### Judge Davis Denies Poll Tax Ban In Federal Elections

Nashville, Tenn. Sept. 28—A petition for an injunction against payment of a poll tax as a prerequisite for voting in a Federal election was denied here September 12 by Judge Elmer D. Davies whose recent appointment to a federal judgeship, confirmed by the U.S. Senate, as vigorously opposed by the National Association for the Advancement of Colored People because of the jurist's alleged formed connection with the Ku Klux Klan.

The petition, filed by Henry Pirtle, was designed to have effect in the federal election of a Congressional Representative from the Third District, to be held September 23.

This case and a similar one now being heard before Judge Leslie R. Darr who is sitting with Judge Davies, are sponsored by the civil liberties committee of the Southern Conference for Human Welfare, whose president is Dr. Frank R. Graham, president of the University of North Carolina.

Far from seeing defeat in the decision, Joseph C. Gelders, secretary of the committee said the way is now paved for a U. S. Supreme Court ruling on the whole question of poll taxes in the South.

"These cases," he said, "will serve as models for all states in the Union and is the conference's attempt to blot out completely the state poll tax requirements for Federal elections."

### Green Sends AF of L Organizer to Probe Jim Crow in Florida

New York, Sept. 28—The first step in the conducting of an investigation by the American Federation of Labor into Jim Crow practices of its affiliated unions in Tampa, Fla., by means of which 500 Negro pioneer union men in the shipbuilding industry were frozen out of their jobs, has been taken, William L. Green told the NAACP here this week.

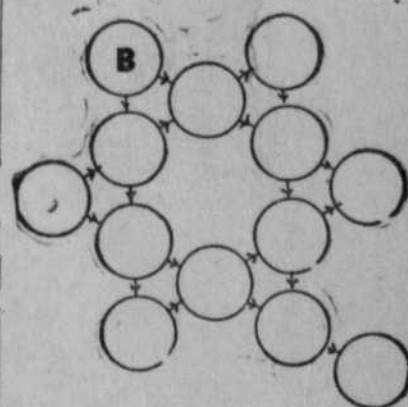

The AF of L president made the statement in a letter to the association dated September 11 in which he said that he was assigning George L. Googe, Atlanta, Georgia, AF of L organizer to investigate the Tampa situation personally. The NAACP which has been investigating the case since early in July when Walter White made a trip to Tampa, urged Green to investigate the case while the latter was in Atlantic City at the AF of L's executive council meeting during August.

The association immediately sent a list of names of prominent Tampa citizens to Green urging him to make use of those individuals in getting at the facts. These individuals were also notified by the NAACP to be prepared to aid the investigation.

The unions involved are local 1,207 of the International Hod Carriers Building and Common Laborers Union of America, which was formed after twelve Negro and one white worker went out

on strike at the Tampa Shipbuilding Company sometime prior to June 1, 1938; and a local of the International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America.

### HEXOGRAMS

Place the following 13 letters in spaces above so as to spell one 5-letter word and five 4-letter words. Arrows show direction of spelling.

One letter has been placed in the proper place. Fill in the other twelve letters.
