Truly no Christ is found in the world carnal things and places of life. Men today celebrate the birth of Christ in reveling, drinking, etc. The birth means to us that he shall be born in our hearts and we celebrate with Thanksgiving that God gave his son that men might be saved.

At 6:00 a Christmas program was enjoyed by all.
Come and worship with us.

Future Citizens Build Minds & Bodies

These boys and girls are future citizens who are building up their bodies and minds at a few of the recreation centers, more than 15,000 in number, operated by the Works Progress Administration in cities, towns and counties all over the United States. In most cases, these youngsters' parents had no such opportunities in their youth, but they know the value of the worthwhile use of leisure time for their children. With other citizens in their communities, they formed committees which have investigated the local needs for recreation

and have planned to satisfy them. With WPA assistance, they worked out programs supervised by trained recreation leaders. They also arranged to provide needed parks, playgrounds and community buildings in which these programs could operate. Like 20,000 other citizens throughout the country, these wide-awake parents have organized their communities to take advantage of Federal funds which are now providing recreation centers for communities throughout the United States.
