**"THE WRITING ON THE WALL"**  
by M. M. GOODLOW  
The writing on the wall is plain to read, And the Allied nations should all take heed, World wide slaughter and blood shed, In the awful days which lie ahead, And the Sacrifice of millions of human lives, Could be shortened by years, Not to mention the grief and bitter tears, The solution isn't in guns and ammunition, But world wide freedom Give the darker races something to fight for— Something to live for— And something to look forward to— When the war is through.

We read the writing on the wall When we heard India's call— Each word was written plainly In China's plea for India's liberty, And India's reply to Great Britain, Nothing less than complete freedom, Would move her millions to action, She would rather take her risk And have her problems solved by conflict— In plain words they want freedom while they live, The same freedom they are now

### Double Help for WOMEN!

Periodical headaches, nervousness, cramp-like pain, when due only to functional causes, are relieved for so many women who start on CARDUI three days ahead of "the time," and use it as directed.

But CARDUI has another important use. It is a tonic, intended to stimulate appetite and increase the flow of gastric juice. That's the way it improves digestion; and thus helps build up so many run-down, undernourished women. That's another way it often helps relieve periodic distress.

CARDUI's 1-year record of popularity invites your confidence.

### PROTECT YOUR CHILD'S RIGHTS!

## Vote YES: Keep Schools Open

Don't let the greed of others rob your child of his American education. It's his heritage! It's the one thing you can leave him for the future! His free education has been promised him. Vote to insure that education. Vote YES March 17 for the 2-mill levy increase so that the quality of his education may not be endangered.

WHY HAVEN'T THE SCHOOLS ENOUGH MONEY?  
Because property value is now lower . . . and the present levy can not raise as much as before.

COULDN'T THE SCHOOL BONDS BE REISSUED?  
No . . . that would not be legal, and would be unfair to bondholders.

WHY NOT GET THE MONEY FROM UNCOLLECTED TAXES?  
Not enough could be collected . . . and schools would still be in danger.
