**BAHA'I FAITH**  
 THE COMING OF AGE OF MANKIND  
 "Progress" Mans, knowledge, his achievements are expressions of the spirit in the material world. Human beings from birth progress physically until they reach maturity. All material things progress to a certain point, and then begin to decline but with the soul there is no decline. In the wide spread chaos and the destructive forces of our civilization, we evidence decline, "The Maturity of the World," and "The Coming of Age of the Entire Human Race."  
 Divine Revelation is orderly, continuous, progressive, not spasmodic or final. God through His prophets has ever given humanity the foundation upon which civilization is built.  
 His Holiness, the Christ said, in accordance with the spiritual capacity or the infancy of the human race: "I have many things to say unto you, but cannot bear them now." Howbeit, when He, the spirit of the Comforter, who is sent by the father, is come, He will guide you unto all truth."  
 The teachings of Baha'u'llah have the same basic principles, but according to the stage of maturity of the world, and requirements of this age. Baha'u'llah's New World Order plan is rooted in the conditions and needs of the world as they actually exist.  
 Transportation and communication make the oneness of mankind, and universal peace, from the standpoint of reason and science both practical and possible. The fact that difficulties in one part of the world are felt throughout the world and that all kinds of prejudices are not based on facts, and that prejudices retard progress, hence the need for the abolition of prejudices.  
 In a matured world man must now become imbued with new virtues and power, new moral standards, new capacities and world embracing attitudes to fill the requirements of this age and build a New World Order.

**Well Pleased With 'Goodwill Musical'**

**MR. L. L. McVAY**  
 The many friends and co-workers who help to make the "Goodwill Spring Musical" a success, I wish to take this method of thanking you for everything you did. I can only say that it simply shows just what we can do with cooperation. I think we are yet living up to our motto, of "getting bigger and better each year." I am sure we will have seen better cooperation another year than we had this.

I some time say we should not single out any one or two for what they did, for fear we should miss someone, but I simply mention a few, such as the cooperation on the part of the chairs, ministers, Omaha Guide and the daily papers. Mr. Paul Holliday, who was responsible for having the choir in the choir stand, the Omaha Concert of the Federal Music Project, under the management of Mr. William Myers and directed by Mr. George Bryant.  
 We could not forget our good friend, Ederer, the florist, who furnished flowers and plants at a very reasonable price. The best of all we want to thank our advertisers who paid for our souvenir program.  
 Now if I have overlooked anyone, we thank you just as much as the rest.  
 Let us all look forward to doing better next year. "Together we stand, divided we fall." "In union there is strength."

 MEN, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.  
 No matter how your back aches—how your nerves scream—don't take it out on your husband.  
 For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three or four of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."  
 Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."
