**EUREKA ART CLUB**  
 The Eureka Art Club met March 4th at 2859 Ohio with Mrs. Bradlock. The club meeting was opened in the usual manner with the president presiding. Plans were completed for a tea April 7th in the Logan Fontenelle Recreation Hall, 1448 North 23rd Street.  
 The chairman of the Trustee Board called a board meeting of State officers and members to be held at Mrs. May Jackson, Friday, March 8th. We were glad to have one of our former members return Mrs. R. Brown. The evening was spent in needle work after which the hostess served a lovely luncheon. The next meeting will be held with Mrs. Mayberry, 2620 Grant.

**JUDGE HARVEY JOHNSEN HAS RECORD OF ACHIEVEMENT IN NATIVE STATE**

Judge Harvey Johnsen, member of the Nebraska Supreme Court, has a record of achievement in his native state perhaps unexcelled by any of the thousands of citizens who have sought to serve the people in public office.

Without the ballyhoo of paid press agents this Nebraskan, born in Hastings 44 years ago, has steadily climbed from the ranks of the people to the state's high court because of his intimate knowledge of law and his diligence in keeping the State Bar Association members on a high and creditable plane when he was its secretary for 11 years and president for a year in 1938.

Judge Johnsen, now a candidate for the office he has efficiently administered, graduated from the University of Nebraska Law School in 1919. While at the University he served for three years as secretary to Chief Justice Morrissey. He came to Omaha in 1920 and became a member of the firm of Hall, Young and Johnsen, resigning in 1931 to become General Counsel for the Federal Land Bank, now the FCA. In 1934 he resigned to enter private practice until appointed in November 1938 to the Supreme Court.

His remarkable career, included five years as an instructor in the College of Law at Creighton University.

His brilliant record as an unusually able lawyer holds the highest regard of the leaders of his profession.

**NEBRASKA WORKMEN'S COMPENSATION COURT Article Number 17**

Under the laws of the State of Nebraska every employer must file a first report of every accident of an employee that happens in his business or industry. This report of accident is filed with the Compensation Court and gives a complete history of the accident. Each report is carefully studied and if, from the report, it is indicated that this accident could have been prevented by the use of a guard or a safety device of some nature, the report is then turned over to the Labor Department of the State of Nebraska who have four inspectors in the field for the purpose of safety. One of these inspectors will be sent out to the scene of the accident and make an investigation. He will then make recommendations to the employer with reference to installing safety devices or whatever it may take to prevent future accidents of the same type. The employer must follow the recommendations or shut down the

**What Do You Know About Health?**

By FISHER BROWN and NAT FALK

**1. WHO WAS DOMINIQUE-JEAN LARREY?**  
 (1776-1842) He was Napoleon's surgeon-in-chief and the man who elevated military surgery to a point which it had never before reached. He first introduced the ambulance as we know it today when he used many of them on the field of battle to remove the wounded.  
**2. It was the first place that a plague-like disease of rabbits was observed to be transmitted to man. The disease was named Tularemia. It is**

particular machine which has caused the accident. In addition to this the inspectors are constantly checking industries and factories and making safety suggestions to prevent accidents. Over a six-month period from December 1938 to May 1939, there was approximately 8500 accident reported to the Compensation Court. This is a substantial decrease from previous months. All of these accident reports are classified for statistical purposes and it can be readily ascertained what portion of the human body meets with the most accidents. From these reports, safety suggestions are sent to employers. History has shown that a good safety program always decreases the number of accidents.

**3. WHY IS MILK KNOWN AS A "PROTECTIVE FOOD"?**  
 Because no other food reinforces the diet at so many points, supplying vitamins and other elements lacking in many foods and generally enhancing the nutritive value of much that we eat, thus giving us a firm foundation for good health and a high resistance threshold to disease.

**IN THE SHADOW OF THE STARS**

Send all letters to: ABBE WALLACE, care of THE OMAHA GUIDE, 2418 GRANT ST., OMAHA, NEBRASKA.

N. J. M.—I am concerned over my mother's health. She has high blood pressure and also has a hurting in her sides. I don't know what to do and we thought you could help.  
 Ans: I am no doctor and I can't be of service to her. I advise that she go to a good physician and receive treatment. Her pressure can be controlled and the trouble in her side can be relieved. Take her to the clinic if you can't afford a private physician.

R. C. S.—Should I stay with this man I am with as we aren't married. He is nice in a way but other ways he is not.  
 Ans: Socially as well as morally you should not be with a man that you aren't married to—use your own judgement as to what you should do, but you know that it is wrong to live with him unmarried and if you ever expect to get a husband, you had better be making plan to that effect.

G. C.—I am looking for work and have been here for the few weeks that I have been here. I started reading your column and like it fine and I want you to help me get work.  
 Ans: Apply at the local restaurants and cafeterias in the city where you are located. You have had experience in this particular line and it shouldn't be very difficult for you to get employment. Go to the larger places—you will get better pay.

F. A. S. You have helped me solve problems before. The young man I have been going with has proved unfaithful and I wish to know should I wait and see if he intends to do right or make other friends?  
 Ans: Don't give him a second chance to make a fool out of you—begin accepting invitations from this young man who is now seeking your company as he seems to be on the level. You are inclined to let your friends know you are "sweet on them"—keep them guessing what your feelings actually are.

E. W.—I am making plans to buy me a home and I want to know if I will do so and how do I stand with these fellows?  
 Ans: Wise of you to want to begin investing your savings in a

ious months. All of these accident reports are classified for statistical purposes and it can be readily ascertained what portion of the human body meets with the most accidents. From these reports, safety suggestions are sent to employers. History has shown that a good safety program always decreases the number of accidents.

G. R. C.—Tell me who it was that sent this fellow over to my girl friend's house to ask her for a date and to go out with him?  
 Ans: Well—don't you know a little about this yourself—it was your bet that no man could make a date with her, and if you don't want to face the music—you had better not try it again.

R. T.—I am sick, worried and melancholy. Will I graduate in June as I should?  
 Ans: From my calculations you stand an even chance of getting thru school, but you will have to turn over a new leaf right away in order to get thru. Don't be so silly as to lay out of class—get some older person to coach you after school hours on this Chemistry and learn it too. Your parents would gladly pay a tutor if you let them know that you are now on the border line.

H. C. M.—Is J. C. Sincere? Will she go thru with it?  
 Ans: No, and neither would you. Don't elope for the sport of it—wait and marry for love.

**AGED WOMAN DIES**  
 Dayton, Tenn., March 15 (ANP) "Aunt" Amanda Peak, reputed to be 103 years of age and the oldest resident of Rhea county, died at her home in Spring City near here last week. Aunt Amanda, once a slave of the Davis family had lived here since Civil War days. She resided with her son and daughter.

**OH, JOY!**

What a joy to get relief from a cough due to a cold. Get it with Smith Bros. Cough Drops. Black or Menthol, 5c. Both taste delicious. **Smith Bros. Cough Drops are the only drops containing VITAMIN A**  
 Vitamin A (Carotene) raises the resistance of mucous membranes of nose and throat to cold infections, when lack of resistance is due to Vitamin A deficiency.

**AN URGENT MESSAGE to women who suffer FEMALE WEAKNESS**

Few women today are free from some sign of functional trouble. Maybe you've noticed YOURSELF getting restless, moody, nervous, depressed lately—your work too much for you—  
 Then why not take Lydia E. Pinkham's Vegetable Compound to help quiet weary, hysterical nerves, relieve monthly pain (cramps, backache, headache) and weak dizzy fainting spells due to functional irregularities.  
 For over 60 years Pinkham's Compound has helped hundreds of thousands of weak run-down, nervous "ailing" women to go smiling thru "difficult days." Why not give this wonderful "woman's friend" a chance to help YOU? Try it!
