OUR 13th YEAR—Number 26—

"OPEN UP YOUR HEARTS"—

Among the several humanitarian agencies supported wholly or in part by the Omaha Community Chest, none plays the role of Good Samaritan more effectively than Booth Memorial hospital, the Salvation Army Home for unmarried mothers.

"At this time of the year," Brigadier Violet Williams, superintendent of the hospital, told the Community Chest members. "the hospital usually has thirty babies and as many as forty girl patients who are placed through pastors, social workers, doctors and friends. Although the hospital charges a fee for those able to pay the cost of care, this is insufficient to support the home. The deficit is made up by the Community Chest.

Two nurses and four employees comprise the staff caring for these others, who range from 13 to 24 years old, and their infants.

The average stay of the mothers in the hospital is three and one half to four months. Girls who are physically able help with the housework and are taught to sew and do other useful things. They also take care of their babies under supervision of a nurse.

Because most of them must be brought out of a depressed mental state, there is also recreation with outdoor and indoor games, a radio piano and many books.

"A large percentage of the girls take their babies and support them, but some of the infants must be placed in child institutions," Brigadier Williams said. "We also have a few weddings here and those babies are given a good chance for life in a normal home with their parents. The generous support of Omahans to the Community Chest which makes the work possible is responsible for giving these unfortunates their only chance to live normal lives."

WHEAT IS NEBRASKA'S LARGEST CASH CROP

Special to The Omaha Guide:—Wheat is Nebraska's largest cash crop—and Nebraska raises some of the finest wheat produced in the world.

But other states have taken the lead in advertising the quality of their wheat. As a result, wheat from these states often commands a better price on the market, even though Nebraska wheat is superior in quality.

The State is putting on a campaign of advertising of wheat to be run in the milling and baking magazines, reaching a total circulation of approximately 35,000 millers and makers in the nation—the largest buyers of wheat and wheat flour.

We believe this campaign will improve the prices paid for Nebraska wheat.

NAACP WINS FIGHT TO PROHIBIT DISCRIMINATION AGAINST DRAFTEES

New York.—A fight waged by the National Association for the Advancement of Colored People to have the Wagner anti-discrimination amendment to the Conscription bill broadened to include drafted as well as enlisted persons was won yesterday, when the House passed the Fish amendment to the Burke-Wadsworth bill prohibiting discrimination not only against voluntary but drafted Negro citizens.

The Wagner amendment, which passed the senate, provides:

That any person between the ages of 18 and 35, regardless of race or color, shall be afforded an opportunity voluntarily to enlist and be inducted into the land or naval forces (including aviation

RADIO BARS CRISIS EDITOR'S SPEECH ON NAT'L DEFENSE

New York.—A three minute speech on the Negro and the National defense program by Roy Wilkins, editor of The Crisis Magazine, was not permitted to be broadcast here September 5 by radio station WMCA. Station officials hastened to deny that the speech was being censored. They said it was "not in harmony" with the program, "Harlem Serenade", in the midst of which the talk was supposed to have been given.

The half-hour program has been running on WMCA for several months. About half way through, a short speech has been given by a special guest. Mr. Wilkins was invited for September 5 and told that the set topic was assigned and that he could speak on any subject of current interest.

The Crisis editor's speech was a brief but pointed request for a fair participation of Negroes in the defense program, both in the army and navy and in the thousands of jobs in the factories which receive contracts for defense materials.

"Our nation's slogan is that we are preparing to defend the last stronghold of democracy in the Western World," the manuscript said in closing. "In the last war we were said to be fighting to make the world safe for democracy. Negro Americans have no quarrel with these aims. But they believe democracy ought to be a reality at home. They think democracy ought to mean a chance to enlist and fight for their country on an equal basis with other citizens, a chance to secure employment in the multi-billion dollar defense program of the nation.

units) of the United States for the training and service prescribed in subsection (B), if he is acceptable to the land or naval forces for such training or service."

The amendment introduced in the House by Representative Hamilton Fish, of New York, makes the prohibition of discrimination against Negroes a rule of our national defense that closes a wide gap by including within its operation both volunteers as well as draftees in the armed forces of the country.

RAINEY, POWELL TO AGAIN DIRECT DEMOCRATIC PRESIDENTIAL CAMPAIGN

Julian Rainey

NEW YORK—Highly elated with the splendid work of Messrs. Julian D. Rainey, of Boston and C. E. Powell, of New York, in the last presidential campaign, Edward Flynn, National Democratic Chairman, assigned this winning combination to conduct the fight again this year. In making his announcements, Mr. Flynn declared, that the able Boston lawyer, Mr. Rainey and the astute business executive, Dr. Powell of New York, would be in full charge of the campaign to be conducted among Negroes. The territory assigned to them covers fourteen states with a Negro voting strength better than 2,000,000.

Dr. Powell almost immediately went to work. Within 6 hours of his appointment, he had lined up his assistants and appointed them to definite types of work. His staff at the present consists of three writers, four stenographers, two messengers and a telephone operator who also is the receptionist. He plans to add a rewrite man and two or three research workers to his staff later in the campaign.

Judge Rainey, as he is sometimes called because of his having been a Boston Assistant Corporation Counsel, plans to launch his campaign immediately after the Labor Day holiday. At that time he will name his complete staff, which is to include a very prominent and able woman assistant. His headquarters will be at 331 Madison ave.

Both Rainey and Powell were highly enthusiastic and certain of victory—the reelection of Franklin Delano Roosevelt.

Dr. Powell was equally as pointed in his remarks but from another angle. "When you stop and

think of what Franklin Delano Roosevelt has done for suffering humanity, it is difficult to believe that any member of the laboring class will vote against him. Just scan the list for yourself; Unemployment insurance, child welfare, work and old age relief and bank insurance. Yes, you must admit that his social security program is tops. He has done more for America than any president before him."

Enraged Father Kills Alleged Seducer

Gun Wounds Fatal For Negro

LEROY OLIVER SHOT BY DRAGNET FUGITIVE

MUSKOGEE, OKLA., Sept. 12 Under date of Aug. 24th, the following article appeared in the Muskogee Daily Phoenix:

Leroy Oliver, about 38, Negro living a mile south of the city was fatally wounded about 8:30 o'clock Friday night when he was struck in the face by two shotgun charges fired by another Negro, Hubert Bahks, 42 of the same community, according to sheriff's officers who investigated.

Oliver, found lying in a pasture a few hundred yards east of the Katy tracks south of town, died in Provident hospital a few minutes after being brought here in an ambulance.

Motive for the shooting could not be learned last night. A .32 caliber pistol was taken from Oliver's pocket.

Banks had not been arrested last night, but sheriff's officers said he went to the house of a brother-in-law, Robert Franklin, and told Franklin, "I've killed Leroy Oliver. You go call the undertaker and the law. I shot him twice with a shotgun." Franklin tried to persuade his brother-in-law to give himself up, officers said, but he left the house saying, "You'll hear from me again in a few days."

Undersheriff Brant Fisher, Connie Vann and Aubrey Chambers, deputies and A. O. Allison, Negro deputy, investigated.—Aug. 24—40 Muskogee, Phoenix.

From our investigations from the street, picked up here and there, the facts are as follows:

A sixteen year old daughter of Banks is pregnant and an expectant mother; she named the deceased, Oliver, as the man who seduced her.
