### A NEW STORE OPEN

A new store opened, known as Bill's Loan Bank, located at 1804 North 24th street, next to Robinson's Drug Store, near 24th and Decatur.

Miss Hortense Harper, 2632 Franklin, has the honor of being one of the first colored girls to hold such a position as a clerk in a clothing store on 24th street.

Bill's Loan Bank, has the honor of giving this young lady this position. It is strictly up to you and me as to whether Miss Harper holds this position or not.

You can if you want to give another girl a job in this same store by patronizing this store.

Bill's Loan Bank, W. Weiner, proprietor, comes to your community well qualified to serve you. A state licensed and bonded institution. The manager has had 25 years of experience in the management of such institutions. You should feel it your duty to go by this store and say hello to Miss Harper, also congratulate the manager on coming to you with a competent colored girl as clerk to serve you.

## 60,000 NEGRO VOTERS DEFEAT CANDIDATE WHO VOTED AGAINST N. A. A. C. P. ANTI-LYNCH BILL

Oklahoma City July 20 (AP)—The successful race for renomination just waged by Senator Elmer Thomas of this state against Representative Gomer Smith for the democratic selection as U. S. Senators, brings into the forefront the active part played by Negro voters.

Senator Thomas was a staunch advocate of the anti-lynching bill during the recent session of congress while Gomer Smith voted against it. Smith in addressing a group of colored voters said he did not see why Negroes wanted to be interested in such legislation.

## WOULDN'T SELL OFFICERS ROOTS TO CHEW

Concord, N. C. July 20 (Bq) Charlie Spears for (ANP)—Displaying none of the timidity which marked the white witnesses, and without identifying themselves asked her to tell their fortunes.

She told them that two cards showed that "Ball is the meanest man round here" and that Coronor Mitchell is a "good little man."

In his confession Parnell indicated that he held "Aunt Jennie" responsible for the murder because she had given him the roots which made his mind come and go. But although the three officers, individually, made every attempt to buy some roots from her and offered her sums of money to "voodoo" other men, she flatly refused in each case.

After hearing the principal witnesses the jury returned a verdict that Parnell be held without bond for the grand jury. During the inquest Parnell sat apparently unmoved by the story of the murder to which he confessed.

### Dr. Peppers Played at Charity Benefit

Doss Cafe Nips Peppers

Sunday evening a three run spurge in the sixth gave Doss Cafe a 3-2 margin over Dr. Peppers, whose "Mickey Mouse" Metcalf was an attraction in himself.

The Peppers popped right back with two runs in the seventh and seemed on their way to tie until Hunter was caught off third.

### SEN. WAGNER WIRES U. S. ATTORNEY GENERAL TO INVESTIGATE LYNCHING OF TOM GREEN IN MISS.

Albany, N. Y., July 20 (CNA)—Two lynchings in the same week with victims burned to death brought a vigorous protest this week from Senator Robert F. Wagner, New York Democrat and co-sponsor the Wagner-Van Nuys Anti-Lynching Bill which was defeated in the last Congress by a filibuster of Southern Anti-New Deal Democrats, aided by Tory Republicans. Senator Wagner wired Attorney General Cummings and urged immediate investigation of the lynchings at Rolling Fork, Miss., and Arabi, Ga.

At Rolling Fork, Tom Green, 48-year-old plantation blacksmith, was shot, dragged through the streets behind an automobile, and burned.

John Dukes, a 60-year-old farm hand, was burned to death by a mob as he was dying from bullet wounds.

"With all the earnestness at my command," Wagner telegraphed Attorney General Cummings, "I respectfully urge an immediate investigation of these lynchings by the Department of Justice to ascertain violations of the Fourteenth Amendment. Prompt action in this respect will help bring the guilty to justice and tend to forestall a new wave of lynchings during the adjournment of Congress."

In a statement to the press, Senator Wagner pointed out that experiences in 1922, 1934 and 1935 demonstrated that the number of lynchings declined while anti-lynching legislation was pending in Congress, only to rise again when hope for the passage of such legislation died.

"This tragic history is repeating itself in 1938," he added. "Concurrently with the prolonged struggle for enactment of the Wagner-Van Nuys Anti-Lynching Bill this year, there was a complete cessation of lynchings for six months. Now that Congress has adjourned, lynching is again in the ascendancy."

Others Send Protests

"The flagrant denial of the political subdivision of the state,

fundamental constitutional rights of any of our citizens, whatever their race or creed, is a challenge to our Democratic faith. With all means at our command, we must meet the challenge of fascist tendencies manifested in the action of lynching mobs."

Wagner said the fight for the anti-lynching bill "must be re-enacted," adding:

"Only by the enactment of that legislation will we achieve the permanent substitution of due process of law for the rope, the faggot and the blow-torch. Only by its enactment can America vindicate its proud position as the foremost example of a functioning democracy in a troubled and war-torn world."

"In the meantime, the Federal Government should exercise all due diligence to investigate these recent lynchings for violations of the 14th Amendment. To that end I have wired the attorney general of the United States, urging immediate action by the department of justice."

Similar protests have been sent by many organizations and individuals, it was learned this week.

### NEW YORK GETS ANTI-DISCRIMINATION MEASURE

Albany, N. Y., July 20 (AP)—A measure to prohibit discrimination against person because of race, color, creed or religion was reported on favorably by the Bill of Rights committee Monday night and paves the way for an eventful constitutional convention vote.

The proposal, drawn from seven proposed amendments submitted by delegates, would provide that "no person shall be denied equal protection of the laws of this state or any subdivision," and that "no person shall, because of race, color, creed or religion, be subjected to any discrimination by any firm, corporation or institution or by any agency or

organization or by any subdivision of the state."

### HONORED

Readers of the Omaha Guide will be interested in results of the civic dilapidated tax collection campaign for the first six months of 1938, as reported to the Omaha Guide by Wilbur Jones, campaign executive chairman.

Collection of delinquent and current real estate and personal taxes from January to July 1 showed an increase of \$337,379 over the same period in 1937. Campaign sponsors obtained figures from the county treasurer's office and the Association of Omaha Taxpayers.

Current collections, affected by the campaign, totaled \$3,373,614 for the six month period ending July 1, a jump of \$291,822 over the same half-year in 1937. Collection of back taxes showed a gain of \$45,557 over the same period in 1937.

Most of the gain in payment of delinquent taxes was made during June, Mr. Jones pointed out, due largely to campaign activities. Collection of back taxes during June: 1938, \$86,179.30; 1937, \$59,241.36; 1936, \$55,520.50.

With the civic drive at the half way mark, campaign sponsors are jubilant over results shown in both current and delinquent collections especially during June. Speaking of current collections, Mr. Jones said:

"In spite of the fact that the total is affected by an increase in levy for 1938 over previous years, this year's current payments still show a sizeable gain."

### FIVE WEEK SUMMER TERM FOR OMAHA U. REGISTRATION NOW

A new departure in program for the University of Omaha is the second term of summer school to begin, Monday, July 25, and to conclude August 27.

Registration for the five-week term began last Thursday morning and will continue through next Wednesday July 27. The term is an experiment to determine the demand for classes all through the summer months. Previously only one summer term has been offered by the University.

Classes in the departments of education, economics, English, history and government, philosophy and psychology, and science will be given during the second term. Courses in science will carry four hours of credit while all the rest will allow for two hours.

Continued efforts will be made to collect delinquent personal taxes and plans are being completed for that part of the campaign devoted to aiding in the collection of unpaid real estate taxes, Mr. Jones said. Spurred by results to date, campaign sponsors will redouble efforts from now until the deadline December 31, he said.

Favorable crop conditions and indications of improved business this fall will aid the campaign materially, Mr. Jones said. However, he said, "we must have the support of every individual and business firm in Omaha in order that the drive be successful."
