Marge's Column

Faye Lee has a new Fontenelle Logan personality and she stays at home, believe it or don't you.

Andrew Fields was going down the street singing "Gold Mine in the Sky," and a lady asked him if one of the nuggets fell down and hit him in the eye causing it to be black.

Isn't enough to keep vigil over 24th street, because a lot of romance is taken care of at Brandeis during lunch hour.

Frank Garrett is going to K. C. next week to be in heavy romance. He says Omaha doesn't afford it. Is here O. K., but its nice work if you can get it.

B. Palmer is quite Joe Louis-y about tackling big people in spite of the fact that she is only a half pint.

Woo! Woo! Mr. Davis, the Simpson man, is wearing some more loud trousers, only these are still louder.

Fritz Parks has done it again. What is meant by saying Governor Avant is behind the "right ball." We know that is a pool term, but these people were talking about women.

'Y' Activities

The Trojan Club Social and Worship committees sponsored a Palm Sunday breakfast at the YWCA on Sunday, April 10. There were 34 person present, who enjoyed the breakfast prepared by the above committees. Following the breakfast, the Worship Committee, Helena Thomas, chairman, presented a lovely worship service. It was a lovely affair. There were nine tables seating four persons, and the favors consisted of Easter eggs, dyed in such beautiful colors, nestled in green grass. Each table held a bud vase with a red rose. Esther Essix is chairman of the Social Committee.

The Quack club's Palm Sunday Vesper was very enjoyable. The main speaker, Mrs. C. W. Mead, national board member, spoke on "The Meaning of the Resurrection for Life Today." Tea was served following the Vesper. Mrs. Bernice Marshall, Worship Chairman and Mrs. Dorace Johnson, Social Chairwoman, were in charge.

Herron and Russell Keesee were appointed delegates to represent our division at the Central Trade Union. Brothers Sell, N. A. Bradley and S. Sanford recently lost their sisters. The local extends its deepest sympathy.

FLASHES ON LOCAL AMATEUR FIGHTERS

By BILLIE DAVIS The greatest fighters, and the best prospective comer so far of the year is Roscoe Smith, who won the lightweight championship of the World-Herald Golden Glove tournament. This lad will bear close watching. He has just returned from another one of his jaunts. First he went to Chicago to compete in the National Golden Gloves there, after returning home for a few weeks rest, then left on April 9, with the champions for Boston, Mass. where he also fought in the tournament there. Smith is one great little fighter and has plenty of courage. He is a coming champion.

Another little fighter that deserves a lot of praise is Preston Love, who is a natural born fighter. He was also in the World-Herald Golden Glove tournament. He lost his second fight in the tournament on a very bad decision. Love is being trained by his brother Billy Love, who at one time was one of the best little fighters in the middle west. With careful handling Love will develop into one of the greatest fighters in his class.

Both of these boys have the making of a championship fighters, under careful guidance. Their chances of reaching the top are very good.

We have had other young men in the local pugilistic field that have had a good chance to get on the higher rounds of the ladder, but poor management, lack of interest and failure of ourselves to stand behind them and encourage them, has also been a prime factor in their downfall and failure. Names like Haskell Lee, a natural fighter, for there ever was one, physically equipped and a good puncher and an amateur champion, failed in professional. Not because of himself but lack of proper guidance and schooling wasted on the altar of ambition without proper supervision.

An old timer who is staging "Kingfish," who quit the ring several years ago, is working out daily at Jensen's gym. He is looking very good.

ATHLETES SHOULD HAVE GOOD TRACK YEAR

Spring is here and the various high and colleges have started practice for their spring sports. It is probable that Negroes will again play an important part in this most popular spring sport. Among the local stars are the weight-wranglers, the lovers of the scanty pants sports will be able to find Negro participants in every event with the possible

exception of the mile run and the pole vault. Four high schools and one of our local universities will be represented in part by Negro performers, as is always the case, we find that Tech and Central build their teams around a few outstanding Negro stars.

Tech, An Unkown Quality

Tech the school that won the city championships last year, has been hit hard by the loss of two white stars; Dick Beal and Divid Wall, but the number of Negroes reporting to Dutch White should help him. No end to such hard workers as Chester Hodges and Gilbert, All-City, have been proven to be an asset to any team. The Tech Squad numbers over one hundred members but is still a question mark.

South and North, two of the weaker teams on the cinder path and field sports, will have a few Negro youths on their squads. Three young are pioneering at North high which had only two colored trackmen previous to now. These three are Preston "Jabber Love", Bunky Smith, and Larry Parker. Benson high will not be represented by any Negro, since Gus Rose, the only one to ever compete for the green and white is not reporting.

Lloyd Hunters Band "Tops" Throughout Middle West

Over a period of many years, Lloyd Hunter has been fortunate enough to have an organization that has paved the way for other orchestras to follow. Hunter is one of the very few orchestra-leaders who began at the top, and after playing the Musicians Annual Ball, the Band remains atop, on account of Hunter's Band being so far ahead of the parade at the Musicians Ball it wasn't necessary to take a vote.

The orchestra is composed mostly of college boys. Each member has had an outstanding musical. The members of this fifteen piece band are: Lloyd Hunter, trumpet; Hunter, saxophone; and a number of great bands.

W. S. Fletcher is now back with and he received his degree from Howard University and one from Nebraska, also played with the top bands in the East. He plays the trumpet and violin.

Willie Long, trumpet. Willie has played with every named band of the South for the fourteen years. Bill has been with Hunter for the last seven years.

Jimmie Bythwood played with quite a few main bands, North and South. He plays all the reed instruments and the violin. Richard Harris, trumpeter and violinist and composer of Kan. University; John Reaver, piano composer and writer; Delo Mills, drums and vibraphone, Ed Hammond, bass violin and cello; Dave Finney, Guitar; Less Holt of Kan. University, reeds, composer, and writer; Sharty Gray, reeds, University of Illinois; Orville DeMoss, reeds. Kan. University; Ray Byron, trombone; Wm. Kyles, popular baritone of Kan. University; and Paul Rivers, dancer from New York, N.Y.

The past season the band has catered mostly to Fraternity and Sority dances, playing one or more at every college in the Central States. The boys have picked Broadway as their goal. The boys have picked Omaha as their headquarters while the band makes necessary preparations.

The motto of this band is "Integrity" Central Track Vets Return Central high, which has always had a strong team, and Tech's greatest rival has a galaxy of last years stars returning. Numbered among the veterans are "Byron Hooch" Winston, "Lazy" Washington, Jimmy "Monogram" Holland, "Big Mack" Lew McDonald, L. Wells and Warren Phillips. A couple of new comers promise to add considerable strength to the sprint relay teams.

Warren is a version of his brother in size, the brother who was Central former sprint star, Paul Phillips. The cry around Central is "watch that big 200 pound sophomore weight wangler, McDonald, swing out with the shot and discus. The author of this piece would also like to suggest that an eye be kept on Warren and Phillips.

Omaha university will be represented in the weight events this spring by big John Elliot, Dick Greer, the former Leely sprinter will probably report to coach Hart-

man to work with the freshman squad.

So we are looking for a very high year for the local track stars.

ARK CASE STUDIED

New York City, April 16—Following disclosures here during National Sharecroppers' Week of conditions of forced labor on certain plantations in Eastern Arkansas, and the arrest of Mrs. Henrietta McGhee on a charge of enticing labor simply because she asked for a wage of one dollar a hundred pounds for picking cotton, the National Association for the Advancement of Colored People placed a complaint before the Department of Justice, in Washington, asking for an investigation.

The department has replied through Brien McMahon, assistant attorney general, stating that it will investigate the situation to see if federal laws have been violated.
