tures remain dull and stained — why they suffer with offending denture breath. They fail to realize that water alone is not a cleansing agent — but now, there's a great formula perfected by a dentist, called Stera-Kleen that thoroughly cleans false teeth like magic—no brushing! Simply put a little Stera-Kleen Powder in a glass of water—soak your teeth — now they sparkle, are really clean and look like the day your dentist said.

"Don't they look natural?" Try Stera-Kleen — lasts long — costs only 30g. At all druggists.

Some products may be harmful to delicate tissues. But not Lydia E. Pinkham's Sanative Wash! Pinkham's Sanative Wash is gaining great favor among women because it's NOT a harmful germicide. Instead — it's a mighty effective "bacteriostatic" (the modern trend). It not only discourages bacterial growth and infection but thoroughly cleanses and deodorizes. Very soothing — relieves minor irritations and discharge and has a tonic effect on delicate membranes. Inexpensive! Get your bottle of Lydia Pinkham's Sanative Wash today.
