DISCRIMINATION PRACTICED  
AGAINST NEGRO CLERICAL  
HELP, WRITES GIRL

A Negro girl, who is a Workers  
Defense League member, recently  
hired through civil service as a  
stenographer, has sent the follow-  
ing letter to the League. It ap-  
pears that, following several re-  
cent Presidential requests, large  
numbers of Negroes were hired  
for office work in departments of  
the Federal Government in Wash-  
ington. These workers have been  
put in "pools" as is the conven-  
tional practice, whence they must  
be taken, if at all, by the various ad-  
ministrators and officials as the  
need for clerical help arises. These  
officials, exercising a discretion to  
which they are entitled, have re-  
fused to accept the Negro help. The  
press section of the Workers De-  
fense League knows no more of  
the situation than the above, but  
believes editors should be apprised  
of this story, whose details must  
be ferreted out, but which may  
prove to be the most important  
domestic race discrimination story  
of the war to date. The letter of  
the young Negro workers follows:  
"Since being here I realize that  
unless something drastic is  
done to stop this discrimination,  
all of the Negroes will suddenly  
band together and refuse to call  
America their home, which will  
bring in its wake, violence, insul-  
tation of our Negro boys in the  
Army, and just a general upheav-  
al of the whole American way of  
life.

Never having lived in the South  
as is the case of many of the Ne-  
gro boys and girls who have come  
to Washington recently, this whole  
sale discrimination hits us a blow  
which we cannot quite come out  
of with a wholesome feeling to-  
wards our government. As has  
been preached to many of us since  
childhood, this is truly the white  
man's country. He has no place  
for us in it. No matter what our  
qualifications are, we are first of  
all black; nothing else matters.

When they were calling girls to  
be placed in the different depart-  
ments, they followed just one rou-  
tine. What color are you? On  
the blanks which we had to fill  
out, we had to state what color we  
were, and when they placed you  
that was the line they looked at.  
No other information was neces-  
sary. If you were colored, you  
were put in the pool, there to re-  
main until some liberal decided  
that maybe he had a place in the  
hall outside of the general offices  
to put you.

This is the state of affairs at the  
present time. There is a spatter-  
ing of white in the room where I  
now am, but they will be leaving  
soon. Their presence is only to  
show to those who want to search  
the room to find a white face, that  
there is no discrimination. There  
just is no department to send you  
to immediately. You must wait  
two and three weeks for an ap-  
pointment. The white girls wait  
one or two days.

What are we fighting Hitler  
for? Did someone dare to say for  
democracy? If he did, he ought  
to hide his head in shame. There  
can be no democracy when a sit-

Might Be Blunder  
(Continued from page 1)

Axis doctrine as we would a pesti-  
lence. Axis propaganda is work-  
ing on twenty-four hour duty.  
That which is vile abroad is vile  
here also, wherever it exists. Ex-  
amples of disunity and race dis-  
crimination among our people are  
being constantly referred to in  
Nazi propaganda broadcasts and in  
literature. The complete coopera-  
tion of certain South American  
countries where large Negro popu-  
lations exist and where racial pre-  
judice is unknown will depend in  
large measure upon our recogni-  
tion of the untapped capacities of  
the American Negro for defense.

"Much of the resistance to the  
full employment of our Negro popu-  
lation in this crisis is due to pre-  
judice and misunderstanding. The  
American Negro never asks for  
special privileges. He only pleads  
for the same opportunity as every  
other American. Today, he pleads  
for a chance to give all he has that  
freedom may endure.

"Some progress is being made to-  
wards the expansion of opportuni-  
ty for Negroes who are eager to  
contribute to the war effort. While  
the American Red Cross has begun  
to accept the blood of Negro don-  
ors, it nevertheless persists in the  
policy of segregating the blood  
plasma. The American people are  
entitled to an explanation of the  
back-passing going on between  
the American Red Cross and the  
Army and the Navy with refer-  
ence to the segregation of the blood  
of Negro donors."

This segregation of white and  
Negro plasma is racial prejudice  
carried to absurdity! Why, it was  
Dr. Charles Drew a Negro physi-  
cian on the faculty of Howard  
University who devised the blood  
bank system and was invited to  
England to help them organize  
their blood bank. The regulation  
requiring segregation of blood  
plasma should be changed by those  
in authority and if it is not, we  
should call upon the members of  
Congress to fix the regulations by  
law instead of leaving it to the  
policy makers. Surely, no warrior  
critically wounded on the field of  
battle and in need of a transfu-  
sion will inquire as to the racial  
derivation of the life-giving plas-  
ma.

"An improvement has been made  
in the policies of the United States  
military establishment. What a  
wonderful contribution to the  
democratic process it would be if  
volunteers of all races could be  
included in one military unit under  
one flag, the flag of the United  
States!

"Why should Negroes be critic-  
ized for struggling to achieve the  
rights which are guaranteed to  
them under the Constitution of the  
United States? Of course, they  
care passionately for these rights.  
Otherwise, they would not be good  
Americans.

"Most of the early settlers in A-  
merica came here in search of free-  
dom or in search of opportunity  
for a new life. Fortunes were  
made and natural resources devel-  
oped to an extent undreamed of

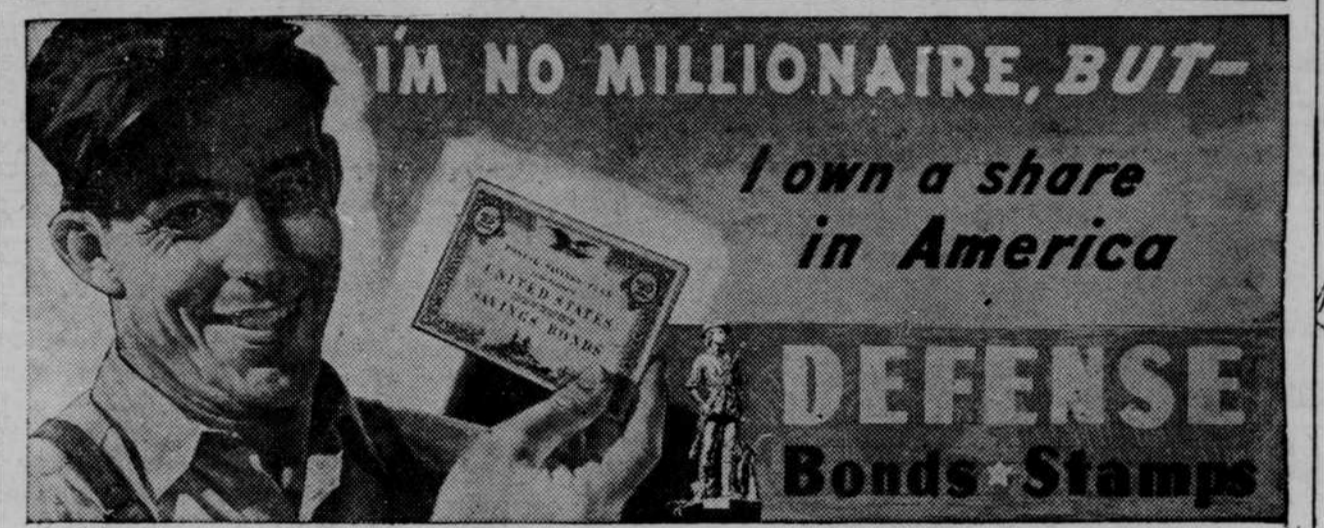

CAPTAIN DAVIS GETS READY  
FOR TAKE-OFF

On the field at the Basic and  
Advanced Flying school for Ne-  
gro Air Corps Cadets, at Tuske-  
gee, Alabama, Captain Benjamin  
Oliver Davis, Jr., prepares to take

his advanced trainer into the air.  
Captain Davis, a West Point  
graduate, is the son of Brigadier  
General Benjamin Oliver Davis,  
first Negro general in the Regular  
Army. He is a member of the  
99th Pursuit Squadron, the first

colored atetical unit in the Air  
Corps. A total of about 100 cad-  
ets will be trained annually at the  
Tuskegee airfield as well as the  
full ground complement of the  
squadron.

YOU DON'T HAVE TO BE RICH to help American Defense. That's the theme of the above poster,  
one of the newest of the Defense Savings promotional pieces now going up in streetcars, on bulletin  
boards, and at other public places. This poster emphasizes the point advanced by the Treasury Depart-  
ment that every American can—and must—pitch in if the United States is to have the arms and the  
tools necessary to protect her freedom.

TOGETHER IN "LADY FOR A NIGHT"

Joan Blondell and Hattie Noel shown above will soon be seen in  
the new Republic picture, "Lady for a Night." Co-starred with Joan  
in the male leads are John Wayne and Ray Middleton, two of  
Hollywood's most famous he-men. The picture is lavishly produced  
and presents a thrilling, highly dramatic theme.

but the Negroes were brought to  
the New World as slaves. As  
descendants of free settlers and  
immigrants, we owe an opportu-  
nity to the descendants of those  
who were brought here shackled.  
"As we approach the anniver-  
sary of the birth of Abraham Lin-  
coln, we think of that great Pres-  
ident who struck the chains of hu-  
man bondage from the Negroes.  
Let us dedicate ourselves to the  
task of striking off the chains of  
prejudice which retard their progress  
in the total efforts of our  
country to win the war."

Mr. Morris proposed a program  
for opening up the field of science  
to young Negroes in institutions  
of higher learning and in industry.  
He suggested the establishment of  
practical research projects at Har-  
tford to be sponsored by firms and  
corporations which are interested  
in new developments in the field  
of science and in opportunities for

"Through the establishment of  
such a program, leaders in science

initiative of young Negroes.

"Some of these corporations will  
be responsive to this plan. Others  
may plead that they are too much  
occupied to consider it in these

A Prominent Business  
Woman Praises Mme. C. J.  
Walker's Preparations

"I use Mme. C. J. Walker's  
preparations exclusively be-  
cause I get results from them  
that I am unable to get from any  
other preparation," stated a well  
known business woman the  
other day.  
The secret of the remarkable  
success of Mme. C. J. Walker's  
preparations is in the fact that  
they were blended by the late  
Madam C. J. Walker to reach  
certain definite conditions of the  
hair, skin and scalp, and today,  
after over thirty-five years on  
the market, they are growing  
increasingly popular, and not-  
withstanding the fact that the  
Company has always refused to  
reduce the price on these goods,  
they are still in demand every-  
where.

Mme. C. J. Walker's Gossline,  
although more than thirty-five  
years on the market, is still the  
leader in its field. The reason  
for this is because it not only  
serves as a scalp oil, but it gives  
the hair that silky sheen and  
natural gloss that is the delight  
of every woman.

Mme. C. J. Walker's Brown  
Face Powder is not just another  
Face Powder, but is the result of  
years of experimenting to pro-  
duce the perfect blend to impart  
a velvety softness and at the  
same time cooling and refresh-  
ing. Just the thing for these hot  
days.

The Mme. C. J. Walker's won-  
derful preparations are sold by  
Walker Beauticians and Drug  
Stores everywhere, or you can
