YWCA NEWS YWCA

The Mothers Council enjoyed a beautiful Litany Service on Monday evening conducted by Mrs. Chue. Other features on the program were a reading titled "An Older Mother Speaks" by Mrs. Eula Gillam—an instrumental solo. Minuet by Paderewski, by Miss Archie Mae Young who is a daughter of one of our Mothers. The Council had the privilege of hearing Father G. A. Stams, in a talk and open discussion: The topic, "Religious Development of the Child" was broadly discussed. The religious development of the parent should be of the foremost importance to the guidance and development of the child" he said. The parent should accompany the child to church school; be interested in his social and religious development. The Bible should be taught and read in the house with understanding. Following the discussions Miss Bell the "Y" secretary conducted the council in many community songs and some games. Miss Archie Mae Young accompanying. The concluding number, "My Lord What A Morning" was led by Mrs. Robinson, after which refreshments were served.

We were fortunate to have so many mothers to have birthdays in May, for each Mothers presents a cake to the Council and all join in with coffee and ice cream. An unusual large number attended.

ARTIST ENDS SEASON

Vercylee Norvell, prominent North high baritone made his last public performance to Omaha for this season last Monday evening, May 22nd at the Olivet Baptist Church. He sang the aria "The Heart Bowed Down", from the opera "Bohemian Girl" by Balfe. He was very enthusiastically received by a capacity crowd. Vacationing in different parts of the west, he has earned a well deserved rest. For every Erwin show at North high school, this semester he has been in great demand. Upon his return to Omaha this fall, he shall resume his active career, along with his very fine and faithful accompanist, Booker Washington, who just recently won the rating of highly superior at the Regional Music Contest in Colorado Springs. He is also going to open a Voice Studio, accepting only a limited number of students for work. To all who become students of the Norvell Vocal Studio, these words are quoted from Vercylee Norvell to be held in your memory: "Genius is only the power of making continuous efforts. The fine between failure and success is so fine that we are often on the line and do not know it. Many times people have thrown up their hands at a time when a little more effort, a little more patience would have achieved success. As the tide goes clear out, so it comes clear in. A little more persistence, a little more effort, and what seemed hopeless failure may turn to glorious success."

CONGRESSMAN ASKS U. S. TO PROBE FLA. LYNCHING

Washington, May 25 (CNA)—Vito Marcantonio, New York Congressman from Lower Harlem and President of the International Labor Defense, this week demanded that the federal government investigate the lynching of Lee Snell Negro taxi-driver, at Daytona Fla., on April 28 and prosecute his slayers. Snell had been arrested after an automobile accident in which a 12-year-old white boy was killed. He was seized from a police officer who was removing him from Daytona to Deland, Fla., for safe-keeping. Everett and Earl Blackwelder, brothers of the boy, shot the taxi-driver to death while the officer looked on making no attempt to prevent the lynch murder. The two brothers were arrested and charged with murder following a campaign by the ILLD to force local authorities to act. Following their arrest the Daytona Ku Klux Klan began a systematic threatening of prospective jurors to influence the trial. In a letter to Attorney General Frank Murphy requesting that the government intervene, Marcantonio said that the delay in ar-

resting the brothers and other incidents connected with the case might "easily be construed" as indicating collusion between police and the lynchers, in the murder itself, and part of a conspiracy to defraud justice by preventing a fair trial of the murderers.

The Attorney General was also informed by wire from N. Jarline Osborne, field representative of the ILLD now in Daytona, that all members of the panel from which the jury will be selected are being approached by Klansmen demanding that a "not guilty" verdict be brought in for the Blackwelder killers. The ILLD representative urged Murphy that he consider the urgent need of assigning a federal investigator to Daytona without delay to inquire into the intimidation of jurors and weigh the possibility of transferring the case to a federal court.

White and Negro citizens of Daytona outraged by the murder, have formed organizations for protest. A joint committee of all Negro organizations in the city has been set up to make plans for a city-wide fight for Negro civil rights. In answer to Klan intimidation or jurors the ILLD has blanketed the Florida city with leaflets pointing out that action of the Klan has borne out the need for federal prosecution of the lynchers.
