### \$544,504 COMMUNITY CHEST GOAL

The goal of the 18th annual Omaha Community Chest campaign scheduled for October 15th to 24th inclusive will be \$544,504.00, according to H. W. Pierpont, President of the Chest. This amount of money Pierpont said, represents the minimum needs to carry on the activities of the Chest agencies during 1941. The amount does not represent by any means the total which the agencies requested or could use to a good advantage—it is a "minimum budget".

The budget was established following a meeting of the Budget Committee headed by Casper Y. Offutt of the Board of Governors of the Chest last week. Mr. Offutt said that the amount of the budget was established only after two months of personal study of each agency budget by all members of his committee. The Budget Committee is composed, in addition to Offutt, of Max Miller, E. J. Connors, Mrs. C. W. Hamilton, M. L. Shawcross, Francis P. Matthews, W. H. Smalls, W. L. Pierpont and H. W. Pierpont.

The campaign for the thirty agencies of the Chest will be held October 15th to 24th, with Will R. Johnson as the General Chairman.

### Kenny Washington All-Star Favorite

Chicago, Aug. 24—Kenny Washington, fleet Negro star from U. C.L.A., appears to have the all-important left halfback spot nailed down on the college all-star team which meets the Green Bay Packers in Soldier field August 29.

Washington, of course, won't start the game, the opening lineup having been determined by a nation-wide poll. But how long starters remain will be decided by Head Coach Eddied Anderson of Iowa.

Anderson's first team as selected after nine days of practice includes Washington at left half, Nile Kinnick of Iowa, right half; Frank Emmons, Oregon, quarter back and Harold Van Every, Minnesota

fullback.

### WHITE MAN BEATS NEGRO TO DEATH; LOSES JOB

Memphis, Aug. 22 (ANP) With evidence developed, indicating that Roger Richardson, Shelby County Penal Farm inmate, died last week from a beating at the hands of a guard rather than the heat as was alleged by prison officials, Chief of Police Oliver Perry assigned 2 deputy sheriffs to investigate the case. The dismissal of a gang foreman, P. O. Morrow, and a guard, L. G. Wilson, followed closely Richardson's death. This action, according to County Commissioner O. Ellis, was taken not because of Richardson's death, however, but because the circumstances were incorrectly reported.

The action of Chief Perry in scheduling two deputies to the case came after a prisoner wrote him, declaring Richardson's death to be the direct result of a beating by a guard, who is said to have struck him three times after he, apparently overcome by the heat, had fallen to the floor.

County Commissioner Ellis, in reporting the case, said that Richardson refused to return to work Wednesday morning after a rest period, and appeared dazed by the heat. Wilson ordered him back to work and a scuffle followed, bringing to the scene another guard, Coleman, who slapped Richardson down. It was then that Wilson allegedly struck the prisoner several times. Removed to the Penal Farm from Cap'ville where the gang was working, Richardson died almost immediately. He was working out a \$25 fine for drunkenness.

### Edgar Brown Wants To Rescue Elks From Wilson and Republicans

Washington, Aug. 22 (ANP) — Edgar G. Brown, president of the United Government employes and advisor for the CCC on Negro affairs, announced this week that he was definitely in the running for the position of grand exalted ruler of the Elks, opposing J. Finley Wilson who has had this job for a number of years.

Mr. Brown declares that his platform will be: "A New Deal for Forgotten Bills" and has been promised, he says, the support of westerners, who express themselves as not being willing to have Wilson, Howard and Hueston consign the lodge to the Republican party as these men committed themselves in Philadelphia.

Prominent Democrats in the Midwest have pledged their support to Brown and in selecting him as their candidate, they felt they had chosen a man who would carry the fight to Wilson in a new way and break down his former steam roller methods of operation, according to information.

Serious opposition to Wilson has already developed in his own camp with several Eastern adherents declaring themselves through with the methods used by the Little Napoleon in conducting the business of the order.
