary of the Nebraska Tuberculosis Association, who, within the past three months, has organized county campaigns and appointed 156 Seal Sale chairmen. Miss Marshall says that the need for a vigorous program against tuberculosis is increasingly necessary in view of a recent national survey by the New York Tuberculosis and Health Association that reveals tuberculosis is still the foremost cause of death between the ages of 15 and 45.

"The tragedy of tuberculosis is that it strikes mainly at the most vital elements of the community, people in the prime of life, during their most productive period and greatest value to their family and community," continues Miss Marshall. "Tuberculosis has not been wiped out despite every effort we have made to do so."

Great progress has been made since the war, but the last six or seven years of depression have given the disease now hold, and that is why health leaders feel the public must not be lulled into a sense of false security by figures showing a decreased death rates from the disease," she says.

A jolly town crier provides the basis for the design of the 1937 Christmas Seal, the little penny stamp that finances the fight against tuberculosis, not only in the United States but in many other countries. On a background of bright blue, the town crier is pictured ringing his bell with his right hand, and carrying his lantern in the other. The color combination of the yellow rays from the lantern, the bright red scarf and mittens of the crier, and his brown coat, form a unique and attractive seal. This year's seal bears but one word, "Greetings" and the year, 1937.

As is customary, Christmas Seals will not go on sale prior to Thanksgiving Day, so as not to conflict with the campaign conducted by the American Red Cross. All Seal Sale efforts will be concentrated on the time between Thanksgiving and Christmas.

Dies In Attempt To
Save His Son-in-law

New Orleans, Nov. 4 (ANP)—Wesley Lewis, 40 years old died a hero's death last Monday morning as he vainly tried to save the life of his son-in-law, Walter Lemieux, 29. Both men worked at the Celotex Company plant at Marrero and were assigned to be a big crane used to unload freight cars.

At the time of the accident the crane was being moved from one part of the plant to the other, with Lemieux walking at the rear of the crane and helping to turn it by prying his crowbar beneath the wheels. As the machine turned, it suddenly came in contact with a high tension wire, the steel frame of the crane completing the electric circuit and sending the 1,300 volts through Lemieux' body. His father-in-law, Lewis, seeing his plight, ran to the rescue, was also electrocuted as he tried to free Lemieux' body frozen to the steel wheels. Other workers shouted to Wilfred Dufresne, operator of the crane, to remain in the control cabin until the power could be turned off. The wooden floor on which he was standing saved Dufresne. Dr. M. M. Odom, Jefferson parish coroner, investigated the tragic accident.

Resignation Of Noted
Social Worker Stuns

Minneapolis, Minn., Oct. 28 (ANP)—Miss W. Gertrude Brown, head resident of Phyllis Wheatley Settlement House in Minneapolis for the past 13 years has resigned her post to become effective November 1st.

Minnesota, and particularly Minneapolis and St. Paul were bewildered and stunned at the news that their friend, benefactor and leader for such a long time, has decided to leave them for other fields of endeavor. Through Miss Brown's efforts the status of the northside community where the house is located has been changed from one of very ordinary proportions to one of outstanding importance with its \$100,000 settlement in the midst of the new PWA housing project. Negroes feel her departure jeopardizes the status of colored citizens of the city to an inestimable extent, and have circulated petitions under the direction of the Minnesota Negro Council asking that she reconsider her move and decide to return at the end of her six months leave of absence which the board has accorded her in recognition of her long service to the development of the house. In accepting her resignation the board passed a resolution regretting her action most sincerely.

The Council outlined her activities in their petition, and stated: "We feel that Minneapolis cannot afford to lose this individual who gained the prestige of being nominated to the Court of Honor as an outstanding woman who has contributed toward the achievement of Minnesota women during Women's Week Exposition in Minneapolis. (The only Negro so honored). She was selected as America's representative to the Women's International Peace Conference in Dublin, Ireland, by Miss Jane Addams; she is a member of the Minneapolis Interracial Commission, Urban League Board, Twin City Federation of Settlements; a member of the United States Constitutional Sesquicentennial Committee for the city of Minneapolis, a member of the Advisory Board for the PWA Federal Housing Project. The possibility of her definite departure jeopardizes the status of colored citizens of the state, and we feel that all possible efforts should be exerted so we may not lose the services of one who has built up a \$100,000 institution, who has acted as arbiter in every controversy of the minority group, and whose activities in interracial matters can not be replaced."

In order to secure a cross section of the sentiment of the community the Council circulated petitions which were signed by over 1,800 persons urging that Miss Brown return to Minneapolis at the expiration of her well earned six months leave of absence. The name of Miss W. Gertrude Brown has become synonymous with Phyllis Wheatley House, and the name of Miss Brown has stood for progress generally among Negroes and whites in Minnesota. A banquet is being given in her honor November 4th, at the University of Minnesota Union by the citizens of the Twin Cities to be followed by an Open House Reception at the Settlement House. Many of her friends from out of the state will attend.

Seek to Pass Over
Anti-Lynch Bill

(Continued from Page 1)

The past four weeks both the foes of the anti-lynching bill and of the Roosevelt administration have been agitating against the anti-lynching bill.

The foes of the anti-lynching bill, of course, are seeking any method by which they can tie up the bill. They know the votes are there to pass it, but if they can juggle the program in anyway, taking advantage of any "breaks," they intend to do so.

The foes of the Roosevelt administration are using every opportunity to embarrass the President's program and are working the anti-lynching bill overtime.

The NAACP, which is heading the forces seeking the enactment of the anti-lynching bill, is urging all organizations and individuals supporting the bill to see their senators and congressmen in personal conferences before they go to Washington, urging them to insist upon the inclusion of the anti-lynching bill in the special session.

The bill already has passed the House, but in order to limit the special session program, a resolution has to be passed by both the House and the Senate and, therefore, congressmen who already have supported the bill can render still further service by refusing to limit its consideration in the Senate.

Another danger which the NAACP warns against is the possibility that there will be an attempt to eliminate from the bill the section imposing a financial penalty on the counties where lynchings occur. This is the most important section of the bill and is one which has drawn the sharpest criticism from opponents. The NAACP points out that every anti-lynching bill now on the books of the various states contains a penalty provision. The South Carolina anti-lynching law has a provision that the counties may be fined \$2,000.

Every effort should be made to resist the attempts to amend the bill and remove this penalty, for without this section the bill will have practically no teeth.

There is also the ever present danger of a filibuster which must be fought, and voters should make their wishes known to their congressmen without delay.

MEN, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.

No matter how your back aches—how your nerves scream—don't take it out on your husband.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three or four weeks of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."
