ext two Leonard and St. Clair and Mt. Vernon and St. Clair in 1932. He took over the station at Grant and Spring in 1937. The sations have proven so suc-

cessful that they turn over a half million gallons of gas annually and the amount is on the increase Each station is staffed with a competent and coureous group of men and the personnel of each station very popular with the patrons Mr. Peyton is prominent in

many civic and social functios. He recently hended the successful Y. MCA. membership drive. He was educated in Columbus. He is a World War veteran and saw much service. olumbus is proud of Mr. Peyton and feels that the nore then 25 years old make up city grows and expands his oil business. (ANP).

> Another indication that the antion is being reached is the downward trend in the total number received during recent months. From 1907746 applications filed in July of last year the monthly totals have gradually dropped off to a low of 406,745 in May 1938.

A small increase in the number workers 65 and over applying for account numbers is also snow by this analysis-from about 3. percent at the begining of the year to 5.9 percent by May. Mr. Corson explained that although

applications for account numbers their wage records , under State have been filed bringing the total unemployment insurance programs. to 39 106,321 as May 31. An an- The increase in application from Miss Lue Swarz noted one woman to 39 106,321 as May 31. An an-alysis of the applications received workers over 65 has been particuduring the perod shows that ap- larly rotable in the 25 States proximately 36 percent were made unemployment compensation is

> gistration of new workers, p. certain number of applications will continue to be 1. 1 by person previously working in excluded occupations who later take i'bcovered by old age insurance. Mr Carson pointer out that, maide from these increases in applications for account numbers will be contingent upon ameriment of the act to cover workers not included under the present law. Among these are farm laborers, lomestic servants employees of nonprofit organization, seamen the

self-employed and a few others. The Advisory Council on Social Security has recently recommended the inclusion of employees of hongaoliff torganizations mo the sear future. The Council ad the ending the system to other
