TRUTH VISIONS
by ABBE WALLACE

A. L. B.—I feel as if I have T. B. is it true or not?
Ans: We both know that it is not Tuberculosis. Why continue to kid yourself? Face the facts squarely, my dear girl. Your doctor has already told you that you are an expectant mother, you had better believe him.

M. R.—My mother died about 2 months ago so after she died, I didn't have a job so I came to this town to work. I promised the boy friend back home I would send for him as soon as I could find work. But I didn't for this reason, I wanted to send my little sister something for Christmas. Did I do wrong?
Ans: Certainly not. You have been entirely too good for this boy friend of yours...helping him when you should have been doing something for those near and dear to you. You owe it to your mother's memory to see that your baby sister is properly cared for until she is able to take care of herself.

A. F.—My reason for being so unhappy is because I'm a girl 20 years of age and still I've never rec'd a Christmas gift or any other kind of gift from a young man. Many a night I wet my pillow with tears because I wish I could receive one Christmas gift. What must poor little me do? I try to

A. M. W.—Dear Ab: I would like to know what is best for me to take up? How about Beauty Culture. It is something I have always wanted to do.
Ans: In choosing a vocation the wise person selects a work that appeals to them, one they enjoy doing, and one that fascinates them. Beauty Culture in your case meets these requirements. It's a good business and there is a future in it for smart people. You have the talent and the natural ability to make a crackerjack Beautyician so go right ahead with your plans. Take a good course, learn the business thoroughly and the opportunity will one day present itself to open a shop of your own.

Miss G. N.—The man that I see and go out with occasionally is always talking of marrying. Does he mean business or is he just "Joy jumping?"

AFTER THE WAR, WHAT?

In the midst of our campaign to win opponents in the war on Nazism, it is called an unmixed evil; the practices of the democracies, only good. Neither assertion is wholly true. The simple truth is that more young men in Germany have opportunities under Nazism than they ever enjoyed under the rule of the Emperor or the Republic. More of them have moved nearer equality of opportunity than an equal number have attained in the so-called democracies. And after the war is over, unless the victors, which we believe will be the democracies, make opportunities the common lot of all men and women in their borders, Nazism will not have been beaten.

Already Nazism has made its impression on our society and economy. The old England has passed away; the slums and squalor in which the workers lived before the present war will never be again; India, long exploited and degraded, will be a freer and better land and her millions will enjoy opportunities for human advancement they have not known for more than two thousand years; Russia will build on the ruins of her empire and dictatorship a free republic, and the masses of the lands which lie beyond the western sea, will be able to embrace

Ans: He's a sure enough JOY JUMPER. Furthermore he is hiding something from you and when you find out what it is you will realize that he has been taking you for a ride. One wife is all any man is allowed by law to ask your friend about this.

A. J.—Many thanks for questions you gave me advice on last year which I found both true and helpful. Your forecast proved so helpful until I don't feel like I can be without it. Will send for it next week. I married one year ago in September. When we met I didn't know where I was going to get food. No we have a nice cafe. I am thinking of making another change out of the state. What shall I do change states or stay where I am?
Ans: When you've got a good thing, hold on to it. You're making progress and you're better off right now than you have ever been. As long as your cafe pays you and your husband a decent living... it would be most unwise to chuck everything and start all over again in some other state. I will cover your case and problems more fully in my private letter.

and enjoy the opportunities and blessings of FREE INSTITUTIONS, in the "CRADLE OF LIBERTY".
The weaknesses and abuses of the old order, made Nazism and Fascism and Communism possible. And they have challenged the very right to life of the democratic states, based, as they are on FREE CAPITALISM AND ENTERPRISE.
If we lose in the arbitrament of arms, it will be because, long before, we had not fully comprehended and applied the principles of FREE INSTITUTIONS which we professed. And if we win thru in this struggle, the threat, and in many ways, the virtues of NATIONAL SOCIALISM, will have helped us toward such a victory.
After the war may we not have equality of opportunity for all, through processes of democracy and free enterprise.

THE RUSSIAN SYSTEM

For many years stories have been written about Red Russians. Nearly all of them maligned and belittled Russia and her form of government. These stories described an unhappy, ignorant people; immoral, irreligious, brutal and hateful. Their economic system was said to be such as to create for the people nothing but misery.

Less than a year ago, Germany invaded Russia and she resisted and we now know that her resistance was superb. Her army stopped Hitler's legions cold, then counter-attacked and has the mighty German army on the defensive and in retreat.

The whole story about Russia is gradually unfolding. Her people are united; her economic system has stood the strain of war, and soldiers and civilians alike are willing to die by the millions to preserve the Russia of today; the system which until recently we have been taught to despise.
Our dream of democracy, a dream we have not seen come true may be superseded by a new social system which will apply in practice what we long promised and constantly denied. Russia is for all Russians who subscribe to the system under which they live and have their being.
The leader of the Russian state is an able, highly educated man, possessing supreme power, necessary in the Russia of the Revolution. But after this war is over, we believe the example of this great country will become the subject of study all over the world. Here we shall witness for the first time, on a large scale, the full fruition of democracy.

America may observe with both profit and safety the example of this people for whom we now extend recognition and for whom history will record that Hitler was beaten on the plains of Russia and that their civilization was largely saved.
Russia was ready for Hitler—Was she also right?

THE RED CROSS AND THE NEGRO

Recently national officers of the American Red Cross advised the National Association for the Advancement of Colored People that COLORED PERSONS would not be permitted to donate their blood to the so-called "Blood Bank" to be used for transfusions for wounded soldiers in cases requiring it by reason of loss of blood. As a result of this curt refusal, as unwise as it was unnecessary, colored people the country over are much incensed at the Red Cross. They are saying, and rightly, that if they must go on the battlefield, as they are doing now and give their blood to save the hides of the very officials who charge that their blood is not fit to aid wounded comrades, the Red Cross should not ask for their money.

The whole matter could have been avoided by the use of a brains. If the officials of the Red Cross had received proper types of blood from all comers, they would have been on safeguard.
Surely, we are not going to win the war this way. Already, we have lost much to Japan because we viewed the people of that land as "inferior". We insisted they had few planes, a poorer army and no courage; that once they faced white men they would flee in disorder. The Red Cross would regard their blood unfit for the "Blood Bank", just as they regard the blood of Negroes.
Let us stop being silly and make a united effort to win this war. Before it is won, much blood will flow from the veins of white and black Americans, and the color of blood will be red.
Will the Red Cross please take notice and proceed intelligently to do its duty.

THE NAACP IN 1941
The National Association for the Advancement of Colored People, in 1941 performed excellent services for the Colored People. Especially noteworthy was its educational effort as to our military and defense work agencies of the government. And it is still "going strong".
Keep up the good work of trying to make a democracy in fact here in America.

MR. HERBERT AGAR
Mr. Herbert Agar, Editor of the Louisville Courier-Journal, is constantly reminding Americans that we cannot have democracy in this land unless we are willing to extend all its protection and benefits and privileges to the American Negro. Any other course, he declares, is not only undemocratic, but unwise and unsafe.
In a recent radio broadcast Mr. Agar pointed out that democratic action toward the Negro in any of the various ways possible here in the United States will do more for the preservation of democracy than the destruction of a German Panzer division.

He pleads for justice for the Negro as necessary to vindicate our democratic professions.
Thanks, Mr. Agar. You are a worthy successor of another great Kentuckian of pre-Civil War days—James G. Birney.

DONALD M. NELSON
Mr. Donald M. Nelson was appointed recently by President Roosevelt to direct the war production effort. Only praise has resulted from the appointment, so long demanded and so long overdue.
Our hope is that Mr. Nelson will get things done, in time.
His record justifies the belief he will do just that and from this point onward, we will have action, action, action, and win the victory.
We have been told again and again we could win this war and go on "with our social reforms", forgetting that if Hitler wins this war we will be bereft of all forms, let alone reform.

The coming of Mr. Nelson to his great responsibilities to produce, marks the final turning point in the world war.
Meanwhile, we have learned we can't beat something with nothing.

THE COUNTY ATTORNEY'S OFFICE

The County Attorney is an important official. It is his duty to prosecute all persons within the county who are accused of crime, and to see that none is prosecuted unless he should be under the law. In addition the County Attorney is counsel for the county of Douglas. He is required to advise county officials as to their legal rights and duties in relation to county affairs. The deputies in the office of the County Attorney are to do likewise.
For many years the County Attorney and his deputies have been permitted to engage in private civil practice to a large extent; sometimes, it is said, at the expense of county service. Be that as it may, the County Attorney should devote his whole time to the County business. His deputies should do likewise. However, all of them should receive adequate compensation, and no county attorney and no deputy should be permitted to use the office for personal aggrandizement. More about this later.

FATHER DIVINE

Father Devine was mentioned several days ago in the public press, and the statement was made that not one member of his "heaven" is on "Relief", that food may still be purchased in his restaurants at 15 cents per meal. Why? We think Father Devine "has something".

A Prominent Business
Woman Praises Mme. C. J. Walker's Preparations

"I use Mme. C. J. Walker's preparations exclusively because I get results from them that I am unable to get from any other preparation," stated a well known business woman the other day.

The secret of the remarkable success of Mme. C. J. Walker's preparations is in the fact that they were blended by the late Madame C. J. Walker to reach certain definite conditions of the hair, skin and scalp, and today, after over thirty-five years on the market, they are growing increasingly popular, and notwithstanding the fact that the Company has always refused to reduce the price on these goods, they are still in demand everywhere.

Mme. C. J. Walker's Gossine, although more than thirty-five years on the market, is still the leader in its field. The reason for this is because it not only serves as a scalp oil, but it gives the hair that silky sheen and natural gloss that is the delight of every woman.

Mme. C. J. Walker's Brown Face Powder is not just another Face Powder, but is the result of years of experimenting to produce the perfect blend to impart a velvety softness and at the same time cooling and refreshing. Just the thing for these hot days.

The Mme. C. J. Walker's wonderful preparations are sold by Walker Beauticians and Drug Stores everywhere, or you can write The Mme. C. J. Walker Mfg. Company, direct. Address: The Walker Building, Indianapolis, Indiana.
