BOARD SETS WEEK'S GOAL AT 20 MILLION

Tampa, Fla., Feb. 17 (AP)—G. D. Rogers, president of the National Insurance Association, in a recent proclamation sent to the Association's member and non member companies set the week of May 9 to 16, as National Negro Insurance Week, a feature which will be the goal of 20 million dollars in new business during Insurance Week.

Calling attention to the 1938 goal of 20 million dollars the president's proclamation said: ".....We call upon the executives, agency officers, clerical forces and field forces of all Negro insurance companies to strive to produce during the week of May 9 to 16, an aggregate sum of new business of not less than twenty million dollars and that the amount of business produced by each company be furnished in detail to the National Negro Insurance Week Committee at a time designated by the chairman of said committee."

In 1937, although a goal of ten million dollars was set the actual National Negro Insurance Week production was \$11,916,051. Walter S. Hornsby, Augusta Ga., is vice president and general manager of the Association and C. L. Townes is the secretary.

The only Negro heavyweight had to default his second match because he hurt his left hand in his first fight which he won on a technical knock. He was Don Coulter of Hastings.

The names of all the colored fighters that fought in the Golden Gloves are as follows: Hezekiah Nicholson; J. C. Johnson; Steve Lock; Don Coulter; Preston Love; Roseco Smith; Aaron Knowles; Roosevelt Hubbard; Clyde Brown; Ed Goodwin; Pee Wee Hollowell. The winners of the finals will go to Chicago to compete in the National Golden Gloves to be held there in March.

White Writer Says Golf Caddies Outplay Many of Stars

Washington, Feb. 17 (AP)—Even Washington's best white amateur golfers might have to take a back seat—or at least get the surprise of their lives—were they to compete against some of the local caddies, believes Walter McCallum sports writer who said so in the Sunday Star.

Wrote McCallum: "Out at Columbia and Chevy Chase and Congressional there are a lot of colored boys who know all the answers to the business of playing golf. You don't hear much about them unless you read the newspapers given over to chronicling the doings of the colored race. But boys like Billy Adams and Bobby King and Harry Jackson and Claude Martin can play golf—lots of it.

"These boys—no fooling—can get around any good course like Columbia in figures that would make you turn green with envy. Scores like 70 and 71 and so on slip off their clubs like magic, and yet you never hear of 'em. Can you imagine the laughs they get when they caddy for a guy who can't bust 100, or how bored they must be when they get a real duffer—in the 120 class."

After telling some of their exploits, including a tee shot clean over the first green, 345 yards away, by Adams, and another short clean past the 15th green into the tool shed beyond, a distance of 400 yards, the writer added.

"Some say it might be a good idea for some club to put on a caddies' tournament. Forget color and put 'em out there to play for a fair-sized purse or if you insist on color lines, let them play in classes."

"Lots of golfers who think they are good would learn that bagtrotter can play golf, too."

SENATE DEFEATS CLOTURE

Wednesday morning over the radio came the sad news that the Senate in their second vote defeated the cloture rule, which would have stopped the southern senators filibuster against the Anti-Lynch bill. The republicans again joined their southern friends to defeat the rule.

According to Walter White, secretary of the NAACP, the vote against the cloture rule was a vote against the Anti-Lynch bill.

Mr. White further stated that if the bill did not pass it would be the fault of the Republican Senators in the Senate.
