American phrase that is taki added significance. General Mac-Pacific and our heroic men fighting against great odds on the Bataan battlefront are giving the world a glorious example of the meaning of this phrase—they are in there pitch-

On other far and near battlefronts, on land, on and under the seas, and in the air, brave and daring Americans are risking and giving up their lives to preserve the American way of life. It is just as vital for Americans on the home front to pitch in and

is won. All of us are combatants whether we are serving on the front lines of combat or on the home front. The worker in the factory, the producer on the farm, the worker in the office, the housewife, the boys and girls in school . . . all must take part! Too many of us are still not awake

to the full significance of the situation; too many of us feel the war is remote from our doorsteps—that the fighting men will do the job without our help. This is fallacious reasoning and the sooner we wake up ind pitch in, the sooner will the vioneral and specific suggestions on aiding in the war effort will be out lined. Keep Pitching, Americal
