FACTS ABOUT THE RAILWAY COMMISSION

75,340 voters (15 percent) of those who went to the polls in the 1938 general election did not mark their ballots for the office of Railway Commissioner.

While the office of Railway Commissioner is the farthest down on the list of the state off-

ices, as it appears on the ballot, it is still an important one.

The average citizen is not familiar with the duties and responsibilities of the Railway Commission and it is difficult for a candidate for this office to personally meet more than a few persons in each community.

The Railway Commission is a fact finding body. In other states a similar commission is often called "Commerce Commission", "Public Utility Commission" or "Public Service Commission".

Briefly, the Railway Commission has certain duties and responsibilities in the regulation of rates and service of railroads, bus lines,

Effective Laxative Makes Happy Friends

This laxative makes friends that stand by it because it acts just as thoroughly as harsher ones but is a gentle persuader when taken by the simple directions.

BLACK-DRAUGHT is a spicy, aromatic, purely vegetable medicine. Its chief ingredient is an "intestinal tonic-laxative" that helps tone lazy bowel muscles.

Next time a laxative is needed, take BLACK-DRAUGHT. Used at bedtime by directions, it generally permits a good sleep, acts gently, thoroughly next morning; relieves constipation's headaches, biliousness, sour stomach. It is economical, too. 25 to 40 doses; 25c.

know the facts and then decide whether incumbent should be re-elected to the office which he has held for the past 28 years.

Campaigning on the slogan "The Public Good Requires a Change in the County Court" Southard charges that Judge Crawford has shown favoritism and partiality in his appointments of inheritance tax appraisers in that he appointed his own sons appraisers in 26 estates and allowed them more than \$8000.00 in fees; that

he appointed relatives of a former Chief Clerk and persons who at one time or another had been employed in his office as appraisers in 40 estates and that he had appointed two personal friends in 25 estates and allowed them almost \$8,000.00 in fees, all of which fees come out of the inheritance taxes paid to Douglas County.

He further pointed out that Judge Crawford allowed his own son a \$20,000.00 attorney's fees in one estate and appointed his son's law firm as attorneys in another estate and allowed them \$30,000. in fees.

Southard further charges that the records in the County Court are not properly kept and reports of fees and fines collected are not made within the time required by law. He says: "A check of the records shows

that during the last 15 years, since 1925, County Judge Bryce Crawford has never filed a single report of fees collected, within the time required by law—some of them as much as twenty-one months late—and during the same period in many instances, when reports were filed, remittances were not made to the County Treasurer for almost a year afterwards. For instance, during the period March 31st, 1926 to March 30th, 1927, he did not pay to the County Treasurer until long afterwards any of the fees collected by him during that period. There were two other periods of almost a year each in which he did not pay to the County Treasurer during those periods any of the fees collected by him. On January 10th, 1935 he owed the County \$22,140.00, some of which had been collected by him as far back as April 1934."

He further states that commencing with July, 1937, Judge Crawford at the end of each six consecutive quarterly periods owed Douglas County an average of \$23,700.00 and that during this year and a half period, as Southard says: "Douglas County was in the red and unable to pay its debts. The county's credit was greatly impaired. Many merchants had refused to sell to the County. An open, competitive market was thereby denied the county in the purchasing of supplies. Employees of the County, ever since 1936 had been, almost constantly, obliged to discount their salary warrants at a sacrifice of from 6 to 20 per cent. County Warrants drew 6 percent interest, which the County was later obliged to pay. And yet, these enormous amounts of fines and fees collected by Judge Crawford, which belonged to Douglas County, were not paid to the County Treasurer until long after they were due. The County was, therefore, paying interest on its own money. If this money had been paid in by Judge Crawford as required by law, the County could have saved this interest charge amounting to \$2100.00 for this period alone."

Southard, known to the members of the Bench and Bar as a lawyer of ability and for more than 30 years in active practice, gives facts and figures taken from the public records, assumes full responsibility, for their correctness and presents them in a convincing way at the many public meetings which he attends. He takes the job of campaigning seriously, as he does his work, and states that he is confident the people, if given the facts showing the need for a change in this important office,

will apply the proper remedy on November 5th.

Southard and his law partner, Eugene D. O'Sullivan, have consistently supported organized labor and have generally represented working people. The firm of O'Sullivan & Southard do not have any corporation retainers.
