

**DINING CAR UNION  
HEAD BACK ON RUN**

New York Sept. 7 (ANP)—George E. Brown, head leader of dining car unions of the AF of L's Hotel and Restaurant Workers International union, is reported back to work as a Pennsylvania railroad waiter. Mr. Brown has been on extended leave of absence for about two years to carry on direction of

union activities. He is general organizer and business agent of Local 370, whose jurisdiction covers New York, Jersey and New England.

The rule of granting leaves of absence to employees elected to union offices requiring devotion of full time to union affairs is well established and contains no limitation. So long as the union wants him, such an em-

ployee may remain on leave. Mr. Brown's reported return to active waiter duties is without precedent respecting an incumbent of union office.

About a year ago Mr. Brown was elected an international vice president, but not of the Hotel and Restaurant Workers union, as at first reported. Such a designation was created to cover Mr. Brown as head of the Joint

Dining Car council, an administrative group for the dining car union of that affiliation. Mr. Brown's salary was still paid from the treasury of Local 370, and is said to have caused the formation of an intra-union schism which has widened with the days. It is known that head-leader Brown and secretary-treasurer Mason of Local 370 have been at odds respecting executive author-

**MEAD SUSPENDED FOR  
CHARGING ARMSTRONG  
WAS GIVEN WORKS**

New York, Sept. 7 (Stan Kurman for CNA)—The accused sat as judge and jury this week, found themselves innocent—then plastered a penalty on the accuser.

General John Phelan, Bill Brown and D. Walker Wear of the New York State Boxing Commission were the gents who held court to sift charges directly involving them, by Manager Eddie Mead that Henry Armstrong had been robbed out of the lightweight title which he lost to Lou Ambers at the Yankee Stadium a couple of weeks ago.

Mead brought out three specific charges against referee Arthur Donovan, who as third man in the rink took five rounds away from Armstrong for low punches. The Commission completely exonerated Donovan and suspended a month for "actions detrimental to boxing." Al Weill, Ambers' pilot, who has been conducting a running squabble with Mead ever since the fight was arranged, was suspended for four months for the same reason.

Both suspensions will be lifted temporarily thirty days prior to the third meeting between Armstrong and Ambers set for Nov. 2, as a welter title test. The suspensions will go back in effect immediately after the fight.

Mead's charges against Donovan were:

1. When the boys met in the center of the ring to get last-minute instructions, Donovan warned Armstrong against low-punching but failed to caution Ambers.
2. Donovan parted the fighters several times when Armstrong was getting the best of the action inside.
3. Donovan had orders to call fouls against Henry.

Donovan and Frank Fullam, one of the judges in the fight, denied that they had been private instructions.

Boxing-writer, Lester Bromberg refused to testify on stories that he had written charging Donovan had been given separate instructions by General Phelan and that Fullam was a last-minute nominee as judge.

Mead, apparently fearful of antagonizing the Commission, backed down on a dress-room statement that Commissioner Bill Brown had said that Armstrong would lose six rounds on fouls.

**THE BOW DOWN FROM  
HICKORY GROVE**

Everyone in a while you will pick up a paper and somebody is poppin' off about women in business, and how successful they are. But stenographers, and young women who know their onions, they quit the office soon as they get married. They quit before the so-called head of the house gets hep that he can loaf and play pool, while the little woman bring in the bacon.

But right down to brass tacks, most fellers, they would rather turn over their check to some gal who knows something about the design and flavor of a mifce pie versus a gal who can maybe manage a plumbing shop, or can put the shot, or do some man's job. Most fellers, they are kinda half-way fearful to tie up with these go-getters.

Men in women's jobs or in women's garb, they would be laughing stock.

Smart gals—they stay feminine.

Yours with the low down

**FDR URGES EXTENSION  
OF SECURITY COVERAGE**

Hyde Park, N. Y. Sept. 7—(CNA)—"It is imperative that these benefits be extended to workers in all occupations," President Roosevelt declared in signing the Social Security Revision Act, freezing payroll taxes at one per cent for the next three years.

Making expensive revisions in the New Deal's social security plan, the bill extends social security coverage to more than 1,000,000 workers not previously covered, but leaves out many categories of workers, especially in industries where Negroes predominate.

"In my opinion," said the President, "it is imperative that these insurance benefits, be extended to workers in all occupations."
