Many doctors recommend regular use of douches as a precautionary measure for women who want to be clean, dainty-for women troubled by offend-ing odor or discharge.

Some products may be harmful to elicate tissues. But not Lydia E Pinkham's Sanative Wash! Pinkham's Sanative Wash is gaining great favor because it's NOT a harmful germicide. Instead—it's a mighty effective "bac-teriostatic" (the *modern* trend). It not only discourages bacterial growth and infection but thoroughly cleanses, deo-dorizes. Very soothing-relieves minor irritations and discharge and has a tonic effect on delicate membranes. Inexpensive! All druggists.
