

GIRLS ON THE STREETS....

Lola Willis seems to have joined the army. She is looking the soldiers over.

Well, the fast is over, THE COUNT HAS BEEN HERE AND GONE.

What goes on under Laura Averett's nose? I believe it is her mouth.

Juanita King and Robert Jones said farewell to high school when they received their diplomas.

Who is Booker Washington corresponding with in South Carolina? I believe it is Doris Newland.

Daisy Cole is fickle. I see she is back with Essie Washington.

Songs of the Week—

As the graham cracker and the sody cracker sat in the parlor, the graham cracker said, "I hear a Rhap-sody."

The sandman said as he came by "Let's Dream This One Out..." What did the collector say as he left your house? It All Comes Back To Me Now.

I see that the so-called "Mayor of North 24th Street is dreaming again that he is driving his car which belongs to someone else.

WOMEN helped 2 ways!

Women, by the thousands, know the help that may come with CARDUI because they have experienced it! Some find they need only start on it three days before "their time" and take it as directed in order to relieve periodic pain due to functional causes. Others find that the proper use

of CARDUI enables them to stimulate appetite and improve digestion (through the increased flow of digestive juice). So they are enabled to build up strength and energy and relieve head aches, nervousness, cramp-like pain and other periodic functional distress. It has been popular for 50 years.

Fads and Fashions—
Why is the demand for turbans so great lately? Maybe it's the price.

Maggie Johnson is wearing some neat tan sport shoes. Did she get them because of a certain party's favorite color?

We got a Brown Riding Hood instead of a Red Riding Hood. Seen wearing the outfit the other night.

A hint to the wise: Too much makeup is being worn. Avoid too much.

Laughs—

What did Uncle Sam say to the boy's without uniforms? "Boys did you catch the draft?"

As the farmer passed the hen, the hen said, "That's the guy I'm laying for."

What did one wall say to the other wall? "Bud I'll meet you at the corner."

Well this is GIRLS ON THE ST. SIGNING OFF, until then this time next week, We'll be Seeing U.

ASCH RECORDING STUDIOS PREPARING NEGRO ALBUM

It is believed that the Asch Recording Studios, 117 West 46th St. New York City, are about to publish the Calvacade of the American Negro—on records. This should be of interest not only to the whole Negro race, but to every American as well.

The records are of educational, cultural and of entertainment value. The Script was written by Miss Mercedes Gilbert of radio and theatre fame, and tells the history of the American Negro from 1619 to the present day. The mother of the negro race is narrated by Miss Gilbert and the voices of her children are portrayed in songs by the Jarahal Choral Glee Club which provides the musical background. Naturally the story includes names famous in American history; as Chrispus Attucks, James Bland, Phyllis Wheatley, Harriet Tubman, Booker T. Washington, Frederick Douglass, Dr. Carver, Mary McLeod Bethune the late James Weldon Johnson, etc.

The records, four in all, will be released in Album form and each side of a record will have a complete story of the epoch it represents. The Book series will have the advantage of a supplementary historical continuity.

These recordings are under the supervision of Mr. M. Asch, Recording Engineer.

Mr. Leroy Collins, well known newspaper man and radio producer and announcer, has been added to the staff of the Asch Recording Studios as Press Relations Counselor and Press Representative for Miss Mercedes Gilbert.

STUDENTS STRIKE IN AFRICAN SCHOOL

Newclare, Johannesburg, South Africa, March 10—(ANP) At the opening of the new term at the state school for Colored pupils here last month, the students went out on strike, as a protest against the appointment of a white principal. Two years ago the colored principal retired on pension.

RADIO SERIES TO DEPICT NEGRO CONTRIBUTIONS TO AMERICAN LIFE—

A series of educational radio programs planned by the U. S. Office of Education and financed by a Rosenwald Foundation grant will dramatize Negro contributions to American life.

The programs, to be broadcast nationally, will portray the role Negroes have played in American education, art, science, industry, and other fields of endeavor, U. S. Commissioner of Education John W. Studebaker reported.

The radio series is being prepared under the general direction of Ambrose Caliver, U. S. Office of Education Specialist in the Education of Negroes and William D. Boutwell, Chief, Division of Radio, Publications, and Exhibits.

Plans for the project call for transcriptions of the programs for use in schools, colleges and by local radio stations. The transcriptions, and radio scripts revised as lesson units and study guides, are expected to be used by both white and Negro schools in courses or units of instruction about Negroes in the United States.

Commissioner Studebaker said today that this is a most important undertaking of the U. S. Office of Education in behalf of all Negroes who have had a part in the development of our national culture. "We shall do our utmost to report accurate and full information about constructive activities and accomplishments of Negroes in this radio series," said the Commissioner. "Much of this information is not available in textbooks and in general reading matter, yet it is the type of information that could help to improve race relations and aid in solving many problems of majority and minority groups."

The U. S. Office of Education will have the assistance of a technical advisory committee in developing the series of radio programs, and is seeking advice and suggestions from Negroes throughout the United States to be considered in making further plans.

To be included in the series will be the Negro's participation in: Music, literature, art, religion, exploration, invention, scientific research, agriculture industry, labor, education, civil and military service theatrical and sports activities.

and another colored teacher was appointed in an acting capacity until the end of last year. Five hundred students stayed home from classes, pending the outcome of a conference between their parents and the director of the Transvaal Education department.

SOCIAL DISEASE WORK TRIPLES 82 POSITIVE REPORTS LISTED AT CLINICS

Business at the city venereal clinic has nearly tripled since start last month of the health department-police drive to reduce known sources of infection, it was shown in reports by Health Commissioner Dr. A. S. Pinto.

The clinic examined 259 persons, in 897 free visits during February compared with 111 examinations 369 visits in the same month a year ago, the report showed. Out of 249 laboratory tests last month there were positive reports on 23 syphilis and 56 gonorrhea cases. In February, 1940, 66 laboratory tests disclosed positive reports on 10 syphilis and six gonorrhea cases.

Cooperate With Army
Meanwhile Dr. Pinto said his office is offering "every co-operation", to Dr. Harry Jackson Warner, newly assigned United States public health service surgeon for the 7th army corps area.

Dr. Pinto also received word today that Dr. Earl Moore chairman of a National Research council sub committee on venereal diseases, had urged abolition of segregated prostitution districts near military establishments and strict repression of solicitation of men by prostitutes on streets, in cabarets or other gathering places.

Follow Suggestion
Within Omaha's boundaries this course is being followed and enforcement will be intensified if the problem increases with opening of activities at the Fort Crook bomber plant. Dr. Pinto promised. Coping with such problems in the immediate Fort Crook area will be up to Sarpy and state authorities, he said.

NEGROES MUST ORGANIZE!!! (continued from page 1) likewise passed unanimously a resolution calling upon the President to demand the ending of discrimination in jobs in defense industries.

WE MUST ceaselessly demand our rights in industry and employment as well as our civil and political rights.

But there is little sense or profit in complaining unless we organize to make effective our complaint against discrimination and secure our righteous demands for justice. No race or group on earth ever was "given rights." They gained strength by organizing until they were able to take their rights. Negroes must learn the power of organized thinking and organized acting in our struggle to win our full citizenship rights in American life.

JASPER COLE, JR. WRITES IN PUBLIC PULSE OF THE OMAHA WORLD-HERALD Anti-Lynch Bill—

Omaha: With our national defense program on every tongue I suppose another year will pass with nothing done about the anti-lynch bill. According to our constitution, the Fourteenth amendment states, "No state shall deny to any person in its jurisdiction the equal protection of the law." In the bill of rights the fifth article says, "No person shall be deprived of life, liberty or property without due process of law," which supposedly means trial by judge and jury. Therefore in my estimation the federal government can prosecute any person or group of persons for violating these provisions. Why hasn't the government done so? With all this talk of democracy, enforcing our laws, beginning with our constitution, would surely be a step toward just that.

IF WE DIDN'T PAY TAXES!

"If the Nebraska Power Company didn't pay taxes it could give its customers free service two months out of each year," J. E. Davidson, president of the company, said today in commenting on the report that an Iowa municipal plant has given its customer's one month's free service.

"In talking about electric rates," Mr. Davidson added, "it is well to keep in mind that privately-owned utilities pay taxes and municipal utilities do not. No comparison of their electric rates, therefore, is fair unless this freedom from taxation is considered.

"Our company pays \$1,469,000 or more than \$4,000 a day, in taxes. Our contribution to the support of government takes 17 cents of every dollar we receive. This is more than twice the 8-1-3 percent discout than which one month's free service represents. We're our

AMOS "N" ANDY
(by Myrtle M. Goodlow)
Dear Andy I know just how you feel—
For I too want a red automobile. With four headlights red and blue, And four tail-lights, purple and gold.
And the wheels with jet black rubber tires—
Lead white rims and yellow canopy spokes.
And bolts of flaming gold—
So folks will really get a jolt. When I whiz by—
Like a thunderbolt,
And say My! OH! My!
Let me shade my eyes—
Till whatever "Tis" passes by.

So you see dear Andy I too, want to sit behind the wheel— Of a red automobile—
That will put the F. D. too shame.
For mine will be a car aflame.
So please don't smart with envy If luck should come to me—
And I get a flaming red one, That outshines the noonday sun.
For if I do I'll invite you—
To ride down Lennox avenue—
And lay old kingfish in the shade When you and I parade.

company not required to pay taxes the savings therefore would equal two months free service to our customers, not just occasionally, but every year.

"If our company were tax-free, our residential rates, which now average 3.6 cents per kilowatt hour would be reduced to considerably less than 3 cents.

"The taxes we pay are, of course needed for the support of schools, police, fire and health departments and other government activities, and we are perfectly willing to pay our share of these costs," Mr. Davidson said. But if we didn't pay these taxes, all other taxpayers would have to pay higher taxes to make up this amount, or government expenditures would have to be reduced that much each year."

IN RAID
The 46 persons taken in a raid of the Brown Bomber Cigar store together with Booker McKenzie, charged with being the keeper of a disorderly house, were given \$1 and costs suspended fines by Judge Palmer in police court Monday morning. Those charged with being inmates were held by the court for a physical examination. Several of those taken were members of Amateur Athletic Union, and the presentation of their membership cards showing them to be physically fit, allowed them to leave without being submitted to the examination.
