## SATURDAY NIGHT BACK HOME

7 of the lads departed for Chi about 3 weeks ago by the side door Pullman route, seems like the boys did not fare so well on 45th and So. Parkway as they do on 24th and Lake. As you know the sack house there only takes care of the boys that live there. So things wasn't so rosey. All the boys are home now and what information I have, they are going to stay home. Home is the place where you are treated the best and grumble the most.

## 22ND BURDETTE ST.—

Wednesday August 9th On the ball field was a series of ball games. Looked like a soft ball tournament. 4 games in all. Everybody broke even. Hezzie Stars beat the HSS 8 to 6 after most of the game that was broken up July 31. The 4C beat the Stars 5 to 0 in 5 innings. Then the HSS came back and got revenge on the hard hustling Woodson Center. Score 6 to 4. Sterns 2 successive errors paved the way for the HSS victory. Then the south siders came right back in the 4th game of the afternoon to trounce the 4C to the tune of 5 to 0. The fans enjoyed a lot of baseball for one afternoon in four well played games.

## SUNDAY SCHOOL PICNIC

Elmwood Park The HSS beat the 4C 5 to 2 before an extra large crowd in a well played. The hard hitting HSS banged the ball all over the lot. The 4C played a bang up game but couldn't solve the delivery of Joe Brooks.

Hezzie All Stars gained a tie game with the Woodson Center 4 in all. The game was a hard fought game. All through the Stars came from behind twice to knot the count. Mart had to call the game because of darkness. The game will be played on a later date.

## 3,000 JOIN POLICE BRUTALITY PROTEST

Detroit, Aug. 10, (ANP)—More than 3,000 people jammed into Bethel AME church Sunday afternoon at a demonstration of protest against police brutality which has been running rampant in this city for some time in the form of wanton killings and beatings without slightest provocation and entering private homes without search warrants.

A citizens committee headed up by Dr. J. J. McClendon, president of the local branch of the NAACP, has decided to call a halt on these police officers who set themselves up as judge, jury and executioner.

Both the police commissioner and the county prosecutor have steadfastly refused to do anything about it and both have been extremely hostile towards the group whenever a committee appeared before them. The prosecutor would not issue warrants for policemen unless authorized to do so by the commissioner.

It is also believed here the mayor himself condones this sort of thing as he has not attempted to put a stop to it although in every case the mayor was acquainted with the facts. This was brought out in the meeting Sunday before Atty. Charles Houston of Washington delivered a stirring address.

Atty. Houston said among other things that police brutality is only the "second stage of lynching" and that the club is not held alone by the policeman on the beat who wields it but is held jointly by higher officials.

The group has been aroused to fighting pitch and is going into courts. They have petitions out seeking 50,000 signatures for the removal of the police Commissioner. This will be laid on the desk of the mayor and then if something is not done, citizens will know that the city's chief executive is in favor of police brutality. The next step then will be to seek removal of the mayor at election time.

## From Packinghouse Workers Organizing Committee

Chicago, August 4 Cio packinghouse workers yesterday scored a signal victory in a National Labor Relations Board election at Armour's 31st Street auxiliary plant here. On a "yes or no" ballot the Packinghouse Workers Organizing Committee, CIO, received 660 votes to 148 in the negative.

This brings to 15 the number of Armour plants throughout the country in which the CIO union has won elections or been certified as sole collective bargaining agent by the NLRB. A similar vote taken in the Cudahy plant in Denver, Colorado, last Monday, gave the CIO union a majority of 142 to 16.

Meanwhile there is no indication that Armour and Company has altered its position and accepted the union's offer to meet and discuss the basis on which a mutually acceptable contract might be worked out.

Officials of the PWOC declare that Armour, by its refusal to parley, is forcing a nationwide strike in the industry.

Don Harris, national director of the union, stated:

"Armour seems determined to settle this dispute by force. The company has even refused the requests by the federal Department of Labor conciliators and the Chicago City Council's Committee on Labor and Industrial Relations to negotiate the question of collective bargaining.

"The nationwide strike which seems inevitable will work a hardship on the whole country particularly the live stock farmers. Yet Armour shows no concern over the gravity of the problem.

"The farmers of this country have themselves had bitter experience with the "Big Four" packers. We believe that the union's program of more employment and better pay checks will do much toward increasing purchasing power and providing a sorely needed domestic market for farm products."

## From Packinghouse Workers Organizing Committee

Chicago, Aug.—Charges against Armour and Company for vicious anti-labor acts, were filed today with the NLRB by the Packinghouse Workers Organizing Committee.

The PWOC, a CIO affiliate, charged Armour and Company with violating the Wagner Act in the course of a labor board election in Armour's Oklahoma City plant.

The CIO union claims that Armour's "vicious and illegal actions have demonstrated that an honest election in any Armour plant is impossible," according to Don Harris, national director of the PWOC.

The loss of the Oklahoma City election by the narrow margin of 333 to 308 on a "yes or no" ballot was attributed by union officials to anti-union circulars signed by Armour and Company urging employees to vote against the union, and to visits made by company foremen to workers in their homes.

Charges against the company were filed together with a demand that a scheduled poll of Armour workers in Ft. Worth, Texas, be called off due to the company's illegal actions. Similar charges had been filed in Chicago following the distribution of an anti-union circular on the day previous to the election won by the PWOC in the Chicago 31st street by-products plant August 3.

A national strike among Armour plants has been threatened by PWOC leaders should the company continue to refuse to meet with the union to negotiate a contract. The union has already been certified by the NLRB as sole collective bargaining agent in 15 major Armour units.

## CIVIL RIGHTS HELD BETTERS RESPECTED

New York, August 17 (CNA)—Under the stimulus of the democratic constitutional guarantees have received "unprecedented support" in the last twelve months, the annual report of the American Civil Liberties Union made public this week, shows.

The Union cited as examples of increased respect for the Bill of Rights Attorney General Frank Murphy's creation of a civil liberties unit in the Department of Justice and the creation of civil rights committees by the American Bar Association and many bar associations.

"Interference with the rights of political, racial and religious minorities has steadily diminished, though propaganda against them is ominously increasing," the report said.
