Mae Rogers is in Oklahoma City, Okla.,—Thelma Lee Williams is in Chicago, Ill.—Cora Henderson, is in South Omaha.

Machineless permanent waves are now available at the school.

I WONDER—

Why Foster Goodlett left by way of the rear entrance the other day. He was in such a hurry I guess he had to catch a train.

Why Lula Williams was so excited Saturday evening. Could it have been the anticipation of giving "Fools" a manicure. Hence she could hold his hand for an hour and nothing could be said about it.

Why John Elliott spent so much time at the school the other day—that cute little manicurist never got around to giving him a massage or even holding his hand.

Why Alberta Starnes can't get to school these days. "Does 'Puddin' have anything to do with it?"

Why Margaret Williams can never get to school on time.

Why the students think the teacher gives such stiff tests when in reality they are easy compared to the ones she used to give.

This is your Cub Reporter, Korea Clark, signing off 'til next week.

RITCHIE SLAYER GIVEN THE ELECTRIC CHAIR

(continued from page 1)

in Ritchie's back and told him to keep driving. After they had gone about two miles, he said he ordered Ritchie out of the car. He said he told him that he wanted to use his car to go down in Missouri to see his wife. He said that he was seated in the back seat of the car and that he got out on the right side ordering Ritchie to do likewise. He said when Ritchie got out of the car that he struck at him and that he dodged the blow and that it was at this time that he decided to kill him. He admitted that he first shot him twice and when he fell into the ditch and tried to get up he shot him twice more. It was also proven in court that the fifth shot was fired but failed to explode.

John Rogers is married and is an expectant father at this time. His wife and her mother were here all during the trial until the final verdict came in.

The jury's verdict was guilty of first degree murder and he will be put to death in the electric chair at a date to be set by his judge, the honorable Judge Sears.

Rogers father and mother who live in Missouri didn't appear at his trial.

The very heartbroken family of the late Wallace Ritchie were all at the trial along with several ministers and outstanding friends. I am sure that the family realize that they have the sympathy of every individual in Omaha. May God bless them all, since justice has done its duty.

wam'. Truly, it has been said and written, that to some ambitious men loyalty is an unknown quantity.

"Finally, it cannot be denied that the Flynn repudiation of this most recent 'Smear Willie' statement and his pinning the blame for this disgraceful campaign blunder upon Roosevelt Colored workers, is a graphic illustration of the administration's treatment of the colored people of America.

"Always, it has been the New Deal's practice to seize upon a whipping boy to take the blame for Roosevelt errors. Here, in this most recent and tragic piece of New Deal malice, un-Americanism and bad taste, the Colored Division of the National Democratic Committee is singled out for vilification and abuse for a Michelson-directed statement which, I'll wager, was never the authorship of a colored man. And I'd add as proof of this that Negroes do not foster racial prejudice. Why? Because a victim of racial prejudice has suffered too much to want to see prejudice extended. Even Mr. Flynn should be able to understand that"

Deal propaganda assaults made upon industrialists who vainly tried to show Mr. Roosevelt that fear of government made for industrial anemia and industrial collapse.

"Let them consider the treatment accorded sincere American Federation of Labor officials, who repeatedly told the President that he governs best, who governs least", and were castigated and expelled from the Roosevelt ear, for their pains.

"And, more recently, let decent, thinking citizens consider the 'whispering smear campaign' directed at James A. Farley, wherein New Deal whispers have been advising members of Tammany Hall that Farley, not the President, was to blame for the lean years of patronage suffered by the Wig-

QUACK CLUB

The Quack Club met Friday night October 11, 1940 at the usual time with the president presiding. The chairman of the worship committee conducted the service after which Mrs. Craig gave a splendid talk on the Community Chest and how the money was used to help unfortunate people. A short business meeting was then held. Plans were made for a bridge and whist tournament to be held in November. Plans are being made to install lights in the front of the YWCA, by the Club members.

The interest groups started Friday night. The girls divided them selves into two groups Music and Bridge. Mrs. Thearis Taylor instructed the bridge group and Mrs. Dorothy Ferguson instructed the music group. All club members were asked to help make the carnival at the YWCA, a success. We hope to make this a bigger and better year. We'll be seeing you next week, I hope.

Richard H. Larson, Born and Reared in Douglas County

Richard H. Larson, Republican candidate for Railway Commissioner was born and raised in Douglas county and educated there. After being employed ten years in an Omaha bank, he spent eight years out in the state, first year as Assistant to National Bank Examiners and later seven years as State Examiner. Knowing the size of our state and the time it would take to present himself and qualifications for office to the citizens, he filed early and became the first to file for statewide office.

His work gave him training in fact finding, accounting and investigation and an understanding of law, all so essential in the office of Railway Commissioner. It also gave him an intimate understanding of the commerce problems of the various businesses, towns and cities that make up our state.

Because of the work that he has done, Richard H. Larson can truly present himself to the people of the state as a "Citizen of Nebraska".
