TOWNSEND CLUB NO. 11
Our Townsend Club No. 11 met
Monday night Sept. 21st with a
large number present. The night
was bright and the air was balmy
and everyone seemed to enjoy be-
ing out.
So many of our members were
glad to express their feelings to-
wards our Townsend National Recov-
ery Plan.
We are still making great pro-
gress and we are nearing the goal
today. Than ever before. Sena-
tors and Congressmen moved rap-
idly to break the bad jam on Pen-
sion Legislation in Congress. A
group of senators and congress-
men of both major parties have
made an appeal to the President
of the United States to act on our
bill, and we are praying and hop-
ing that he will do so in the near
future. Members of Congress
realize that only President Roose-
velt can break the Legislative Log
Jam.
They are calling his attention to
the fact that now the two bills are
out of the way, the time has come
for Congress and the Nation to
consider the plight of the Senior
citizens of the United States of A-
merica. There are scores of Con-
gressmen who will join in this ap-
peal and I am glad some body has
started the ball rolling. We are
still on our drive for more mem-
bers and more clubs to help put
the Townsend National Recovery
Plan into the laws of the land.
Come and join us we meet every
Monday night in our beautiful, de-
corated hall in the Urban League
Center 2213 Lake St.

McFarlin, talented Negro tenor, in
a concert Sunday evening, Sept-
ember 28 at 7:30 o'clock, at the
church, 20th and Davenport Sts.
Mr. McFarlin is reported to pos-
sess the greatest voice of any Negro

ertoire includes selections from
such masters as Handel, Bach and
Hubert as well as Negro spirituals
and plantation melodies.
This young man suffered from
infantile paralysis in his early
childhood and has never recovered
the full use of his lower limbs
making it necessary for him to re-
main seated while singing.
Mr. McFarlin is accompanied by
his wife, an artist in her own
right, who also presents a group

WILLIAM GRANT STILL /
COLLABORATES ON
MUSICAL WORK
New York, Sept. 26-(ANP) Wil-
liam Grant Still, noted composer,
and Miss Katherine Garrison Chap-
in, white, for the second time,
have collaborated on an American
composition scored for orchestra,
based on Miss Chapin's poem
"Plain Chant for America" and
dedicated to President and Mrs.
Roosevelt. John Barbirolli, white,
plans to introduce it during the
New York Philharmonic—Sym-
phony orchestra centennial. Their
first collaboration was brought by
Dr. Allan Locke, Miss Chapin is,
in private life, the wife of United
States Atty. Gen. Francis Biddle.

Early this year, Mr. Barbirolli
suggested that Mr. Still write
something especially for the cen-
tennial, and the composer's first
thought was to offer orchestral
suite. Having planned and com-
pleted the suite, Mr. Still decided
that something more significant was
needed for the occasion, and re-
membered Miss Chapin's poem.
Sometime before, he had promised
to set the verse to music, after
their collaboration of "And They
Lynched Him on a Tree", which
was presented at Lewisohn stadi-
um in California.

The score had originally plan-
ned an orchestral prelude and in-
terlude to set off the two main
sections of the solo, but upon Mr.
Barbirolli's suggestion, a postlude
was written to complete the orig-
inal thought.
Said Miss Chapin, author of
"Time Has No Shadows", and
"Outside of the World", "The
success of my collaboration with
William Grant Still in his setting
of my ballad poem "And They
Lynched Him on a Tree", his dra-
matic and lyrical ability, his fine,
truly American idiom makes me
delighted to collaborate with him
again".
It may be remembered that Mr.
Still received theGuggenheim and
Rosenwald fellowships, was com-
poser of theme music for the New
York World's fair, and "Afro-
American Syphony", "Lennox Ave-
nue", "Kaintuck" an dmany others.

You Too Can Have Beautiful Hair advertisement with image of a woman and text: 'LET THE NU-HAIR BESGRO FORMULA HELP YOU AS IT HAS HELPED THOUSANDS OF OTHERS! How You Can Grow Long, Healthy Hair Certain parts of the body grow to a certain size and no further, whereas, Hair Grows always if you keep your scalp healthy. An itching scalp causes itching. When you scratch your scalp you make sores and scars. HAIR WILL NOT GROW FROM A SCAR There are no sweat glands in sores or scars. The body is given power by nature to make certain outgrowths of skin which we all know very well. Hair is produced by our scalp skin. Each Hair Grows from a special little place in the true skin. If you destroy or mutilate this true skin you may feel all right, but nothing will ever form another true skin. A scar is not skin. You will never find a hair growing from a scar or sore. Hair grows from the cells of the hair bulbs. If you do not look after these hair bulbs, hair will become brittle and break off. There are two glands to each hair to produce oil that keeps it soft and pliable, keeps it from becoming unruly and from cracking. Every hair has a muscle which is attached to its Hair Root. In order to have attractive, healthy hair, you must help nature to Grow Hair by keeping your scalp in good condition. Keep it clean, soft and eliminate itching and dandruff. If you are suffering with head sores or scars do not delay taking our complete treatment or you will lose your hair.
