

# OMAHA CASH COAL WINS OPENING GAME

by RICHARD STANLEY

Before a crowd of about 3,000 fans, Soup Lawson's boys started the amateur season off with a bang. It has been a long time since the fans saw so many thrills and spills in one ball game. I. Levert of the opposing team was the first man up. He singled to center. But he died on base and the side was retired nicely. In the first half of the second, Walker got himself in a very bad hole. Tapley and Scott came through nicely to get him in good standing, but in the first of the fourth you have to pay Mr. Robert Ripley, Believe it or Not.

Mr. Frye erred and also Mr. Walker putting 3 on and no one out. Then one was hit to left field and the O. K. Hardware began to error net results. 2 men were thrown out. Again Walker got out a very bad hole. Then in the 5th Walker struck out the entire side. 3 up and 3 down began to look like Bob Feller. In the 5th, Bill Young singled. Scott running for Young stole second, also third. Watch your step Mr. Scott. Officer Birch hates a thief. In the 6th Soup Lawson singled, stole second and scored on Manley's single to right score now 1 and 1. In the 7th and 8th both sides had runners on base but lacked the punch to score. But in the 9th this boy Tapley saved the Day by making a brilliant one hand stop and threw his man out by 3 steps.

Through the sportsmanship of the managers and Hamm and United Plumbers team the game was allowed to continue. Then came the first of the 10th, O. K. Hardware called on their reserve, a pinch hitter. What hitters they turned out to be. A triple to left field was so well another pinch hitter went to bat and tripled to center and came home on an error. Score now 3 to 1 in favor of O. K. Hardware. Looks bad for the colored boys. Well here is the last of the 10th. Manley first up. He walks. Clannio Lee runs for Manley. Goes to second on a passed ball. Then comes Tapley who singled. Clannio scores. Grady Frye doubles to center. Tapley stops at third. Scott next up. He singled. Tapley scored and tied the old ball game 3 and 3. Now Mr. Bill Young up. Nobody out. He takes 4 balls, puts 3 men on base. Mr. Lee is up. This is the 4th time at bat. Three strike outs previous. Mr. Lee ducks in to a fast one. Got hit on the head and forced in the winning run. A hectic ball game. 1 and 1 until the 10th inning. Both sides played a wonderful ball game considering that the game was the first one of the season. Tapley is an outstanding ball player. His brilliant playing at the keystone sack saved the day. I still think the team need some reserve strength. Two or 3 times a pinch hitter would come

in handy. Get 3 more players, Mr. Manager. Suppose you have a injury to one of your men.

## ON THE AIR

(By Sallye Bell for ANP)

Did you ever try shaking hands with an empty glove? Or talking to someone in a dark room, only to learn there's no one there? Then you've experienced the rather baffled feeling that comes with exerting energy for nothing. You can sympathize with the writer of this column. Writing for you radio fans is just like broadcasting to an unseen audience and then learning that the mike wasn't on. I never hear a word from you; if you read this column if you like it or don't like it, if you get anything from it—I never know it.

I was reading in the paper the other day that executives of a large radio network said there was no demand for Negro radio talent simply because Negro radio fans do not support them. A radio artist's support is his fan mail, and I can sympathize with any artist who is trying to pull Negro response because it just isn't there. But I'm a glutton for punishment, so I guess I'll continue writing these words of wisdom and gems of knowledge for you (as long as I get paid for it) and hope that one or two out of the twelve million Negroes in these United States will read 'em and do somethin'. So much for that.

If you heard "Wings Over Jordan" last Sunday you heard the Rev. Mr. David Mpkato Buyabuye Mmodana, pastor of First Baptist Church of McDonald, Pa., and eldest son of a tribal chief in Idutywa, South Africa. Tribal religion demanded him as a sacrifice but American missionaries intervened in time to save him and convert his father to Christianity. He came to the United States when he was 15, and has been here since after attending public schools and both Negro and white colleges and universities. He is founder of Pender County Training school at Rocky Point, N. C.

The National Urban League's new program "Negro News and Views," aired over station NYC (810 k) New York is going over big. They have had such outstanding personalities as Miss Gwendolyn Bennett, director of the Harlem Community Art center, and Dick Campbell, director of the Rose McClellon players. Next week (May 20) Mr. Jesse O. Thomas of Atlanta, Ga., Southern Field Director of the National Urban League, will address the radio audience on "The Negro contribution to the Culture of the South."

When "Your Sunday Date" was aired last Sunday over a local Chicago station, they featured a medley from "Porgy and Bess," including "I Got Plenty o' Nuttin," "Summer Time" and "It Ain't Necessarily So." Cab Calloway has finally named his quartet "The Four Cab Jivers" at the suggestion of radio fans; the group includes Chu Berry on saxophone, Cozy Coles at the drums, Danny Barker strumming the guitar and Milton Hinton, bass. Andy Kirk is now featuring June Richmond, formerly with Jimmy Dorsey and Cab Calloway and Floyd Smith, swing guitarist, for whose contract offered \$5,000. Duke Ellington will conduct a mammoth jazz orchestra, composed of every available swing leader and musician in New York, at the National Swing club affair at the Hippodrome on May 29. Eddie South, "dark angel of the violin," will be heard from Hollywood's famed Trocadero beginning May 14. Duke Ellington will play Loew's State theatre in New York starting the

### RULE LEWIS TOO BLIND TO FIGHT

#### British Boxing Boards Holds Up Encounter

London—(SNS)—The British boxing board of control Friday declined to sanction a world light heavyweight championship bout between John Henry Lewis and Len Harvey after giving Lewis a physical examination. The board, at the same time, declined to grant Lewis permission to box in England.

The light heavyweight champion who was beaten recently by heavyweight champion Joe Louis, has been troubled by failing eyesight for some time.

Michigan authorities declined to permit him to box Dave Clark in Detroit in March. At that time Dr. Daniel R. Donovan who examined Lewis, reported that the sight of the champion's left eye was "almost most gone." Dr. Donovan added that "Lewis was unable to read even the headline print of a newspaper and apparently could distinguish only light from dark."

## DO YOU REMEMBER?

### RACE HORSE DOPE

Race fans, it is only 17 days more before the crowd will be yelling. Come on Sarah Bell or come on Molasses or some thing. Whatever he or she got that 2 bucks on. They want some running and a lots of it. Every horse I bet on, runs out of gas or stops for a red light. That reminds me to remind you, don't let nobody cash your ticket. If you catch a winner. I happen to know a prominent gent by the name of Vernon Washington, Soo Belly to you. This gent of color, after 6 straight losses was awful disgusted about his luck and decided to call it quits for the day. But one of his good friends was sorry for him and loaned him a two spot. He glanced over the form sheet for about 3 minutes. Ha! Ha! says Vernon Washington, I got one now and sure enough he got a juicy one. It paid \$14.40. Washington beat it down stairs to get in the payoff line. What a grand and glorious feeling. There he met another gent of color. The line was long and Washington grew impatient so he asked the friend to cash his ticket which the friend kindly obliged to do. So Washington is still looking for his \$14.40. But Mr. Soo Belly found the friend at this writing. Mr. Soo Belly has collected 40c of the \$14.40.

So there is \$14 balance due to Mr. Soo Belly. Will wonders ever cease so the morale in this true story is if you have a winner, cash your own ticket regardless of how long the lines are. I have been asked time and time again about certain race tracks all over the USA. Here are the first class tracks. Aqueduct, N. Y. Arlington Park, Ill.; Belmont, N. Y.; Empire N. ## State Dept. of Labor News

Lincoln, Nebraska—A statewide campaign has been launched in Nebraska through the Nebraska State Employment Service, to secure jobs for qualified employed workers over 40. It was announced by Harry Bane, Director of the State Employment Service.

The campaign in Nebraska, which will be carried on during the entire month of May, is part of a national program launched by President Roosevelt through a special proclamation on April 30, urging that at least one week be set aside for this purpose by every state.

Churches, civic organization, veterans' group, chambers of commerce, industry labor, radio, and the press in Nebraska have been asked to cooperate in finding jobs for workers over 40, whose experience has qualified them for work, but whose age has been a factor in keeping them out of the labor market.

W. H. Andresen, Placement Representative for the Nebraska State Employment Service, is in charge of the Nebraska campaign which is being carried on with the cooperation of the managers of 20 State Employment Services offices.

Job Surveys for employment of workers over 40 have already been completed in Lincoln, Omaha, Norfolk Kearney, and Holdrege. Similar surveys will be made in other cities of the state during the next ten days.

"The largest employers in Nebraska have been contacted through this survey as to their employment policies in respect to the older workers," said Andresen. "Almost unanimously they expressed the idea that they would just as soon hire a man past forty, provided he has other qualifications necessary for the particular job for which application is being made by the older worker."

The national campaign with which the Nebraska program is affiliated is sponsored by the Committee on Employment Problems of Older Workers, appointed a year ago by Secretary of Labor Perkins. The committee includes prominent industrialists, heads of employe organizations, and economists.
