is now passing most of his unnecessary time away at the "Chez Parce"—Not lofin' but blowing the horn away.

And since the las' time you seen his name appear in this column, some promoting changes has been made—Sargent Delvin Gray with three stripes on his arm, is back on furlough. We know the crowd will send him back with a "coming out party".

Gazin' at the gates along the beat we spotted Dewane Williams who recently returned from Chicago.

When you spot him note how handsom he's getting to be. (?)

Sunday All Day for a whole day, Francis Bell, who was dressed in red accessories, looking fine, sported with a soldier, he wasn't hard to look at either.

Don't be alarmed! we wasn't—the much expected thing happened—Snook Deen and a carload of studs did it—smashed up on the thirtieth and Chicken Hut street.

Orchids to the ones in the horse-pittle and roses to the ones along the stroll wearing white bandages to be distinguished.

The private booth drug partie in the Grant street Pharmacy Sunday afternoon was a complete success. The whole setup was arranged by

Mr. James McAllister Jr. Forgoth en—Things in the past—Mr. Henry Lock—that's all she has of Lock—Remembrances. Now she is seen with TRAVIS Singo—No one but cute little Guess who (?)

At first it might have been friendship but now we are quizzed. Do Mary Yancey go with Duffy? Duffy could make a record if he would forget about acting simple. He has all the qualifications.

Are we seeing double or nothing. Seemingly Edith Strotol is wearing his hat and Charlotte Hayes, his jacket—who will be wearing your shirt Joe Brooks?

#### ALL THIS AND HEAVEN TOO!

That's too much; but Eloise Franpton really has it—she now goes with one of Omaha's best dressed—personalities, dancer and lay cat—"Silick" better known as Sheppard. For some unknown reason they are not seen in North Omaha much.

Marice Simpson was spotted in a cab—Armed down in his dress army outfit. Could he have been going way to South Omaha in a cab? The fare is a George Washington face when you hit the bridge!

#### RIPLEY, BELIEVE IT OR NOT

Hat, where is the man? Have you by any chance seen the boy the hat is wearing—sounds silly but it's true—the big wide brown cowboy style hat is wearing Othar Russell. It's very fine.

We overheard a catt speeling. I never did get into the place that closed the other week. Everytime I would save enough lines for a bottle of pop—a dance would come up and that took my bottle of pop mney. Ah had to go where it was a buffalo. (sigh!)

Relax! Maxine Nicholas has taken off those spike heels and is now down to Earth again in sporties. We feel much better—there's not the feeling she might fall down the steps at school in those cute flatties.

George Station was heard wootin about—Sharon Edmondson—at the same time she was in the show with Novis Preston. It's getting breezy we'd better sh-sh-sh be quiet.

Why would Mutt want to speak about a name like Roosevelt the way he does. Why he actually called a chic down when she passed a group of cats. (By menshuning that name) Watch that stuff!

Is Leroy Johnson giving Margaret Yancey the Gladeye? Must be from the way she acted toward Kathryn Speese.

Rumors last rumored was that Evelyn Morrow is married to the fine out of town cat—The Lick!

Gloria Mondya and Edgar Alford have gotten to be good friends like they used to be.

Jonie Robbins and Edward Morrow make a very fine couple.

Jack Hoard has two dates to take to the dance already. Which one will he take? I wouldn't plan it if I were either also he said he'd see that they both get there. P. S. —

Last Friday three romantic railroad cats came cruising up to Tech and collected a group of very fine chicks. The two that had to leave regretted the minute.

### WAITERS' COLUMN (BY H. W. SMITH) W.E. 6458

We talked with the race horse head waiter of the Paxton Hotel May 2 and he had the winner picked on the Kentucky derby running as his knowledge is always out in front on the events of this kind and also his crew of waiters are tops on modern service.

We contacted Mr. Earl Jones of the Omaha Club on Sunday May 3. One of the northside business houses and he was entertaining one of his good friends Mr. Althouse an of course he also makes this writer welcome and we enjoyed a real fellowship as all of the waiters are a fine gentlemanly bunch at all times, and we take pleasure in giving them a big hand.

The railroad boys are all ready for the heavy spring travel traffic and will always take pleasure in helping the passengers to feel at home on their journey. Mr. Phillips, Mr. Artson, Mr. Linwood AHL, Mr. Luther Johnson, Mr. Rodney Williams, Mr. Harry Swain, Mr. Felix Metzger and Mr. Richard McCain, Mr. McAlister are a few of the boys.

We are all very glad to see Mr. Jess Hardin in his office again and we also welcome Mr. Banks to our city again and also the two very wide awake salesmen at the H & M

The boys at the White Horse Inn downtown are in the running as always. Mr. Branch, Mr. Dave Russ, Mr. Isiah Jones and we notice Mr. Louis White with his N. Y. riding costume tailed on north 24th str.

Did you read the Omaha Guide last Saturday. If not, why not?—One year's subscription will bring it to you and the paper will have all the news. Now come on in, the waiter's fine.

The Omaha Athletic Club is at the top on modern service.

Also the Fontenelle boys are going strong.

The Cottonwood room at the good old Blackstone hotel continues out in limelight.

The NAACP is very much in need of your membership. Now take out a membership and ask all of your friends and acquaintances to do also. And it will help to make the 1000.

The summer clubs will open soon and the waiters will enjoy the cool breezes off the green grass and the trees and the beautiful swaying cornfields.

#### ALL INDIA CONGRESS PARTY ADHERES TO NON-VIOLENCE

Last week the Working Committee of the All India Congress Party announced its adherence to the policy of Non-Violence and Resistance by Non-Cooperation. This method of resistance to Great Britain is a part of the Ghandi plan. It has worked very well against the British Empire. How it will work against bloodthirsty Japanese, no one can tell.

For reasons far beyond explanation given thus far, the non-white races of the Orient have shown their preference for the Japanese instead of the Dutch and British. Indeed, the only explanation of Japanese successes thus far in the war of the

### LET'S GET ORGANIZED!!!

by George Edwards In my last article I made reference to the Girls' Home Defense Club located at 2319 Q Street.

This club organized for the purpose of securing jobs in industries that in the past have denied employment to the women of our race. It was due mainly to the efforts of this organization that Armour and Swift locals passed resolutions asking that the management change its policy in regard to hiring Negro women.

So it is very plain that the real driving force behind this movement to hire our women came from a woman's organization. Here we see our women looking into the future, recognizing that they can play an important role in this great struggle of ours.

But somehow I feel as though not enough importance has been attached to this militant group of women. I feel that every Negro woman in the city should become a member of this organization, for as our women become interested in our economic welfare, we will see much more action from our men. By this I mean that many members of our race are in unions or are working in places where they could become members, and are not. And I'm certain that when our women become interested in this movement they will see to it that those men who are already members not only attend their meetings but will take an active part in them; and those who are not already members will join.

Those of us who see the dire need for organizing should give this women's club a great hand for what they have already accomplished and do everything we can to help them in their future work. A similar club could be set up on the North side if necessary, and the work of the two could be coordinated in such a manner that it would function as one unit.

Our men are rapidly being taken away either for war or war industries. And since it is important that we carry on a war on two fronts, who could carry on a more militant war on our home front than our women?

So brothers let's swing behind the Girls' Home Defense Club and its program, for without a question, with our support, it will develop rapidly now and will carry on our struggles while we are fighting our enemy abroad.

With these women organized, I'm sure we will get some real action from their husbands.

So I say, Hats off to these women, and let's go!

Orient lies in this preference. All of which makes us wonder, if India too, has not decided to cast her lot with Japan and create an Asia for the Asiatics.

We do not believe this to be the best for mankind. We would like to see a world in which all men could be free to work out their destinies under the forms of law which are made by their collective assent. And all this, without regard to race, or color, or creed. We would like to see a world in which men of all races and colors and creeds could travel o'er the earth as men and meet other men as men.

After this World War is over, we should strive to rebuild a civilization based on "THE RIGHTS OF MAN"; Broad enough to embrace all men. We would like to see a predominant philosophy in the world which would raise all men to the higher levels of life and living, long ago dreamed of and heralded by such ancient prophets and lawgivers as Hammurabi and Askia The Great and his GREAT Ancestors of the Soudan and other leaders and statesmen of a less ancient day.

In this galaxy would be the India of today, the India which was great before the Greeks knew Greatness and the Romans knew their harsh laws and an even harsher sword. I this company, too, would be China, which in her infancy had known and see some of the ancient glory of The Old African Soudan and Egypt of a later time and might and glory.

In a world now dominated by FORCE and MURDER, the pronouncement of the Working Committee of the All India Congress Party seems foolish. But they may answer quite truly that violence in the form of war has not gained anything of lasting good for mankind.

### N-A-A-C-P NEWS

The case of Mr. and Mrs. Eldridge and the NAACP against Sgt. Jack Graham of the Omaha Police Department was set for hearing before the City Council Friday morning, May 8th at 10 o'clock. On Tuesday, May 5th, a notice was made by the attorney for the defendant, Jack Graham, to take a deposition of Mr. and Mrs. Irving Johnson, who are two of the material witnesses in the case, in Chicago.

The word American did not appear, the one word which would have signified UNIFIED NATIONALITY. At any rate, the Negro has been moved up from last place to number 2 place, even if all the others are freely integrated into our schools and armed services, while the Negro is kept A RACE APART.

Would it not be a fine thing for the President of the United States to issue a Proclamation declaring that henceforth every citizen shall be designated as an American. If, thereafter, an explanatory word should be needed it could be supplied. LET US HAVE NATIONAL UNITY and forget forever the terms ad hates and prejudices that divide.

#### THE CITY ELECTION

Tuesday, May 12th, an election will be held. Seven City Commissioners are to be elected. Firemen, and Policemen, are asking every Negro man and woman to vote to increase his pay \$40.00 per month, from \$140.00 per month to \$180.00 per month. We are not going to tell you how to vote on this issue, because, if you have sense enough to vote at all you already know how.

There is another proposal to give each policeman and Fireman a pension of \$70.00 per month after he shall have served 25 years on the force and attained the age of 55 years. To this pension each man must contribute. In addition to this his widow and children will receive a pension at his death, if the children are under eighteen years of age. In any event, the widow will receive a pension. HOW WOULD THAT SUIT YOU?

Please vote May 12th, every SON and DAUGHTER of you. Unless you do, you miss the only opportunity you have here in America to be in fact the equal of every other citizen. VOTE for your friends and against your enemies.

#### NEW ADDITION TO GUIDE STAFF

The Omaha Guide has added Mr. Clifford Mitchell to its staff. He comes to us from the Motor City of Detroit where he had been engaged in newspaper work for sometime. For many years he has been the head of a National News syndicate and has furnished news stories to newspapers all over the country, including them which serve both the white and colored people.

Mr. Mitchell has travelled all over North and South America and the islands of the West Indies, and his feature stories have been enlightening and interesting chronicles of these lands and peoples. We hope Mr. Mitchell's stay in our midst will be profitable to the thousands of readers served by the Omaha Guide at this time and to other thousands soon to be added to our family of subscribers and advertisers.

Service is needed now in every field of human endeavor as never before in the long, painful struggle of men from their beginnings.

Welcome, therefore, Mr. Mitchell, into the family of workers, and servants in the FOURTH ESTATE, in the "BREAD BASKET" of the United States.

Our task is to build the temple of LIBERTY until its spires touch heaven, and no hands must ever do it.

#### NAACP WRITES AN OPEN LETTER FROM ITS SECT.

An extension of the service by the NAACP to the Negro has just been put into effect—the establishment in the national capital of a bureau to battle seven days a week and as many hours a day as necessary to protect the rights of Negroes during this most crucial period of the world's history, two blocks from the Union Station and close to the capitol, the Senate and House office buildings, the Supreme Court and other government agencies.

The NAACP should have been financially able to make this step some years ago. Washington today is the center of activity not only of the United States but, in a large measure, the place where decisions affecting the future of the entire world are being made. Long range work and the holding of mass meetings and other demonstrations for steady pressure on Washington are absolutely essential. But the time, money and energy put into activities outside of Washington will not have their maximum effect unless there is at the national capitol intelligent, persistent, day-to-day follow up work by an agency which through the years has earned the respect of those in authority.

The NAACP has only a very small part of the minimum cost of \$12,000 a year to pay for the main-

tenance of this bureau. Since this agency can conceivably do much towards wiping out segregation and discrimination in the armed forces, can put into the pockets of Negroes millions of dollars in wages in defense industries, and can protect the citizenship rights of 13 million Negroes, we ask through the medium of your columns, generously contributed by you, that those who are far visioned enough to see the importance of a Washington Bureau contribute such funds as they can afford towards its maintenance.

Cheques and money orders should be made payable to Mary White Ovington, Treasurer, and sent to the NAACP at 69 Fifth Avenue, New York. WALTER WHITE, Sec'y.
