BAHA'I FAITH

Baha'is all over the world are today celebrating the 94th Anniversary of the Declaration of the Bab, the Forerunner of the Baha'i Faith, who announced on May 23 1844 that He was the Herald of the Prophet of God for this day. True to His prophecy Baha'u'llah, the Founder of the Baha't Faith, announced in 1863 that He was the one Heralded by the Bab.

It is from the year 1844 that Baha'is date the beginning of a new era upon earth, pointing out that from that time forward everything in the world has evolved faster than ever before in known history. They believe that this momentous declaration signalizes through its advent the coming of age of the entire human race, which in turn signalizes the inauguration of a world civilization, founded upon the brotherhood of

Baha'is point with significance o the fact that many students of the scriptures had looked to that very year, 1844, as the one when they were again expecting a Revelation from God, among whom were the Millerites, under the eadership of William Miller. They also point to the significant fact that on May 24, 1844, the first telegraphic massage was flashed from Washington to Baltimore The dinner which was given at and tht message was "What hath the cchurch last Friday evening God wrought?" Still another momentous happening was the birth of Abdu'l-Baha, Son of Baha'u'llah on May 23, 1844 who was later appointed by His Father as the expounder of His teachings.

The present head of the Faith is Shoghi Efferdi, who resides in Haifa, Palestine, the international center of the Baha'i Faith.

"The Negro cannot obtain this jutice for himself. Only we we christians can get it for him."
