

SPAULDING WISDOM

(FOR ANP)

A few of the wise saying of C. Spaulding, president of the National Negro league during the course of his annual address at Houston.

BEGIN AT THE BOTTOM

"Our young people should realize that there are only about two things you can successfully begin at the top, a ditch and a grave."

"I a rabbit's foot is so lucky, why

did the rabbit lose it?"

"Our people should learn that they will find luck in hard work."

THRIFT

"Get the funds before you have the fun. Our young people get in trouble trying to have fun with somebody else's funds."

UNCLEAN

Most Negro restaurants should in actuality be called, 'Risks to Run.'

PROPER PUBLICITY

Newspaper advertising is the best means by which you can let folks know what is on your shelves."

BUSINESS FORMULA

"The three essentials in business are character, ability and training—you can get the money later."

HARVEY NEW YORK VISITOR

New York, Sept. 8 (APN)—B. T. Harvey of Morehouse College at Atlanta, Ga., was a visitor in New York for a brief period, running over from the tennis tournament in Pennsylvania. Mr. Harvey actively identified with athletics

Mrs. Roosevelt Scores Southern Exploitation

throughout the South outlined the program of the Tennis Association and declared that at the meeting of the executive body, more was accomplished in a constructive manner than at any previous meeting. One of the innovations was to set a five year program, outlining and voting then on the places where the tournament was to be held each year for the next five years.

Colored Players In MGMs "Too Hot To Handle" Paid \$3,000 Per Day

Hollywood, Sept. 8. (By Harry Levette for APN) The "big bad wolf" can huff and puff in vain at the doors of many local colored film actors and extras this coming winter, for the pay-roll at Metro-Goldwyn studio for their new film "Too Hot To Handle" during the past few weeks has been a godsend to them.

During the past nine days nearly \$3,000 per day has been paid out to the colored players alone, most of them who are members of the Screen Actors guild. Those who did not belong to this powerful and very beneficial union were allowed to work by the studio after securing waivers so they could full out the numbers required. These received the same rates of pay as guild members, which was attended to by Charles Drubin, capable young militant checker for the guild.

The sum total was the largest amount of cash paid colored movie actors since "Slave Ship" at Fox studio over a year ago when in addition to the stock players, and day players who had worked all through it, 700 were used on a single day. This was the well remembered scene of the sweltering hell-hole of a crowded ship hold packed with human cargo.

Including a number whose checks with adjustments for overtime and stints paid averaged \$100 per day during this period, 255 men worked for three days straight. Of these many doubled back after a few hours sleep at home to start a new day of 8 hours at studio specifications.

WASHINGTON BANK WORTH

\$783,435.81

Washington, Sept. 8 (C)—The Industrial Bank of Washington, Jesse H. Mitchell, president resources of \$783,435.81, it is reported, and capital is \$50,000, and deposits \$685,219.

Asthma Cause Fought in 3 Minutes

By dissolving and removing mucus or phlegm that causes asthma attacks, the Metz Beer Company claims. No smoke, no dope, no injections. Absolutely tasteless. Starts work in 3 minutes. Sleep soundly tonight. Stay young, strong, and eat anything. Guarantees completely satisfactory or money back. If your druggist is out ask him to order Mendaco for you. Don't suffer another day. The guarantee protects you.

sure that their benefactors "looked alright" before accepting. And since these lifts were short the girls trudged most of the distance on foot.

They arrived on the outskirts of Cleveland around midnight Tuesday, weary almost to exhaustion. Their last ride had been with a postman. They claim that they were not afraid of him because he "looked official."

They rode only as far as Kinsman road and walked the rest of the way to Wade park, about four miles. There they stopped for a long-awaited rest. Efforts are being made to keep the girls in Cleveland.

IOTAS HOLD FIFTH ANNUAL MEETING IN CLEVELAND

Cleveland, O., Sept. 8, (By Ted Yates for APN)—With Theodosia B. Skinner, national officer as mistress of ceremony, Iota Phi Lambda opened its fifth annual convention here last week at Antioch Baptist church, the main address being delivered by Rev. Henry P. Jones, pastor Bethel AME church, Philadelphia. Several hundred delegates and visitors from all sections of the country were present. Lauding womanhood, Dr. Jones said:

"I am proud of these women who are doing their part for the race. These women who have taken a high place in the business, social and economic world, and all this talk about women not working should be discarded. Why in Shanghai, China, there is a bank successfully operated by a woman."

NOT MUCH, JUST \$800,000-000 FOR POOR FOLKS

Washington, D. C.—The Government's \$800,000,000 slum-clearance and low-rent housing program was launched because "America has decided to subsidize good housing instead of subsidizing slums" R. M. Little, a consultant of the United States Housing Authority, declared last Friday, Sept. 2, at the dedication of the Brand Whitlock Homes in Toledo, Ohio, in which 264 families, mostly Negroes are housed.

"We have paid money to build jails for criminals and public hospitals for the sick," Mr. Little continued. "We have tried to wipe out juvenile delinquency to improve health, to clean up fire hazards for the good of the entire community. But we have only recently begun to attack these problems from a more logical angle." That angle, he indicated, is the improvement of housing conditions.

Erected from an allotment of \$2,000,000, Brand Whitlock Homes was opened for occupancy last spring by Nathan Straus, Administrator of the USHA, and the 264 dwelling units are not now 100 per cent leased. Rents, including heat, hot water, and electricity for light and refrigeration, average \$24.6 a month.

Mr. Little called attention to the fact that in the construction of the project, "employment was given both Negroes and whites as nearly as possible according to the ratio each bears to the total local population."

TWIN GIRLS WALK TO CLEVELAND

Cleveland, Sept. 8 (APN)—"We didn't get hungry, we just didn't think about it," was about all the comment made by two girls after they had finished a two day's trek to this city from outside of Warren—a distance of 65 miles, but it gave a splendid indication of the type of stamina and determination that youngsters can have.

The twins are Geraldine and Jacqueline Marsh, 12, whose recent life has been a tragedy of being "shunted about." At least that's the way they seem to feel about it.

Until a short time ago they had lived in a home here, but had later been sent to a farm on the outskirts of Warren. For a very brief time they stayed there became dissatisfied. A bit of consultation developed in their young minds the plan of setting out for Cleveland and the home of friends who had been very kind. And Monday, about the lunch hour, they set forth.

They were extremely cautious on the way and accepted only two or three short lifts that were offered them. Even then, they made

New York, Sept. 8—Mrs. Franklin D. Roosevelt took a slap at the South's exploitation of the Negro in her syndicated column "My Day."

In the New York World Telegram of August 17, she wrote: "The South has so many potential riches but it always seems to me that many of its advantages go for nothing because of habits and customs which have grown up and been injurious to the land and people. The people who have been forced to the lowest standard of living and have a minimum of education and the lowest teach income are the Negroes, and I think it has always been felt by the south that in some mysterious way, this is an advantage. During the last few years some question has arisen in the minds of many Southern people as to whether a backward group is ever an advantage."

Assigning Lieut. Samuel J. Heidner, infantry, to duty "with the United States military mission to Haiti at Fort au Prince." Another order issued assigned Capt. Douglas B. Smith, infantry, to duty with the same group. Date of sailing was announced as on or about Sept. 6. Heidner, as chief of the delegation will report to the American Minister at Port au Prince, for duty, "under the direction of the President of Haiti."

No expense will be incurred by the United States government in connection with the mission, the special orders stated.
