Sorority To Establish Lobby In Interest Of Underprivileged Race

Washington, April 9 (ANP)—A congressional lobby to be known as the Non-Partisan Lobby for Economic and Democratic Rights has been set up in Washington as the aftermath of a recent Founders Day meeting of the graduate and undergraduate chapters of the Alpha Kappa Alpha Sorority.

The decision to establish such an agency resulted from a message delivered by Miss Norma Boyd, one of the incorporators of the sorority, in which she stressed the need for legislation to help correct some of the social ills which beset us as a race, especially, those, at the lower economic levels.

William P. Robinson, of the Department of Political Science of Howard university, was selected to direct the activities of the Lobby. The overwhelming reception of the idea resulted in the formation of the Legislative committee, consisting of Miss Norma Boyd, chairman, Mrs. Thelma Bryant, Dr. Dorothy B. Freebee, Mrs. Ethel Grubbs, Miss Marjorie Hollman, Miss Leanna Johnson, Mrs. Marie Long, Mrs. Gladys Peterson, Miss Ruth Travis and Miss Caroline Welch.

The AKA Sorority has over a period of years sponsored some socially valuable projects. It's more recent program was the initiation of a health project under the leadership of Miss Ida Jackson, which consisted of the administration of medical aid, immunization and social hygiene to underprivileged Negroes in the Mississippi Black Belt.

Baha'i Faith

"God's purpose in sending His Prophets unto men is twofold! The first is to liberate the children of men from that darkness of ignorance, and guide them to the light of true understanding. The second is to insure the peace and tranquillity of mankind, and provide all the means by which they can be established."

The gift of God to this enlightened age is the knowledge of the oneness of mankind, and the fundamental oneness of Religion, Beware, O believers in the Unity of God, lest ye be tempted to make any distinction between any of the manifestations of His Cause, or to discriminate against the signs that have accompanied and proclaimed their Revelation.

The Church of the Living God Mission met at the home of Sis. Watson at 2622 No. 24th St. Thur. March 31. The meeting opened with the president in charge. We had one visitor which we were very glad to have.

This Week In Thought and Religion

By Robert L. Moody

Negro Health Week It is very encouraging to know that we, as a group, have advanced in knowledge and care with regard to health, as well as we have made progress in other things.

At one time, we were supposed to have been undesirable because of lack of sanitation, but now we have and know, doctors, nurses, and methods that govern the spread and cure of disease, as well as those of any other group.

Insurance companies refused us the same hates in protection as they offered to others, this is supposed to be based upon our morality or death rate, which is reported to be higher. Of course, in many instances, social and economic circumstances cause our people to live in inferior buildings, eat an improper diet, and wear thin clothing.

Yet we are able to give more attention to our bodies. "What know ye not that your body is the temple of the Holy Ghost. Ye are not your own." "If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are."

We are not able to live a well rounded mora, spiritual or intellectual life if our physical life (the body) is wrecked.

Nothing should be eaten or drunk or used in the body that stupifies or causes abnormal conditions. Though tobacco and liquor are popular and legalized items, they are harmful to the body, directly or indirectly.

Let us not fail to give our bodies the proper rest, exercise, toilet and food, that God may have a healthy (if not handsome) temple in which to dwell.

The Thrifty 12 Art Club

The Thrifty 12 Art club met Tuesday, March 29, at the home of Mrs. Inez Partridge, with all members present, except Mrs. Williams, who is yet unable to meet with us.

Following our routine of business, the hostess served a lovely luncheon which everyone enjoyed. After lunch the president presented 12 of the most beautiful gifts to Mrs. M. Robinson, who was very happy to receive them.

Mrs. G. Nelson visited with us, and Miss A. Foxall. Mrs. Nelson is to leave the city for Hot Springs, Ark, where she will stay three or four months. She gave a wonderful talk and asked that we do hold up and continue our good works. Miss Foxall played the piano and sang several beautiful numbers. Much work was accomplished for the afternoon.

Squire Neal Draws 2 Years In Federal Pen

Minneapolis, April 9 (ANP)—Following his conviction last Saturday on two counts charging him with concealing \$5,903 of he funds admittedly embezzled by his brother from the Soo Line Railroad, W. Squire Neal, widely known mortician of the Twin Cities was sentenced to two years in Federal prison Tuesday by Judge Gunnar H. Norbye.

Squire's brother, John Neal, former confidential messenger for the Soo Line, had confessed taking \$118,000 of the road's money over a seven-year period, was given a sentence of 15 years in Federal prison. The case had attracted wide attention because of the prominence of the brothers in the social and business life of the Twin Cities and because of John's unique method of systematically file-funding funds from the railroad.

The \$5,903 of the company's money was concealed by Squire Neal, was found at his home in a golf bag. At his trial, under cross examination, John Neal said he spent \$50 to \$100 a day on cigars, clothing, gifts and donations. He said he gave freely to the church and the Home for the Aged, but did not gamble or frequent night clubs and taverns.

The testimony also revealed that Brother John, from 1936 to 1937 put nearly \$13,000 into the undertaking business he operated jointly with Squire, that in that time the mortuary had paid back \$3,000 of the amount.
