THANKSGIVING

Thanksgiving in America is a national holiday, originated in New England after the pioneers had raised their first successful crop.

Because of certain religious troubles in England, people became dissatisfied and were forced to leave and seek some place where they might worship as they desired.

Every year these pilgrims witnessed many hardships such as the fighting of Indians, drought, poor crops and many other discouraging things until at last one winter everything went fine and

there were no more hardships to endure.

In 1623 Governor Bradford issued a proclamation stating that a day of feasting and prayer should be set aside to thank God for their success.

During the Revolution a day of national Thanksgiving annually was recommended by Congress. In 1864, President Abraham Lincoln appointed a day of Thanksgiving.

This Week in Thought and Religion

Previously we have studied and discussed Christian Sonship, re newal, peace, ministry and work ers. Now we shall consider 'Fruit bearing.'

Many who do not want their evils known, use Matt. 7:1 as a cloak. 'Judge not, that ye be not judged.' But verse 4 makes us know that this was told to the 'hypocrites' or Pharisees.

No one is nor can be a Christian without bringing forth fruit. There is no such thing as once in Christ - always in Christ, for he said 'Every branch that beareth not fruit be taken away.'

Our lesson for this week is quite inspiring. There are degrees in fruit bearing. e. g. teaches that He is the vine i. e. life and 'every branch that beareth fruit, He purgeth (purify or prune) it that it may bring forth more fruit.'

The Mt. Nebo Sunday school was well attended in spite of the inclement weather. The morning service was preached by Rev. Gates.

Civic Group Asks Jobs

Cleveland, O., Nov. 26 (By Clarence L. Simmons for ANP)—A fight to the finish is being fought here by the Future Outlook League a 2 year old civic group headed by John O. Holly against the Telling-Bell Ice Cream and Milk company.

Never before has the citizens of Cleveland been so aroused and engaged as they are over the flat refusal of the officials of the largest milk firm to employ race help. Since the opening of the Federal housing project, the league has tried again and again to replace the truck drivers in the Negro sections with drivers of their own without one spark of success.

Chicago, Nov. 26 (ANP)—Chicago's colored citizenry this week found substantiation of their oft-repeated declaration that most law breakers here come from the South and other sections of the country. The police department released figures showing that nearly two-thirds of the 712 prisoners found with 715 guns and arrested during the first ten months of this year, were born outside of Chicago.
