COMMANDER OF FAR EAST FORCES AND STAFF

Manila, P. I.—President Roosevelt appointed Gen. Douglas A. S. Army of the Far East with the MacArthur, "commander of the U. S. Army of the Far East." He is expected to integrate the 75,000 U. S. and Philippine troops into the regular U. S. army. MacArthur, former chief of staff of the U. S. army before his new appointment, was acting ad-

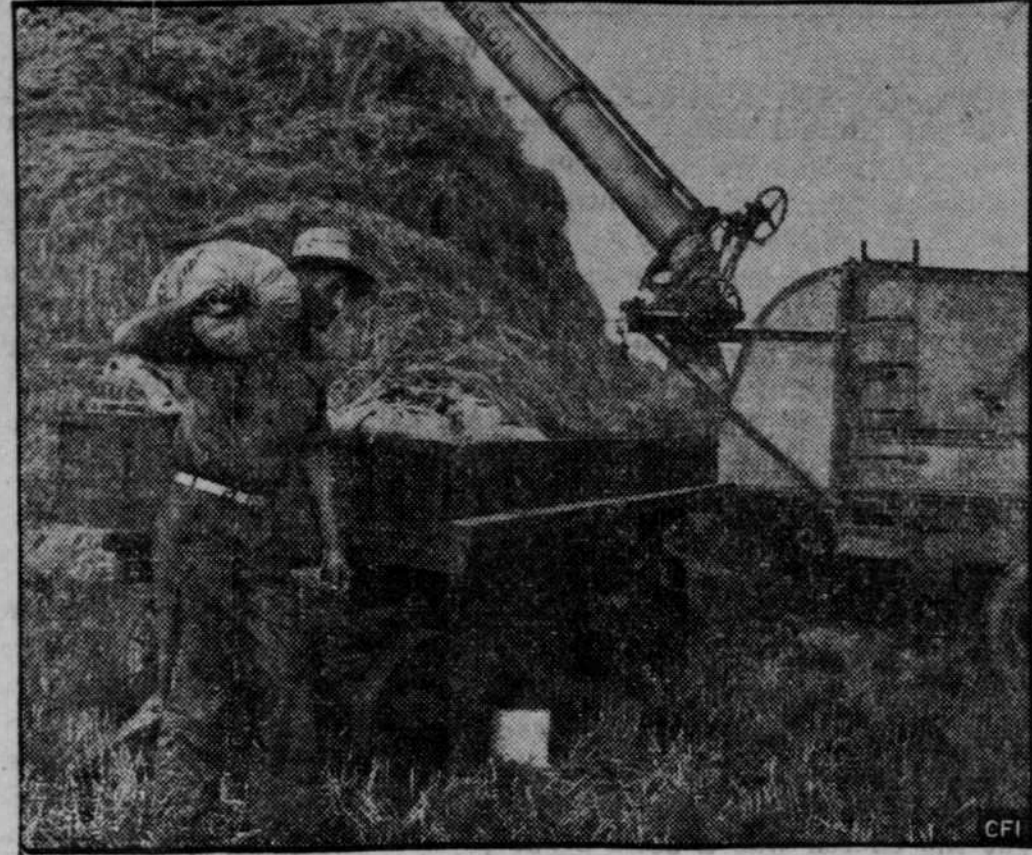

visor to the army of the Philippines. He is shown here surrounded by his staff, all regular U. S. officers. Left to right: Lt. Com. Sidney Huff of Buffalo, N. Y.; Major William F. Marquat, St. Louis, Mo.; Lt. Col. Richard J. Marshall, Markham, Va.; Lt. Col. Richard K. Sutherland, Elkins, W. Va.; Mayor Hugh J. Casey, New York City and Major William C. Dunkel, Springfield, Mo.

HONORED FOR 20 YEARS OF SERVICE

Akron, Oh.—Spl to the Omaha Guide—John L. Collyer, president of The B. F. Goodrich Company tire and rubber plant with her 20 year service pin at the semi-annual ceremonial of the Twenty Year presents Miss Henrietta Smoother an employee in the Akron, Ohio

Service club. There are now more than 3000 active employees on the company's payrolls with more than 20 years of service. Seven employees were given 40 year pins 37 presented 30 year emblems and 76 were given 20 year pins by President Collyer at the ceremonial.

FROM DUFFLE BAG TO GRAIN BAG

Azalia, Mich.—Private John V. Prochaska is on leave from Fort Sheridan, Ill. for 30 days, because he is the only man around here who owns and can operate a threshing machine. When the oats and

wheat were ripe, 57 of his neighbors wrote the army for a furlough. Prochaska is shown carrying a bag of threshed wheat on a neighbors farm. Shortages of farm help are reported throughout the nation.

ROSE GROWS 13 FEET IN HEIGHT

San Antonio, Texas—Spl to the Omaha Guide by Bob Poulson — Mr. J. D. Shopler is now making a regular hobby of growing tall roses. Shopler planted a red radiant rose from an ordinary bush. By feeding it fertilizer at regular intervals the first summer it attained a height of 8 foot. The next year, Shopler was compelled to stake the bush up with wire braces for support. It finally grew to a total height of 13 feet, with a beautiful red rose on top.

## CORNHUSKER GOLF NEWS—

by LAWRENCE LEWIS

During the past five years, I have watched some of the best golfers in the world perform. I have seen such an array as Johnny Goodman, Som Snead, Ralph Gudahl, Walter Hagen, Gene Sarazen, Rodney Bliss, Joe Kirkwood, Lawson Little, Johnny Bulla, and many others too numerous to mention.

I have watched Patty Berg, Lucille Mann, Helen Hicks "Babe" Dierickerson and Phyllis Otto play this game called golf. I have known Miss Otto every since she was a little girl. Her future is already definitely established.

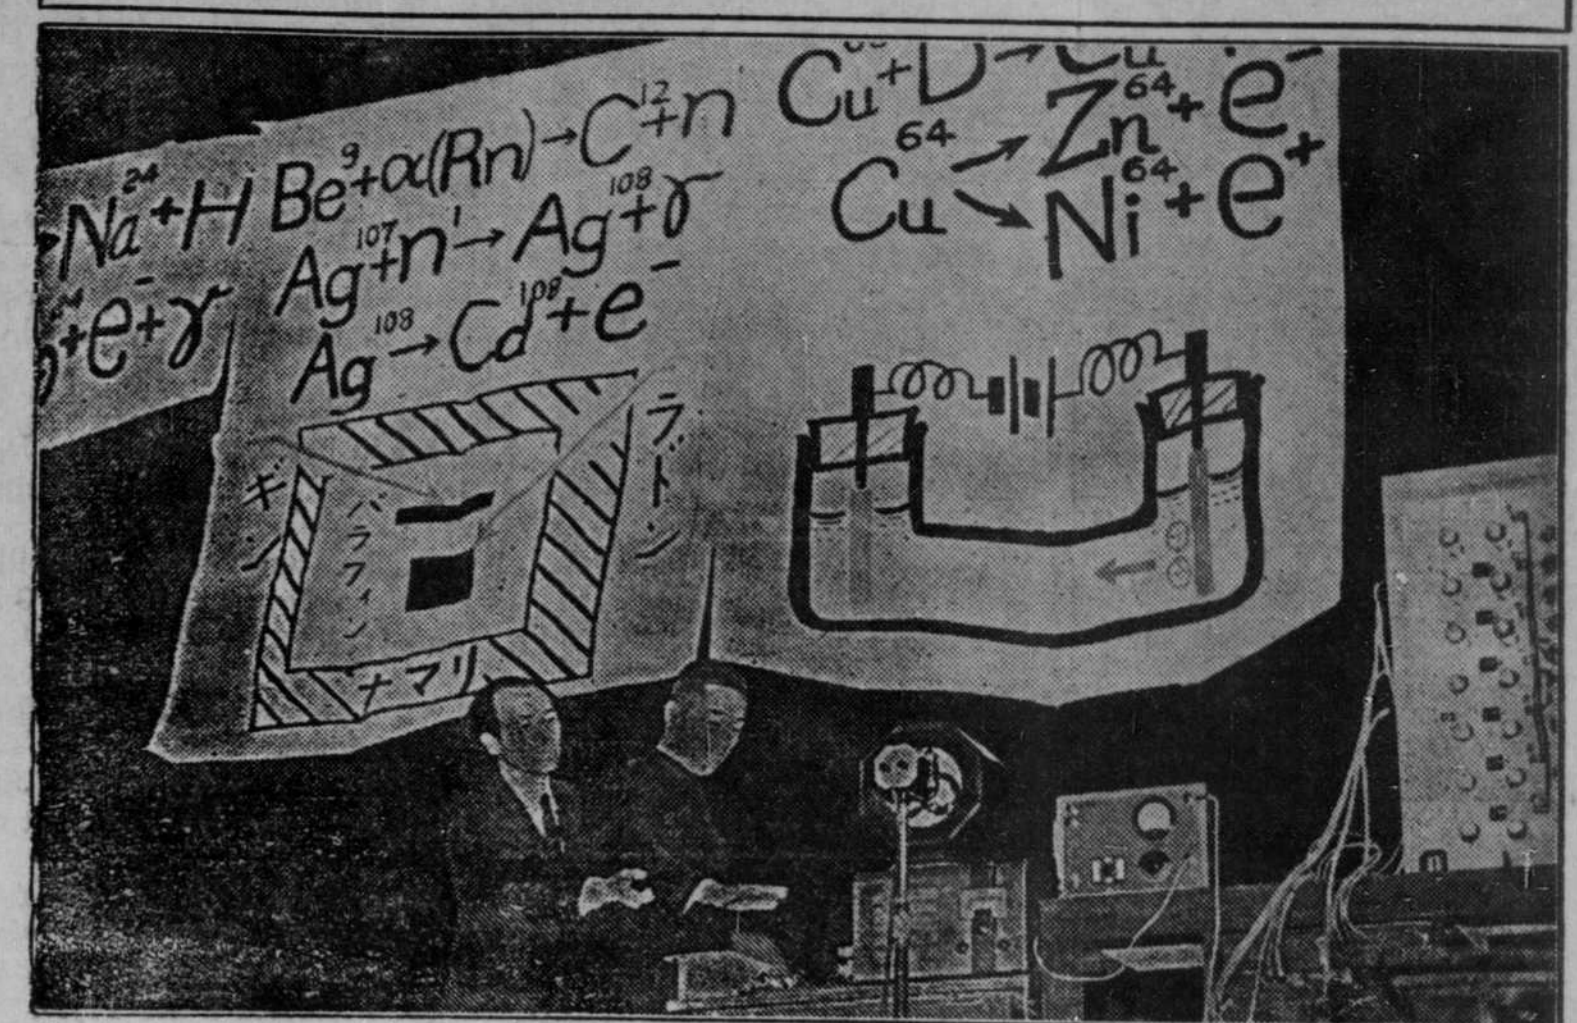

I have always said that the Negro, if given an equal chance, would be the greatest athlete in any sport. I say now, that if they were given an equal chance in golf, they would also be the greatest golfers.

We do not promise you that you will see the greatest Negro golfers here representing the Central States, but you shall see some very good ones. It will be to your advantage to attend our tournament held at Elmwood Park on Johnny Goodman's Course, the 16, 17-18, and 19th of August. Come on out and watch these fine sportsmen play this highly skilled game.

In Omaha our talent is a little on the short side, but don't sell Omaha short, you may rest assured they will be in there fighting until the last hole. Let Jesse Hutten, "Gabby" Watson, John Mickens, Jay Murrell, "Penny" Murray, Mal Scott, John Simms, B. Caldwell and Herbert Toole, be on their game and you will witness something well worth seeing.

Elmwood Park, the site of our tournament, is in very good condition. It is much shorter than many other courses, but it has trees on both sides of the fairway, on almost every hole. On its short holes you must shoot your balls over small streams. It rolling greens invite many a three put and its narrow and hilly fairways, make iron shots bounce all directions, but straight. Speaking truthfully, I do not

## Japanese Scientist Demonstrates Artificial Radium

Dr. Yoshio Nishina, of the Physical and Chemical Research Institute in Tokyo, is shown demonstrating how a cupful of a solution of a minute quantity of artificial radium swallowed by a man spreads throughout his system in 20 minutes and causes him to emit radial activity from every portion of his body.

ization Fighting for recognition For our group in every way And if justice and fair play you wish to see Then join the NAACP.

The time may come when you or a beloved one Will want justice done And the NAACP Will fight your battles free And defend you interests to the end If a worth while citizens you would be Then join the NAACP And help this organization End segregation and discrimination

And unite in the fight For equal rights For justice and liberty For you and for me Is the NAACP plan For every Negro American.

Dear Reader of The Omaha Guide: Anything you wish to see in rhyme, Please drop me a line, Or call at my office, Or telephone, WE. 1517 My address is 1434 North 22nd The facts are all I need to know. Your own, Myrtle M. Goodlow.

defeat the Spanish Amada; who thought the Omaha Field club would ever get the National Amateur; who thought that John Simms would ever beat me playing golf, not even himself; and who thought I would ever write a column for a newspaper, not even I. So Cornhuskers play for all your worth, do your best and Omaha will have a right to be proud of you.

John Adams, Jr., Atty. 400 Karbach Bldg. Notice of Administration In the County Court of Douglas County, Nebraska:

In the matter of the estate of Kathryn Preston, deceased. All persons interested in said estate are hereby notified that a petition has been filed in said Court alleging that said deceased died leaving no last will and praying for administration upon his estate and that a hearing will be had on said petition before said court on the 30th day of August 1941, and that if they fail to appear at said Court on the said 30th day of August 1941 at 9 o'clock A. M. to contest said petition, the Court may grant the same and grant administration of said estate to Ernest Mackey or some other suitable person and proceed to a settlement thereof.

## WILLED ESTATE TO FOUR EX-SHOWGIRLS

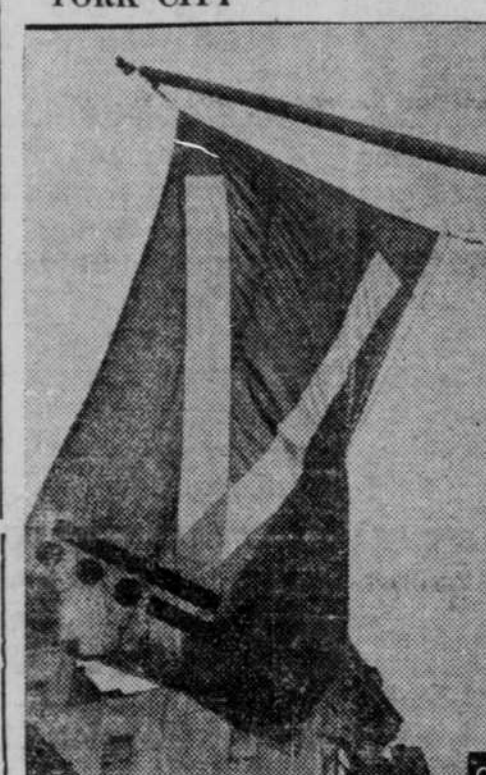

New York—The late William Guggenheim, millionaire philanthropist who left his entire estate to four former showgirls who will "share and share alike." His will, makes no provision for the widow, Mrs. Almee Steinberger Guggenheim, or a son, William Jr. "I have made ample provision for them during my lifetime," it states. Guggenheim died June 27.

## NEW METAL FROM OLD

Cleveland, Ohio—This is what happens to the aluminum utensils collected in the national drive. Here you see the molten aluminum from pots and pans and cocktail shakers being poured into moulds for ingots. Stacks of the aluminum "pigs" are in the background.

## A "V" FLAG FLES IN NEW YORK CITY

New York City—A "V" flag shown flying atop a midtown hotel here. This brings the "V" signal campaign that the English have inspired throughout Europe to this side of the Atlantic in the campaign to beat Hitler.

**Marie Downing BEAUTY AND ROMANCE**  
SPONSORED BY LARIEUSE BEAUTY BUREAU  
The Larieuse Beauty Bureau was established by the Godefroy Manufacturing Company to study methods of preserving women's natural beauty, and to make the results of this research available to the public.

Lucky indeed is the girl with lovely hair, although in most cases it isn't luck at all, but the result of proper care. Such care takes a little time and effort, but it pays large dividends in beauty, for beautiful hair is a woman's most flattering possession. Summer sun, wind and water are all very fine, up to a point. The problems begin when the hair has had too much of them, and here's where an ounce of prevention is worth many pounds of cure. A simple summer routine for your hair should include brushing, correct shampooing, and protection from the sun. Grandmother knew what she was about when she brushed her hair determinedly every night, counting the strokes as she went. With the coming of marceils and fingerwaves, which we thought we had to "protect," the brushing routine was ignored for a time, but today again we recognize the value of frequent brushing. Use a brush with long bristles and a handle that affords a convenient grip. Remember to keep your brush clean—a washing in lukewarm suds does the trick in just a few seconds. Before you begin brushing, massage the scalp gently with the finger tips. Then part the hair in long strands, the parts running from the top of the head to the ear and neck. Begin at the scalp and brush through the length of the strand several times, brushing upward and

outward always. Wipe your brush on a towel every few strokes, to remove dust and dirt. A thorough brushing, you see, helps cleanse hair and scalp by removing the dandruff and dust. It also polishes the hair, giving it that alluring shine and glint of highlights. Brush your hair before each shampoo, and between shampoos too. If you do it correctly, it won't spoil your wave. Actually it will make the wave lovelier and more natural in appearance. If the summer sun and wind have caused your hair to lose some of its natural color, or if you're beginning to find a few too many gray hairs, let a responsible hair-coloring help you restore it to its natural beauty. Your hairdresser can give you advice on this, and your favorite dealer can help you with a suggestion. A little attention to your hair now, and when the new hairstyles come along next fall, you'll be all set to try one of them as your newest aid to beauty and romance. For make no mistake about it, romance comes to the girls who make the most of their own good looks, and lovely hair is the first weapon of offense against the hearts of men! What are your beauty problems? Write: Marie Downing, Larieuse Beauty Bureau, 3509 Lindell Blvd., St. Louis, Mo., and she will be glad to answer them. Be sure to enclose a self-addressed, stamped envelope.

## Festival Beauty

Miss Shizue Kobayashi, who ruled as Queen of last year's Seventh Annual Nisei Festival Week sponsored by the Japanese American Citizens League, of Los Angeles, heads the Queen Committee to help select this year's Festival Beauty.

## You Too Can Have Beautiful Hair

## How You Can Grow Long, Healthy Hair

Certain parts of the body grow to a certain size and no further, whereas, Hair Grows always if you keep your scalp healthy. An itching scalp causes itching. When you scratch your scalp you make sores and scars. HAIR WILL NOT GROW FROM A SCAR There are no sweat glands in sores or scars. The body is given power by nature to make certain outgrowths of skin which we all know very well. Hair is produced by our scalp skin. Each Hair Grows from a special little place in the true skin. If you destroy or mutilate this true skin you may feel all right, but nothing will ever form another true skin. A scar is not skin. You will never find a hair growing from a scar or sore. Hair grows from the cells of the hair bulbs. If you do not look after these hair bulbs, hair will become brittle and break off. There are two glands to each hair to produce oil that keeps it soft and pliable, keeps it from becoming unruly and from cracking. Every hair has a muscle which is attached to its Hair Root. In order to have attractive, healthy hair, you must help nature to Grow Hair by keeping your scalp in good condition. Keep it clean, soft and eliminate itching and dandruff. If you are suffering with head sores or scars do not delay taking our complete treatment or you will lose your hair. To keep your hair cells working properly and guarantee yourself a healthy, beautiful head of long growing hair, give yourself a complete Nu-Hair Treatment.
