TRUTH VISIONS

By ABBE WALLACE

MY NEW 1942 ASTROLOGY READINGS ARE READY!

M. N.—I have been married a year and my husband and I fuss all the time and I am beginning not to care whether we break up or not although I love my husband very much and I think he loves me. I want to know if our marriage will be a success?
Ans: Not unless you and your husband stop acting like two twelve year old youngsters... I honestly think that you both are trying to see which one of you can show off and out do the other. Don't you know that you will separate if you do not try to get a long? What pleasure do you get out of fussing and carrying on like low class people do? Please see if you can't be a little more understanding before you two wake up to the fact that you are alone and unhappy.

M. E. W.—If this boy sends me the watch for Xmas must I keep it? Do you think I will be doing right?
Ans: Boys do not as a rule give expensive gifts unless they have serious intentions. If you want to consider yourself a "regular girl" to this boy... or give up your other friends, you may suggest that he wait another year before giving you such a nice present. Don't take it unless you love the boy and feel that you would like to mean more to him.

S. E. I.—Will I ever get through school? I am 3 grades behind now, but I am very interested in school and do good work too. Should I go on?
Ans: Continue on in school regardless of whether you are behind or not. It isn't disgraceful to be behind... I do think it is unfortunate if you do not go to school and get an education when there is no reason for you not to do so. You have the initiative to finish your training...let nothing stand in your way.

S. M. H.—There is no happiness here for me and I stay worried all of the time. I want to go to New York for there hasn't been anything but trouble for me here. Tell me if I should go now or wait until after Xmas?
Ans: If you were financially able to make the trip now it would no doubt be alright...but you just can't pick up and go up there without money, job, or sufficient clothing. Remain here and save your money so that after Xmas when you get a nominal sum of money saved... you can make the change.

C. M.—I have been visiting down in Alabama for five weeks and have met plenty of boys and lots of them have asked me to marry. Now I wrote mother and she wants me to take nurse training. I also am offered a good job. Should I take it?
Ans: Take the job and go to work but do not consider marriage just yet. Save your money and try to enter a good hospital so that you can train for a nurse. You are really too young to marry and you are just beginning to have a good time. Try to make your mother happy by carrying out her wishes and plans she has for you to become a nurse.

WAITERS' COLUMN

(BY H. W. SMITH)

We talked with Mr. Phillips, a wide awake Union Pacific train porter and we were very glad to get the very good news about the good service the RR. boys are giving. Mr. James Woods, Mr. L. Artison and the boys are going places and doing things in a very modern way and we truly hope the day will appear that our group can advance to train conductors and engineers as they are entitled to serve on those jobs also. Keep the good work up boys, as you are making history for the race and the dining car waiters are improving all the time and the service is up to the standard at all times and Mr. Rufus Long is taking good care of the North 24th St. headquarters in a very fine way. This writer had the pleasure of talking with Mr. Richard Artison and he went over the top in the government service and was honorably discharged and he may at any time now be recalled to serve his country and his race... let's all give Dick a great big hand for he is one of the boys.

The Fontenelle Hotel waiters are moving up and Mr. Underwood of how badly you feel, it is best to go to mother and let her help in your time of need.

S. M. H.—There is no happiness here for me and I stay worried all of the time. I want to go to New York for there hasn't been anything but trouble for me here. Tell me if I should go now or wait until after Xmas?
Ans: If you were financially able to make the trip now it would no doubt be alright...but you just can't pick up and go up there without money, job, or sufficient clothing. Remain here and save your money so that after Xmas when you get a nominal sum of money saved... you can make the change.
