## 8,000 FOOTBALL FANS SEE NEGRO ALL-STARS SWAMPED BY CHICAGO BEARS IN NIGHT GAME

By Billy Davis, Staff Correspondent

Chicago, Ill., Sept. 26—The Negro All-Stars who were selected by a nation wide poll to participate in the 1st Charity game under the lights of Soldiers Field Friday night Sept. 23rd, were outclassed and out played by the Chicago Bears to a tune of 51 to 0. In the first quarter the Professionals made the All-Stars look as if they were standing still, fans from all parts of the country were on hand to see the undertrained colored stars go down under the line drives of the Chicago team. The All-Stars threatened only once in the third quarter when Ozzie Simmons sneaked through line for a gain of 12 yards, from then on it was the Bears all the way. The Bears outweighted the All-Stars in every department. The fact is that the Bears have been organized for several years and they also have some of the outstanding players in the country on their squad, so this is one reason why our team was scored on so often. The other reason is that the all-stars had not been training but for about ten days and the Bears have been training all summer. So give the all-stars just two more years and they will reverse that score. More power to the All-Stars, coached by Duke Slater, Ray Kemp, Ozzie Simmons and Windy Wallace.

### TO KEEP YOU OUT OF TROUBLE

**Privileged Communications**  
In a court action it is not only the trickery of the opposing lawyer that an attorney has to fear—but also the trickery or evasiveness of his own client which can be just as dangerous. Many a client loses an honest case by tinkering with the truth. If you have a good lawyer whom you trust tell him everything. Failure to do this is just as silly as concealing your symptoms and habits from your doctor—"It's your health" at stake, not the doctor's. More good cases are lost on account of evasiveness, I believe, than for any other reason.

Not long ago a lawyer lost a perfectly good case because the opposition sprung a witness on him for which he was utterly unprepared. The lawyer asked his client afterwards, "Why didn't you tell me you had once corresponded with that man?" "That was years ago and I thought he had probably lost the letters," she said. "So I didn't tell you because I thought perhaps you might lose

confidence in my case." There is no power which can force a lawyer to tell what his client has told him—It is what is known as a privileged communication, and is of the highest confidential nature, and will never be told unless the client releases the lawyer. So remember that when you go to your lawyer seeking advice.

Even though the marriage may be dissolved by death or divorce, conversations between a husband and wife are also privileged.

**CRIMINAL LAW—Bribery**  
Bribery is a criminal offense—and the offense is complete when any attempt is made to influence an officer in his official conduct, whether in the judicial, executive or legislative department of the government by offer of a reward or pecuniary consideration. And the offer to accept a bribe is equally criminal. It is no defense to plead that the official or the body of which he was a member, had the authority by law to

do the thing sought to be accomplished by the bribe. And it does not matter whether a vote if procured by bribery produced the desired result or not, nor does it matter whether the official conduct of an officer produces the desired result or not. And it has been held that where two magistrates agreed to vote for the candidate of the other, that the same principle applied.

## U. S. S. BOISE TO VISIT LIBERIA

Washington D. C., Oct. 1—The Navy Department has announced that the shakedown cruise of the newly commissioned 10,000-ton cruiser BOISE will begin on October 12 and will include informal courtesy calls at two ports in Africa. The Boise is scheduled to visit Monrovia, the seaport capital of Liberia, from October 24 to October 27, and Capetown, Union of South Africa, for the week beginning November 6.

There are a number of reasons why the visit of the Boise to Liberia is of interest at this time. The United States Government has completed plans for a modern Legation building at Monrovia, designed especially for tropical conditions, to take the place of the rented structure occupied at present, and construction is to start

shortly. It is planned to dedicate the site of the new Legation building at the time of the visit of the Boise, with appropriate ceremonies commemorating the occasion.

For some time there has been in the possession of the Phelps-Stokes Fund, a philanthropic organization which for many years has contributed actively to the advancement of Liberia, the surviving portions of the bunting from which the first flag of the Republic of Liberia was made. As a special gesture of good will, the trustees of the Fund have decided to prepare this material in a form suitable for donation to the Liberian Government and the historic relic will be carried to Monrovia on the Boise for presentation following the arrival of the vessel in that port.

The Republic of Liberia has always been bound to the United States by close and traditional ties of friendship. In 1822 American freedmen established their first settlement near what is now Mon-

## ARMSTRONG TAKES REST

Los Angeles, Cal. Sept. 26—Henry Armstrong minus one title and five teeth left Monday night with his manager, Eddie Mead for Hot Springs, Ark., and several weeks of preparation for his forthcoming welterweight defense against Celerino Garcia.

Armstrong gave up the featherweight crown three weeks ago and lost the teeth to a dentist following mouth injuries received in winning the lightweight crown from Lou Ambers.

and during the period preceding the Civil War many emigrants left this country under the auspices of the American Colonization Society to join the colonists, on the West Coast of Africa. Henry Clay, as well as Madison, Monroe and numerous other distinguished Americans, became an active supporter of this movement. In 1847 a group of the West African settlements united to adopt a constitution modeled on what of the United States and a Declaration of Independence was issued on July 26 of that year. American citizens have since maintained their early interest and sympathy for the young republic.

The first treaty between the United States and Liberia was signed in 1862, after the outbreak of our Civil War, and was ratified and proclaimed in 1863. This treaty was recently replaced by the signing on August 8, 1938 of a new Treaty of Friendship, Commerce and Navigation. The visit of the Boise to Monrovia therefore coincides with the seventy-fifth anniversary of the initiation of treaty relationships between the two governments. In view of this fact, and considering the remarkable progress made by Liberia in the last few years under President Edwin Barclay, the occasion is expected to be something of a landmark in the history of the relations between the two countries.

The last visit of a United States naval vessel to Liberia took place in 1928.

## GREAT PLAY OF NEGRO STARS CHEERED AS EAST BEATS WEST, 5-4

15,000 at Polo Grounds See 10-Inning Thriller—Best Players Put on Big League "Preview"

New York Sept. 26, Negro base ball stars kept out of the big leagues by Jim Crow, put on a great show yesterday for 15,000 fans at the Polo grounds.

It was the Eastern All-Stars against the Western, with the former winning in the tenth, 5-4, but the main thing wasn't the result of the game but the brand of ball up to prove that what so many sport writers and fans and big league players have been saying is more than true—that many Negro ball players are good enough to step right into the big leagues and star.

Fifteen thousand fans Negro and white, applauded the sensational play of such aces as pitchers Ray Brown, Johnny Taylor and Al Trent, a trio that would look sweet on any big league pitching staff, Josh Gibson, slugging catcher called better than Gabby Hartnett by ex big leaguers Ray Dandridge, spectacular infielders, Bankhead and Wright, outfielders.

The American League stars, composed of players of the Negro team of the West and South took the lead, tallying one in each of the fourth and fifth off Johnny Taylor after Ray Brown had pitched three beautiful innings, fanning six. A fit of wildness cost the first tally and Burt Johnson's rap into the right field stands for home run scored the second.

Two more A. L. tallies came in the seventh and then the power laden National batting order caught up to Al Trent who had been pitching a beautiful game, holding the East for six innings with masterful control and curves that exploded.

In the eighth however, Wells, walked, Dun ripped a double to right to score the fleet shortstop Barney Brown singled to left scoring Dunn, Bill Wright doubled off the right field wall and Ches Williams' single to left scored them both with the tying runs.

In the tenth Bruton relieved Ted Trent, and with two out Wright singled to center and Bruton walked the next three men to force over the winning run.

Fast fielding and all around classy play featured the game.

The score:  
WEST—  
.....0 0 1 1 0 2 0 0 0—4 7 2  
East—  
.....0 0 0 0 0 0 0 4 0 1—y 8 1

## Unemployment Compensation

Lincoln, Neb., Sept. 29—Nebraska employers subject to the Nebraska Unemployment Compensation law do not cease to be liable under the terms of the law immediately when their employment rolls fall below the minimum requirement of eight or more employees it was pointed out today in a statement issued by R. T. Malone, Director of the Nebraska Unemployment Compensation Division.

"Every quarter when contributions are due we receive letters from a few employers who send in blank contribution reports, stating that they are now below the minimum requirement of eight or more workers and are no longer subject," said Mr. Malone. "When an employer has become subject to the Nebraska Unemployment Compensation law by reason of his having employed eight or more workers in twenty or more weeks during a calendar year, he remains subject to the law for a minimum of two years, regardless of how few workers he employs the second year."
