tion, emphasizing the fact that her early zeal for preparedness and valuation of time was the pathway over which she tread leading to an undeniable success.

She forcefully related her personal conviction "That what ever is good for the hand, the mind, and the brain of white America is also good for brown America. Her prophesy was that the time is fast approaching when the world will not be concerned with what color you are, but what you can do and how well you can do it.

In introducing Dr. Bethune, Mrs. Robbie Turner Davis, who holds a Masters degree from Howard University, referred to Dr. Bethune as a leader of unchallenged ability, a woman who has for a long time been as a friend of Youth, dating back as far as 1904, when with a capital of \$1.50 she founded what is now known as Daytona-Cookman College, starting in a rental cottage with an enrollment of five students, has grown to a magnificent institution with fourteen large modern buildings a plant appraised at more than a million dollars. The founder and first president of the Southeastern Federation of colored women, covering fourteen states; and many other such achievements which time will not allow me to enumerate stated Mrs.

WOMEN who are ACTIVE and CHEERFUL every day of the month

MANY women are active and cheerful every day of the month—cheerful the whole month through. For others, there may be two or three days when they just can't be cheerful. There may be a condition which Cardui would benefit, or it may be that their physician should advise treatment to free them from unnecessary suffering. If you have monthly pains due to a run-down condition from mal-nutrition (a condition in which you simply do not get enough energy and strength from the food you eat), Cardui may do you lots of good. It is a bitter tonic (to give you more benefit from eating) and a medicine to ease functional pains of menstruation.

try CARDUI for the relief of Functional Pains of Menstruation

Since so many have found it helps to relieve the nervous tension and ease much of the discomfort at menstrual times, Cardui is widely and favorably known. Mothers tell their daughters about it; women tell neighbor women how it has helped them or some one in their families. Remember that Cardui has been found to help in a two-fold manner: (1) to ease functional pains of menstruation and (2) aid in building up the whole system through its assistance as a vegetable bitter tonic.

EDITORIAL of the WEEK

(From the Greensboro, N. C. News, March 24, 1938)

A 10 O'clock Scholar As an advocate of federal anti-lynching legislation the Daily News welcomes the support of President Roosevelt for some such measure. But the tardiness with which the President spoke leaves us relatively cold in our conception of the motivating influences ad the results likely to be obtained.

Where was Mr. Roosevelt, we ask again, when the anti-lynching measure was really being talked about and its all-time friends were making such heroic, if futile, efforts to have its safeguarding provisions written on the statute books.

Adam Powell, dynamic pastor of Harlem's largest church. Dining Car Waiters Set To Fight Cuts

New York, April 16 (CNA)—Dining Car employees will resist with every weapon available any attempt on the part of the carriers to reduce wages as they have recently threatened.

This is the sentiment among the rank and file dining car employees according to reports made by representatives of the workers on the various roads throughout the United States made to the Joint Council of the Dining Car Employees Union.

Calls have gone to all dining car unions and groups urging preparations for united national action if the carriers attempt to carry out their wage slashing program. Already the larger locals representing the great body of dining car employees have endorsed this proposed action, according to Ishmael P. Florv, secretary-treasurer of the Joint Council.

Flory pointed out that dining car employees are among the lowest paid in the country. The workers,

"The Joint Council," he said, "also recognizes that behind this threat to reduce wages there may be lost sight of the legislation in Congress favorable to rail road labor, such as the Crosser Six Hour Day Bill amendment to the Railroad Retirement Act, etc. The Council also recognizes that the railroad industry is probably three to four time over-capitalized."

HOW OFTEN CAN YOU KISS AND MAKE UP? FEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up easier before marriage than after. Be wise. If you want to hold your husband, you won't be a three-quarter wife. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age." Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."
