Now If You Have \$500 you can Move to Liberia
(Continued from page 1)
through the cooperative system. My scheme has been submitted to His Excellency, President Edwin Barclay of Liberia, and has met with gracious approval. He has granted an entire township on which we can build and establish ourselves.
"We need honest, industrious, race-loving people. People who are interested in nation building. We need men who feel and can

prove themselves men among men because of the act that, this is a tropical country, and for the good of all concerned—people from Southern States and those with a West Indian background will be the best fitted for the task of pioneering at this time. But bear in mind that the government and the people of Liberia welcome every black man who is capable of taking care of himself.

"The settlement will be on one of the rivers here, the most convenient route to Monrovia from any point where there is forest land. This means eight miles along the river and eight miles back—64 square miles of virgin land. Each family is to buy 75 acres, and get 25 acres from the government, making a total of 100 acres for each family. This land will cost 50 cents per acre, and a town lot will not cost more than \$5.

"Although it is the policy of the government to require that each family settling here have \$1,000 President Barclay has agreed to lower this requirement to \$500 for each family coming here under my auspices. Interested Americans can get full information concerning the project from Liberian Consul General Walter F. Walker in New York City, or they may write me direct at the following address: G. Henry Ricketts, P. O. Box 26, Monrovia, West Africa.

This plan of Mr. Ricketts has the approval of the government of Liberia," said Consul General Walker here in New York this week, "who have assured him of fullest cooperation; but the government wishes to avoid the impression that it is advertising for immigrants.

A Prominent Business Woman Praises Mme. C.J. Walker's Preparations

"I use Mme. C. J. Walker's preparations exclusively because I get results from them that I am unable to get from any other preparation," stated a well known business woman the other day.

The secret of the remarkable success of Mme. C. J. Walker's preparations is in the fact that they were blended by the late Madam C. J. Walker to reach certain definite conditions of the hair, skin and scalp, and today, after over thirty-five years on the market, they are growing increasingly popular, and notwithstanding the fact that the Company has always refused to reduce the price on these goods, they are still in demand everywhere.

Mme. C. J. Walker's Glossine, although more than thirty-five years on the market, is still the leader in its field. The reason for this is because it not only serves as a scalp oil, but it gives the hair that silky sheen and natural gloss that is the delight of every woman.

Mme. C. J. Walker's Brown Face Powder is not just another Face Powder, but is the result of years of experimenting to produce the perfect blend to impart a velvety softness and at the same time cooling and refreshing. Just the thing for these hot days.
The Mme. C. J. Walker's wonderful preparations are sold by Walker Beauticians and Drug Stores everywhere, or you can write The Mme. C. J. Walker Mfg. Company, direct, Address: The Walker Building, Indianapolis, Indiana.
