You must have pockets this season. This slim line princess frock made of a soft Chartreuse Sharkskin has a heart-shaped neckline, that is most flattering. The saucy, ruffled pockets are eye-catching and topped with a large summer straw bonnet, you will draw gasps of admiration from passerbys. A full length zipper fastener tends to give smooth lines to the front closing and two deep soft pleats give plenty of room for Milady's mode of walking. Speaking of pockets—pictured above are some very smart ones—A is designed for slim sport dresses and are big enough to hold most anything. B are the pouch type and are fastened to the belt of the dress, making the waist look small and trim. C—are the button-up variety. They are exceptionally wide and add a youthful touch to an otherwise plain dress.

"Smile and the World Smiles with You"

"The Voice With a Smile" is contagious—it makes friends—it's a real social and business asset. Many times, people form their impression of you by your voice and the manner in which you telephone.

What are the points of a pleasing telephone personality? To speak pleasantly, of course. And to be considerate and courteous—such things as answering promptly, talking directly into the mouthpiece in a normal tone of voice, and hanging up the receiver gently.
