Explain your problems clearly and concisely. Send your questions to those within the scope of logical reasoning. **ABBÉ WALLACE, P. O. BOX 11, ATLANTA, GA.**

E. F. H.—I am anxious to play in a band and wonder if it is reasonable for me to think there is a possibility of my ever playing well? What is the outlook?

Ans: This my son is the only way to ever accomplish your desires. That is to believe in yourself and begin studying and practicing on your TRUMPET. I predict

success for you in the High school band, but you must put in several hours practice a day.

M. I. O.—I have two men friends and am trying to decide between them. One I am with all the time seems to love me but I seem to love the other one. Although he stays sick all the time. Should I

marry either one?
Ans: No. You don't love either of these men well enough to marry. It is my suggestion that you share your time with other desirable fellows as well as these two. A very happy marriage is indicated within the next two years.

O. A. L.—Will me and my husband ever buy a home and live to ourselves? You have helped so many others that I am coming to you with my problems.

Ans: You and your husband will be in a place ALONE by the end of this year, but you will not be in a position financially to build a home. You will have to save your money over a period of years, or until you can buy a lot, before you can build. This man will leave you this year. Allow your husband to show him that you would be happier without him.

M. J. K.—What is the matter with my wife. We can't get along if I am in fault just tell me or is it that she is tricked?

Ans: She's not tricked. She is just plain "Hot Headed." When a little misunderstanding arises, the very first thing she can think to do is leave. Don't worry about her, for if she leaves, it will not be but for a short time until she is back. Try to keep her in a good humor.

A. F.—I have some papers from the government to fill out and I would like to know how things turn out?

Ans: Sign and return the papers and you will be successful in this aim. Naturally

it will take a reasonably amount of time to have same checked and taken care of, but it will be settled within a month or two.

R. K.—My boy friend has news to tell me nearly everytime he sees me. Should I let it get between me and my business or ignore his mouth piece?

Ans: Ignore him and you would be much better off. You can't expect to gain anything by fooling around with him so you may as well put a stop to it anytime that you see fit to. Your business is very important, associate with those people who do not try to harm your business.

P. C.—I have been after this girl for the past six months to marry me and I am disgusted. She won't tell me that she doesn't love me but she also won't tell me that she does. How can I make her talk?

Ans: She's going to do her talking when your BROTHER comes back in town. When he was here this past Christmas, she lost her heart to him. He is well aware of the fact for he loves her too. You may as well side step and let them realize the truth. Go back to Judith.

R. C.—I am making a trip to the World's Fair and my daddy will meet me in New York. Do you suppose that he will let me stay up there with him as I have been planning all year?

Ans: Well, I will admit that your father has some exceptionally good news for you and I will not give it away. You are now a young lady prepared to work and I predict a successful future in the state of New York.

PRESIDENT WILLIAM GREEN URGES A. F. OF L. UNIONS TO LIFT COLOR BAR

According to information received at the international headquarters of the Brotherhood of Sleeping Car Porters, 217 West 125th Street New York City, from A. Phillip Randolph, International President, the following statement has been sent out to the Presidents of national and international unions of the American Federation of Labor, by President William Green, urging A. F. of L. unions to eliminate the color bar as a result of a resolution adopted by the Houston, Texas convention of the A. F. of L., which was submitted by Mr. Randolph and Mr. Milton P. Webster, 1st International Vice president of the Brotherhood. The statement reads: To Presidents of National and International Unions. Dear Sir and Brother: The Convention of the American Federation of Labor which was

held at Houston, Texas, last October, concurred in the intent of Resolution No. 9, reading as follows:

"Resolved that this 58th Annual Convention, assembled in Houston, Texas go on record calling upon all national and international unions and departments to eliminate the color bar and all forms of discrimination which serve to exclude workers from membership on account of race or color; and, be it further.

"Resolved that the President and Executive Council of the American Federation of Labor call upon the conventions of national and international unions whose constitutions have color clauses and that practice discrimination against Negro workers, to create a committee to report on the question of the color bar and various

forms of race discrimination to their next convention, for discussion and abolition."

Following adjournment of the Convention, the Executive Council considered this resolution at its mid-winter meeting, and directed me to communicate with all national and international unions bringing the resolution herein quoted to your attention with the request that if possible action be taken in a proper and constructive way by all national and international unions to remove any obstacle, in the event such obstacle exists, to the admission of colored workers into membership.

Please give this action of the attention as outlined and suggested in Resolution No. 9 which is Houston Convention your official incorporated in this communication.

Fraternally yours
William Green, President
American Federation of Labor
