

# GIRLS ON THE STREETS

What's tickin' Chicken?—Well, hello there readers, we followed the gang and met mos' of you going up those steps that leads to the Dreamland Ballroom Monday night, June 5th.

What did you think of that 12th Annual Coronation Pageant that was sponsored by the St. Philip's Church? The Lick! Wasn't it? Searching the crowd we spotted an old friend of ours—hadn't seen the chick for some time. Mary Louise Teal of Council Bluffs, Iowa. She was a Countess.

The Queen was really attractive wasn't she and for once she was out of a different church. A very good friend, Merelyn Fowler.

And too, we mustn't leave the band out—Djinn't Lloyd Hunter's men look fine in their new attachments.

The Princesses and Duchesses were thirty-one of Omaha's most beautiful girls, weren't they boys?

A lots of things happened Monday night. Harry R. Evelyn Stewart left for Detroit, Michigan. Mabee not for long.

We can hear that it's yet Buzzin' you know, the little falsehood S. W. put out herself (just for fun) that she and J. F. were engaged. It was amusing, but now it's confuzin'. Studds are beginning to believe it.

Smiling and showing the gold in her teeth, Eva Dorris seems happy again. Her Romeo—Dale Philips, is back, and somewhere near you can always spot Curtis Woods who is also back.

Wouldn't it be pathetic if Hobart Ray and James McAlister would

meet at a certain chics house over on Maple St. She's kinda new here and rather cute. But girls—do it take two studds to entertain her? Specially during the shortage.

Leon Wallace, cuzzin of Gladys Brown, really let a number of girls in for a great disappointment. He up and left to live in Montana.

After touring the lower Eastern States and the upper Southern States Marcus Douglas is back where he started.

Alice Simmons and Harold Bridgoux are beginning to look like a pear. You seldom see one without the other.

The camp bought Curley Phelps a little too healthy. He has absolutely lost his physic. But the girls are glad to add him to their list of eligible.

What happened to the handsome six footer B. D. was with. We spotted her with Richard Gaskin at the Carnival. (But that was last week).

And don't Chauncey Barnett look fine in his U. S. A. uniform? He was dancin' mos' the night with Eloise F. at the Ball, Monday night!

Joyce Luckey, you certainly are wearing a sparklin' ring on your third finger—left hand. What does that mean? Engaged?

And Bryce Dorris is what we done heered a rumor? Or is it the lick? If so—you are engaged to an out-of-town studd? Correct?

Who was the lad in an army suit on 24th and Lake crying—"They lounced the gas—rubber and sugar so I can't give you anything but love, Baby."

We wonder if there will ever be anymore romancing between Gladys Taylor and—don't get excited—Thomas Scott—Scott's a fine fellow.

The Duke has been here—The Father and no wit's time for Count Basie—who will be here June 14th and Dreamland.

Haji Jitterbugs! Hell Walters! At the Green Lantern Gardens there will be a contest for Jitterbugs

Something old—something new—Something borrowed and something blue.

And Sunday pretty Leona Edwards and handsome Theosar Stone will become Mr. and Mrs. May happiness follow you both.

Sunday there was quite a wild-goose chase. Cappell Curtis, Stomp and a number of other studds and chics had a picnic—"Caps" car couldn't find out which park the other car was at—so they went to every park in Omaha except one—the one they didn't go to was the one the picnic was at. Ha, ha, ha.—so Friday they are giving another one.

We three—Gene H. his girl friend and Mac.

Willie Calhoun from Pawnee City was here visiting his cousins, Charlotte Lawson and others. He drove a fine station wagon around.

Until Uncle Sam sends some more

In the picture above is shown just a few of the many useful and ornamental cement pieces originated and made by Mr. D. L. Morrow, 2925 Grant Street, corner of 30th Street.

The history of this work is the success story of a man, without a job, who simply made a job for himself and a well-paying business as well. Mr. Morrow started, in a small way, a little over a year ago, and now he has a large trade in all kinds of cement pieces including

Stepping Stones; Bird Baths; Patriotic Pieces; Monuments; Fence and Clothes Posts; Electric Crosses (for Churches); and many other kinds of ornaments.

Last year Mr. Morrow sent a beautiful gift to the President and Mrs. Roosevelt, which Mrs. Roosevelt graciously acknowledged, and the World Herald commented upon.

A wonderful meeting was held. Business was discussed and plans were made by the Club to sponsor A Womanless Wedding on Thursday night, June 25th at the Church. Tickets will sell for 10 cts. The club adjourned to meet Tuesday night, June 16th at the home of Mrs. Ruby Roundtree 2320 North 27th St. The President urges every one to be present.

Sandwiches and punch an deake made by Mrs. Shrago were served to each and everyone. Mr. Jessie Dill was master of ceremonies. The refreshments were served by Mrs. Bertha Gibbons, Mrs. Lucille Bury, Mrs. Virginia Nichols and Mrs. Leola White. A nice time was had by all.

TOWNSEND CLUB NO. 11

Our Townsend Club met at the Urban League Center 2213 Lake St., Monday night 8 o'clock as usual with a large number present with such beautiful weather. We of course expected a much larger attendance than we had. The Townsend organization is really going places and doing things now. We have the whole United States Congress pension intended. We need more pressure they are more favorable toward our Bill, now than ever before and we feel sure that our bill House #611 will pass during this Congress. We still have our Drive on for more members and more clubs. We are very anxious to get our people better acquainted with the Townsend Plan and its objective. On Monday night, June 15 we are having a Social gathering.

The public is invited to be with us. Refreshments served free. We will have some very noted speakers who will explain the Townsend Plan. We have more than ten thousand clubs throughout the United States and millions of members, but we still need more. The Townsend plan would levy a two percent tax on all gross incomes in excess of three thousand dollars annually. Distributing this revenue monthly on a pro-rata basis among the 11 million citizens past 60 and obligating pensioners to spend this income within 30 days of its receipt. I will be looking for you on Monday night, June 15th and every Monday night thereafter at 8 o'clock.

L. W. McDonald, President, J. W. Dacus, First Vice President, Marley Westbrook, Second Vice President, Mrs. B. B. Hawkins Treas. Mrs. Edith Harrison Secretary.

PURPLE CROSS

The Purple Cross Nurse's Unit are having a tea which will be Sunday June 14th. The hours are from 4 to 8 p. m. at the Elks Hall. Admission is 16 cents.

Lola Jackson, President, Margaret Harrold, Reporter.

RALPH BATES MARCHING CLUB

The members of the Men's Marching Club were called in for a special meeting. Financial matters were discussed. After business was over, our president invited the girls' marching club in. They are

going places and doing things daily with Mr. Joe Brown, Mr. Wheatley, Mr. Richardson and the fine crew of waters and the Waldorf-Astoria chef, Mr. Reno and his crew of congenial cooks and kitchen force—they all are taking very good care of the membership and their friends.

Now let's give them a big hand.

The Omaha GUIDE has all the news as the office force is on the job to get it and they know how to write it. When to write it and what to write about. Are you a subscriber—if not, why not?

What about Boystown? It would be very nice if one thousand of our group would give one dinner to help and it would show our appreciation. No color-line there.

We all extend our sympathy to the family of Mr. Bert Moore who died on June 4th. He was one of the jolly good fellows of the old school. And all we can say, "Sleep on in that blessed sleep from which none ever wakes to weep."

FLASH! The 4C Club will have a real fine smoker very soon for the members and friends. Why not join and take out some shares in the Credit Union as they are very much in need of your membership, as our group should build up a building and loan concern on the north-side.

The NAACP should have one thousand members in Omaha. Have you taken a membership yet?—If not—how soon will it be? As united we

We notice Captain Langley one of the veteran roost beef knights, is in the running at all times.

Brother John Evans is on the firing line with his rapid service—and how!

We would like very much to see Mr. Redd of the Fontenelle Hotel as he is one of the top men in his profession for he obtained his experience in the east where modern hotel service originated, and Mr. Underwood can be seen very often at the Northside Bowling alley limbering up.

The Railroad boys are out in front and the streamlined trains are giving airplane service as they are all on fast speeding service and the employees really move too and when in town they are found in North Omaha's Harlem, 24th and Lake St., day and night.

We would like very much to see the Race-horse headwaiter as we are quite sure he has enough winners in his book to fill two pages, and when we meet him at the Ak-Sar-Ben race track we will make another try at the daily double, and all of the Paxton boys are on the up and go quick modern service.

The Athletic Club headwaiter Mr. Lee and his assistant Mr. Sones are

## 24 HOURS A DAY - 7 DAYS A WEEK IS OLD STUFF TO US!

We cheered, too, when the Government called on industry to work twenty-four hours a day, seven days a week, until this war is won.

But continuous production is nothing new to the electric industry. We've always worked that way. That's one big reason why we were prepared to power the factories that are filling the sky with planes, the earth with tanks, and the sea with ships.

Production schedules that stagger the world are possible only because America is so powerful. America has far more electric power than all the Axis countries combined. And today's power is quickly available at almost any point of need.

These things have been accomplished because America's electric companies have been built and operated the American way — by good business management.
