You are doing the right thing in the Eldridge case. More than that, you are doing the patriotic thing, for we cannot have unity either in our community or country where race hate and police brutality are tolerated in official circles.

THE ELDRIDGE CASE AGAINST POLICE SERGEANT GRAHAM

In cases of this character it must first be remembered that the powers of a police officer are very limited. It must also be remembered that Sergeant Graham did not place Mrs. Eldridge under arrest, legally or otherwise.

Sergeant Graham appeared upon the scene and tried to prevent her from entering her home. And here began the trouble. Mrs. Eldridge ran into her house, and once she was there, Sergeant Graham had no right to enter without a warrant, and what he did to Mrs. Eldridge in her home was a wanton and illegal assault upon her.

Charges have been filed against Sergeant Graham with the City Council by Mr. and Mrs. Eldridge and the Omaha Branch of the NAACP. They should be pressed with unrelenting vigor.

Already the appeals have been taken from the findings of guilty against Mrs. Eldridge for "Disturbing the Peace" and "Resisting Arrest". The hearing on the charge of "Mayhem" is set for April 14th, 1942. This is a felony case and the question to be determined by the examining magistrate is whether or not there is "probable cause" to believe that such a crime has been committed and whether or not Mrs. Eldridge committed it.

The charges against Graham was read by the City Clerk in open Council meeting Tuesday 10 a. m. and hearing set for April 23, 9 a. m. in the Council Chamber 3rd floor of City Hall 18th and Farnam St.

R. B. J.—I'm so tired of living like this. I want to buy me a bedroom suit and want to know if I will be successful. What can I do to make my husband do better?

Ans: Your husband doesn't seem to have the slightest idea how to handle his money. My suggestion is to work out a budget and try to show him how much money it takes to run your home and how it is spent.

M. L. B.—My husband and I want to adopt a child. We love children. We have one daughter who is grown and we are only in our early 40's and feel we want another child.

Z. Z. Z.—At the present I am going with a frivolous type of woman and it appears that I can't get shed of her unless it causes me serious trouble. What must I do to get shed of her?

F. O. W.—I met this man I am with last June. He and I have been together for 2 months. He promised me that we would marry. I want to know why he does not keep his promise to me?

D. F.—My first marriage was to Contact Committee, MA. 1047, Lillian Wright, MA. 1047, Rowena Sudduth, Publicity Ch. MA. 4681.

a fellow who wrecked my life. He was so low down until I could not stay with him a single night. I am married to a fine man now, but unacquainted by treats me with kindness. I wish to know if the old fellow ever thinks of me?

Ans: Didn't you get enough of his unbearable treatment when you married him? Make up your mind to forget him once and for all. The man you are married to now is a perfect gentleman.

Ans: Since you realize that she isn't the type woman for you, it is all the more important that you free yourself of her. It can't be done overnight without a rowdy brawl.

Ans: There seems to be another party involved...his WIFE. He can't marry you until he gets his freedom from her. Better talk this thing over right now and settle it as you are very unhappy living as you are and I don't think you will be happy to live that way any long period of time neither.

Government Restrictions Affect Telephone Users

The telephone business is now operating under definite government orders restricting the installation and replacement of telephone equipment. Some of these restrictions are:

- 1. Wall and desk telephones can not be replaced with hand telephones. 2. Extension telephones in residences can be installed only under certain circumstances. 3. Party-line service is the only service which can be provided in some localities for new applicants and for those who move. 4. Replacements and improvements, which under ordinary conditions could be made, now have to be deferred.

These restrictions will affect many telephone users but we shall do everything in our power to provide as adequate service as is possible under existing war conditions.

ship elsewhere. G. L. B.—I have a small store but I am not running it at present. Must I go back into store business or sell it and buy the place I am renting how as my garden? Any suggestion will help me to make up my mind.

Ans: Sell the store if you can get your price. Continue to rent the garden space and if and when you get the money to buy it... do so. You can make enough vegetables grow on that particular plot to feed your family for a whole year. Staying in a store day in and day out is too confining for you.
